ON COMMERCE AND NAVIGATION.

The following report of the Committee on Commerce and Navigation was received and, without being read, ordered printed in the Journal:

ASSEMBLY CHAMBER, SACRAMENTO, February 6, 1907.

Mr. Speaker and Members of the Assembly of the State of California.

Your Committee on Commerce and Navigation beg leave to report that said committee, pursuant to your resolution authorizing it to visit the harbor of San Francisco for the purpose of making investigation in relation to Assembly Bills No. 91 and No 265, met in the rooms of the Board of Harbor Commissioners in San Francisco, on Friday, February first, at two o'clock P. M. There were present Messrs Cullen (Chairman), Frattessa, Kohlman, Thompson, Toomey, and Wilson. Messrs Chas H. Spear and John D Macckenzie of the Honorable Board of State Harbor Commissioners, together with W. H.

Davis, Esq., and Lott D. Norton, Esq., respectively attorney and chief engineer of said board, met with your committee. A thorough investigation was made as to the true location of the boundary line on East Street, between Washington and Jackson streets, which required a study of numerous maps in the possession of the State Board of Harbor Commissioners and an inspection of the property in question. W. Wood, Esq., appeared for the property owners on East Street and stated that the purpose of Assembly Bill No. 265 was to empower the State board to quitclaim all interest of the State in the property bounded by Washington, Drumm, Jackson, and East streets for and in consideration of a deed to a strip of land ten feet in width on the west side of East Street for the purpose of widening the sidewalk on said street, which said strip had been for many years previous to the fire of April, 1906, occupied by buildings. The property owners contend that the case of *Burr vs. Dana*, reported in 22 Cal. 1, established beyond question their title in fee to the property in question and as a matter of fact the State has no interest in the property which it is asked to quitclaim. An examination of this case together with the Act of March 26, 1851, known as the Water Lot Act, in which the Government reservation covering this land was expressly excepted (though confirming existing leases of property in said reservation executed by the United States) does not warrant your committee without the production of the original documents or an abstract showing the chain of title, to direct and empower the State board to make the transfer requested. Your committee thinks that it is a matter that might properly be referred to the Attorney-General of the State. If the State has no interest in the property it would be an idle act to quitclaim. If it has an interest, that interest should be protected. Your committee, therefore, recommends that Assembly Bill No. 265 do not pass in its present form. Your committee can see, however, an advantage in establishing the line of East Street, between Washington and Jackson streets, but feel that the present bill is not in the form that your committee deems advisable to approve.

Your committee investigated the conditions of the amateur aquatic organizations which ask the passage of Assembly Bill No. 91, and believe that the Board of State Harbor Commissioners should be given discretionary powers to assign these organizations spaces on the water front for definite periods.

Your committee was waited on by Mr. James McNab and Captains Tibbetts and Madsen, members of the citizens' committee, who discussed the needs of the harbor and furnished your committee with reports and much valuable information.

The special committee presented a strong report favoring an appropriation of \$600,000 for harbor improvements.

Your committee spent Saturday in inspecting the wharves and buildings along the water front.

REPORTS OF STANDING COMMITTEES—(RESUMED).

ON REVISION AND REFORM OF LAWS.

Supplemental Report on Code Revision Bills on Third-Reading File.

SACRAMENTO, February 7, 1907.

To the Assembly.

GENTLEMEN: Your Committee on Revision and Reform of Laws, to which was referred for consideration the code revision bills, begs leave to file a supplemental report with reference to those already reported, and states the changes and reasons for the changes of the respective bills, as follows:

Assembly Bill No. 291. Section 2104, C. C. P.

This section is repealed because there have heretofore been two sections covering the same subject which were somewhat conflicting, and the two sections have been amalgamated into Section 573, which is the subject of Senate Bill No. 321.

Assembly Bill No. 178. Section 1349, C. C. P.

The words "who must appear and qualify" toward the end of the section, are omitted, and in their place are inserted "unless they or either of them have renounced their rights to letters, and if no." The following words have been added at the end thereof: "In the order, the court must ascertain and determine whether said estate is worth more or less than ten thousand dollars, which determination is conclusive for the purpose of giving notice to creditors but for no other purpose." The object of this last amendment is to require the court to find the value of the estate in so far as it is necessary for the purpose of fixing the time for which notice to creditors must be given.

Section 1350, C. C. P.

The final clause respecting the renouncement by executors was omitted and the matter provided for in new Section 1350a.

Section 1850a, C. C. P.

See note to Section 1350.

Section 1351, C. C. P.

The words "estate or," in line 3 of section, on page 2, of the printed bill, are inserted before "will," the reason being self-evident.

Assembly Bill No. 384. Section 384, Civil Code.

There are two sections in the Civil Code containing identical language, one being 384, and the other 404; 384 is not in the proper place, and 404 is. Sec. 384 is therefore, repealed, leaving Sec. 404 intact, and a proviso is added in the repealing Act, so that any rights acquired under Sec. 384 shall not be lost, but shall be continued in force under the provisions of Sec. 404.

Assembly Bill No. 179. Section 1839, C. C. P.

The amendment inserts after the word "testator" the following: "or to have been destroyed by him when he was not of sound and disposing mind."

Assembly Bill No. 180. Section 1871, C. C. P.

The amendment consists in omitting after the word "petition," on line 11, page 1, of the printed bill, the words: "and are afterwards proved in the course of administration," because no means are provided for ascertaining what subsequent proofs are made, and the words omitted add nothing but doubt to the section.

Section 1379, C. C. P.

The amendment consists in adding after the word "entitled," on line 5 of the section, page 2 of the printed bill, the following: "or to a person who would be entitled if a resident of the State." This amendment avoids the narrow construction put upon the section by the Supreme Court and, it is believed, expresses the real intent of the Legislature.

Section 1383, C. C. P.

The amendment to this section is made by inserting after the word "them," in the section, the words "whether the person so requesting is a resident or non-resident of the State."

Assembly Bill No. 181. Section 1323, C. C. P.

The words "of a regular term" are omitted, because there are no terms of court.

Section 1329, C. C. P.

The amendment strikes out the words "personal service of the citation having been made upon any" and inserts in lieu thereof "proof having been made of service of the citation upon all of the," lines 4 and 5, page 2, of the printed bill.

Assembly Bill No. 182. Section 1325, C. C. P.

The words "clerk of the court" are substituted for "court or judge," in line 7, page 1, of the printed bill, making the section correspond to the practice set forth in Section 1303 of the Code of Civil Procedure.

Assembly Bill No. 183. Section 1390, C. C. P.

The word "legatees" is inserted in line 7, page 1 of the printed bill. Inasmuch as the devisees are already named in the statute, there is no question but that the word "legatees" was omitted through oversight.

Assembly Bill No. 184. Section 1269, C. C. P.

The word "possessed" has been substituted for the word "seized," line 16, page 2 of the printed bill.

The words "claimant and possessor" have been substituted for the word "person" at the beginning of line 22, page 2, of the printed bill.

The words "prior to the expiration of such time" are inserted on lines 28 and 29, page 2, of the printed bill.

The desirability of these changes is manifest. They require the summons, when an estate is claimed to have escheated, to be directed to the claimant and to the occupant, and make the publication sufficient if for one month *prior to the hearing*.

Section 1270, C. C. P.

The words "of such estate or any part thereof," after the word "charge," on line 37, page 2, of the printed bill, are added, it being evident that if a receiver is to take charge the relief should be complete and he should not be confined simply to the right to receive rents.

Section 1271, C. C. P.

The words "is the owner of the property" are substituted for the words "be seized," line 47, page 2, of printed bill. The word "property" is substituted for the words "land and tenements," line 53, page 3 printed bill. The words "is the owner and entitled to the possession thereof" are inserted in place of the words "be seized thereof," lines 55 and 56, page 3, of the printed bill.

The words "who have appeared and answered" are inserted after the word "defendants," on line 57 page 3, of the printed bill, in order to compel the dismissal of such defendants as have not appeared and answered.

The words "property, unless it consists of money" are substituted for the words "real property," in order to include all kinds of property, real, personal and mixed, except money, on lines 60 and 61, page 3, of printed bill.

The word "or" is substituted for the word "and," on line 68, page 3, of printed bill, to correct an evident mistake.

The words "of ten per cent" after the word "offer," on line 73 of the printed bill, are stricken out, thus re-opening the bidding and preventing the necessary escheating to the State if any amount in excess is bid.

Section 1272, C. C. P.

Omits the words "married woman" * * * "or persons beyond the limits of the United States," from the saving clause, there being now no disabilities with reference to said persons.

WYATT, Chairman.

That a new section be added to the charter, to be known as section one hundred forty-six and one half, and to read as follows:

Sec. 146½. The Board of Public Works shall have power to acquire and take by purchase condemnation or otherwise, in the name of the city, any and all property that may be necessary or convenient for the construction or completion of any public work or improvement, the construction or completion of which the Board of Public Works has charge, superintendence or control, and the cost of which is to be paid from the proceeds of bonds issued and sold by said city.

That section one hundred and forty eight of the charter be amended to read as follows:

Sec. 148. All contracts for the performance or furnishing of labor, material or supplies, required for the execution of any service of which the Board of Public Works has charge, superintendence or control, or for the construction or completion of any work or improvement of the construction or completion of which said board has charge, superintendence or control, except public work or improvements, the cost or expenses of which are to be paid by assessment upon property in proportion to frontage or benefits and except as hereinafter provided, shall be let and entered into in behalf of the city by the board in the following manner:

Every such contract shall first be authorized by resolution passed by a vote of two thirds of the members of the whole council. The board shall, except in cases of urgent necessity, as hereinafter provided, upon the passage of the resolution authorizing such contract, cause a notice to be posted conspicuously in its office and published one or more times in a newspaper of general circulation printed and published in the City of Los Angeles, inviting sealed bids for the performance or furnishing of the labor, service, materials or supplies required. Said notice shall require the bids to be filed with the board at or before a certain hour of a day to be specified in the notice, and shall contain a general description of the work, service materials or supplies to be performed or furnished, and the amount of the bond to be given for the faithful performance of the contract, and shall refer to plans and specifications on file in the office of the board for full details and description of said work, service, materials or supplies.

Said notice shall require each bid to be accompanied by a check certified by a responsible bank, payable to the order of the president of the board for an amount not less than five per cent. of the aggregate sum of the bid, or by a satisfactory bond for the said amount and so payable, as a guarantee that the bidder will enter into the proposed contract if the same is awarded to him, and the form and manner of making bids may, in all other respects, be prescribed in said notice, and no bid shall be considered unless the same is accompanied by said check or bond and is made in the prescribed form and manner. On the day and at the hour specified in the notice inviting bids the board shall meet and in open session examine and publicly declare the bids received. The board shall award the contract to the lowest regular, responsible bidder, or shall reject all bids. The board shall reject the bid of any party who has been delinquent or unfaithful in the performance of any former contract with the city, and shall reject all bids other than that of the lowest regular, responsible bidder. Upon rejecting any bids the board shall return to the proper parties the checks accompanying the rejected bids. The check accompanying the accepted bid shall be held by the secretary of the board until the contract for performing the work or service or furnishing the materials or supplies proposed to be done or furnished has been entered into. If the successful bidder fails to enter into the contract, or to execute the bond required for the faithful performance thereof, within ten days after the same is awarded to him, then the certified check accompanying his bid shall be presented for payment and collected, and the amount thereof paid into the general funds of the city. Every contract entered into by the board shall first be approved as to form by the City Attorney, and shall contain detailed specifications and plans of the work or service to be done, the manner in which it is to be performed, and the quantity and kind of materials or supplies to be used or furnished, or shall refer to such specifications and plans on file in the office of the board. Said contract shall be signed on behalf of the city by the presi-

dent or by two of the members of the board and by the other contracting party. The contractor shall enter into and deliver to the secretary of the board a bond, in the sum named in the notice inviting bids, conditioned for the faithful performance of the contract and executed by the contractor and by a responsible surety company or by two or more sufficient sureties approved by the board.

When any repairs, alterations, work or improvement shall be deemed of urgent necessity by the board, a contract for the performance or furnishing of the labor, materials or supplies required therefor may be made by the board in behalf of the city, in writing or otherwise, without advertising for or inviting bids, *provided*, that if the contract for the furnishing of the labor, materials or supplies so required involves an expenditure of more than \$500, the resolution of the council authorizing the same, shall, before it takes effect, be approved by the Mayor; *provided, however*, that authorization or approval by the council or the Mayor shall not be required in the case of any contract proposed to be made by the board, after advertisement for and inviting bids, as above provided, for the performance or furnishing of labor, materials or supplies required for the construction or completion of any work or improvement, of the construction or completion of which the said board has charge, superintendence or control, and the cost of which is to be paid from the proceeds of bonds issued and sold by the city; *and provided, further*, that authorization or approval by the council or Mayor, or advertisement for or inviting bids shall not be required in the case of any contract proposed to be made by the board for the performance or furnishing of labor, materials or supplies required as aforesaid, when such contract does not involve an expenditure of more than five hundred dollars.

That a new section be added to the charter, to be known as section one hundred and fifty, and to read as follows:

Sec 150 The Board of Public Works shall present to the City Council at its meeting in the second week of December in each year, a report for the year ending on the thirtieth day of November next preceding, which shall show the amount of money received from the sale of bonds, the purposes for which such money has been expended, the amount so expended, and the balance on hand in each bond fund, and also, such information and suggestions as it may deem of general interest; and the Board of Public Works shall also, on or before the tenth day of each month make out and present to the City Council a similar statement of all expenditures during the preceding month of the moneys derived from the sale of bonds.

That a new section be added to the charter, to be known as Section 151, to read as follows:

Sec. 151 When the construction or completion of any public work or improvement, the cost of which is to be paid out of the proceeds of the sale of bonds, is to be carried on outside the City of Los Angeles, and the Board of Public Works shall deem it necessary or convenient that any part of the money to be expended for the cost of such work or improvements shall be disbursed at any point or points outside said city, said board may appoint a disbursing agent, whose duty it shall be to disburse such money, in the manner hereinafter specified. The said disbursing agent shall enter into and deliver to the said board a bond payable to the city, in a sum to be fixed by said board, conditioned for the faithful performance of his duties, executed by himself, and by a responsible surety company, or if required by the board, by two or more sufficient sureties approved by the board, and said board may, from time to time, require from said disbursing agent, a new bond, or such additional bond as it may deem proper. Said board shall, after the execution and delivery of such bond, by resolution, authorize the payment and delivery to said disbursing agent of such sum of money as it may deem proper, and said sum shall thereupon be paid to said disbursing agent by the City Treasurer upon a demand approved by the board as in other cases out of the fund from which the cost of said work or improvement is to be paid, and the receipt of said disbursing agent therefor shall release the City Treasurer from all liability for the money so paid, *provided, however*, that said board shall not authorize the payment to said disbursing agent of any money which, together with the moneys already paid to him and remaining unexpended as herein provided, shall exceed fifty per cent of the amount of the bond of said disbursing agent.

That said disbursing agent shall thereafter pay out said money as may be required in the prosecution of said work for services or for material and supplies, but no money shall be paid by him except upon order of said Board of Public Works and upon vouchers or demands certified to be correct by the officer or agent of the city under whose direction the services are rendered or the materials or supplies used.

Said disbursing agent shall, on or before the tenth day of each calendar month, and at such other times as may be required by said Board of Public Works, render to said board an account showing the amount of money in his hands on the first day of the preceding calendar month, all amounts received, and all moneys disbursed by him during said preceding month, and the amount of money remaining in his hands on the last day of said preceding month.

Said disbursing agent shall perform such other duties and comply with such rules and regulations as the Board of Public Works may prescribe. Said agent shall be exempt from the provisions of the civil service, and shall receive such salary as the council by ordinance may fix.

That section two hundred and nine of the charter, be amended to read as follows:

Sec. 209. Said demands, except demands payable out of the School Fund, the Library Fund, Water Revenue Fund or funds derived from the sale of bonds issued by the City of Los Angeles, shall be presented to the council on forms and blanks to be provided by the City Clerk, and shall be referred to its Committee on Finance. The said committee shall, by endorsement thereon, approve or reject the same in whole or in part. The council shall then consider the said demands and the action of said committee thereon, and shall, if the same be just and legal, approve the same; or may, if it so determine, approve in part or reject the whole. The action of the council shall be endorsed thereon, with the date of such action, and certified by the signature of the President and City Clerk; *provided*, that it shall require the votes of two-thirds of the members of the whole council, under a call of the ayes and noes, and the vote spread upon the minutes, to approve any such demand in whole or in part.

That a new section be added to the charter, to be known as section two hundred thirteen and three-quarters, and to read as follows:

Sec. 213¾. All demands payable out of funds derived from the sale of bonds issued by the City of Los Angeles to pay the cost of constructing or completing any public work, improvement or building must be presented to the Board of Public Works, and, before they can be approved by the City Auditor or paid, must be previously approved by the Board of Public Works, by a vote of two members thereof, taken by the ayes and noes, spread upon the minutes of the board, and the action of said board must be endorsed on said demand by the president and secretary thereof, or in the absence of the president, by two members and the secretary thereof. After the approval of said demands by the Board of Public Works, they shall be delivered to the City Auditor, who shall have the same power and perform the same duties in reference to demands payable out of funds derived from the sale of bonds, as are prescribed for other demands; *provided*, that in case the City Auditor shall reject any of such demands, or if, in his opinion, said demands should be paid only in part, he shall return the same to the Board of Public Works, instead of to the council.

That section two hundred fourteen of the charter be amended to read as follows:

Sec. 214. Any demand returned to the City Clerk, with the objections of either the Mayor or City Auditor, shall again be considered by the council, and if it shall again be approved by the council by the same vote taken and recorded and endorsed in the same manner as required by Section 209 hereof, the said objection shall be thereby overruled. Any demand returned to the Board of Education, the Board of Directors of the Los Angeles Public Library, the Board of Public Works, or the Board of Water Commissioners, with the objections of the Auditor, shall again be considered by such board, and if such demand be again approved, as required in the first instance, such objections of the said Auditor shall be thereby overruled. Any demand, the objections to which of the Mayor have been overruled, shall be delivered to the City Auditor, who shall have the same power and perform the same duties in reference thereto as if the same had been approved by the Mayor. Any demand the objection to which of the City Auditor has been overruled by the council, the Board of Education, the Board of Directors of the Los Angeles Public Library, the Board of Public Works, or the Board of Water Commissioners, as the case may be, shall be delivered to the City Auditor, who shall number and make a record of such demand, as in the case of demands approved by him.

Sec. 222. No suit shall be brought on any claim for money or damages against the City of Los Angeles, its Board of Education, Board of Directors of the Los Angeles Public Library, Board of Public Works, or the Board of Water Commissioners, until a demand for the same has been presented, as herein provided, and rejected in whole or in part. If rejected in part, suit may be brought to recover the whole. Nor shall any suit be brought against said city, or said Board of Education, Board of Directors of the Los Angeles Public Library, Board of Public Works, or Board of Water Commissioners, upon any claim or demand that has been in whole approved and audited as provided herein; *provided*, that nothing herein contained shall be construed so as to deprive the holder of any demand of his right to resort to a writ of mandamus or other proceedings against the City Council, or any board or officer of said city, to compel it or him to act upon such claim or demand or to pay the same when so audited.

MESSAGES FROM THE GOVERNOR.

EXECUTIVE DEPARTMENT, SACRAMENTO, CALIFORNIA.

To the Assembly of the State of California

GENTLEMEN: Bills have been introduced in both the Senate and Assembly to create a department, to be known as the Department of Engineering. The purpose is to have the engineering, building, and construction work of the State placed directly under the charge of one department, instead of having it left with several commissions. By doing so, better results can be accomplished at a less cost to the State. The engineering work of the State at present is performed by the Department of Highways, Board of Public Works, Débris Commission, and San Francisco Harbor Board. The monthly salaries of the Department of Highways is \$515 00; of the Board of Public Works, \$800 00; of the Débris Commission, \$75 00, and the San Francisco Harbor Board, \$550 00. The several amounts do not include field assistants.

The total salaries of the engineering department of the State amount to the sum of \$2,130 per month.

Besides this amount there is expended by the State for architectural fees and outside engineering about \$20,000 per annum. Thus there is expended for this branch of the State service, in salaries and fees, the sum of \$45,690 per annum, and this amount will steadily increase.

Under modern methods of construction, the sciences of engineering and architecture are so allied that they can well be, and they should be, under one departmental head.

The making of all plans for public work, at least so far as the same affects our State institutions, numbering twenty or more, the improvement of our rivers and harbors, the construction of highways and bridges, should be under one department. This department should not only prepare all plans, but with the advice and approval of an advisory

board, should make all estimates, let all contracts, and supervise all work for which contracts are let. By doing this there would not only be a large saving in salaries and architectural fees, but a very large saving in the cost of the work to be performed, with the assurance that better work would be done.

There would also be kept in one office all plans of buildings, all contracts let, and all the reports of engineers and architects affecting public work, and in doing so a proper check can better be kept of all work coming under its supervision. While, as stated before, there would be a large saving to the State in the way of salaries and fees, it is also unquestionably true that placing all this engineering and architectural work under one efficient responsible head will result in saving many thousand dollars annually by insuring a strict compliance with the terms of all public contracts.

At the present time much of the work done at our public institutions is accepted by the board or commission having control of the same. From the fact that those men are unskilled and unfamiliar with engineering or architectural affairs, it necessarily follows that they are likely to be misled and deceived as to the kind and character of the work performed.

The recent earthquake has exposed in a striking manner the inadequacy of our present system—much of the loss suffered by the State by the total or partial destruction of some of its institutions is directly traceable to defective work done in the construction thereof. Had there been a responsible head, skilled in such work, whose duty compelled him to honestly determine the kind and character of the work done, much of this loss would have been avoided and many lives saved.

These institutions are about to be repaired or reconstructed, and it is a duty incumbent upon us to see that former mistakes are avoided. The bills referred to provide a scheme which in a large degree removes the possibility of a repetition of our former mistakes.

The establishment of a Department of Engineering, as provided in said bills, commends itself favorably to me.

I feel confident that better results can be obtained for the State, and large sums of money saved to the taxpayers. I commend the said bills to your most careful consideration, trusting that you will take such action thereon as to your judgment appears to be for the best interests of the business of the State.

Should this measure creating the Department of Engineering meet your approval I would commend to your favorable consideration the bill introduced amending Section 2521 of the Political Code. The purpose of this amendment is to place the Engineer of the Board of Harbor Commissioners of San Francisco under the control of the Department of Engineering.

I would further commend to your favorable consideration the bill amending "An Act to regulate contracts on behalf of the State, in relation to erections and buildings." The object to be attained by this amendment is to harmonize this measure with the Act establishing a Department of Engineering. I desire, however, to particularly direct your attention to the amendment proposed in Section 3 of the above Act. Under the present law it is provided that all contracts must be let in seven subdivisions. Bids must be received and contracts let for the work embraced in each subdivision. The reception or acceptance of bids for the performance of the entire work is prohibited. Under these circumstances, the State is most seriously handicapped. It is undoubtedly true that in many instances the State, if permitted, would receive bids for the entire work which would be less than the aggregate of the separate bids. This being so, it is unwise and unfair to the State to prescribe a method of bidding which may and oftentimes does prevent the State from obtaining the best terms upon public contracts.

As our duty is primarily to the State of California, and not to the contractors, I would suggest that the amendment embraced in Section 3 of the above Act be adopted. It will permit the advisory board of the Department of Engineering to submit all bids in an alternative form, and places it within their power to adopt the one that will result in the greatest benefit and saving to the people of the State of California.

J. N. GILLET.

Governor of the State of California.

PASO ROBLES, January 26, 1907.

To Warren M. John, Member of the Assembly.

The Sunday closing law which is now being agitated in this State, and upon which measure your honorable body will no doubt be asked to act, will, if passed, be a great drawback and detriment to all classes of business, as well as to the country at large, in this portion of the State; especially so, owing to the fact that the surrounding country is occupied by farmers, many of whom are by their work compelled to do their trading and transact their business on Sunday.

We, the undersigned citizens and voters of the County of San Luis Obispo, State of California, therefore most earnestly and respectfully request your honorable body to refuse the passage of a Sunday law in this State.

Very respectfully submitted.

CHARTER AMENDMENT NO. 1 TO THE CHARTER OF THE CITY OF EUREKA.

Article III, Section 43½, The Initiative.

The basis of the percentage hereinafter provided for any petition shall be the total number of voters registered in the city at the last preceding general election prior to the filing of said petition; and all voters registered at said general election or thereafter shall be qualified to sign the petition herein provided for.

Upon presentation to the city council of a petition or petitions signed by qualified electors of the city, in number equal to 10 per cent of said registration, asking for submission to the electors of a measure fully set forth in said petition or petitions, being a measure that the city council might itself adopt, it must either enact such measure without alteration, or submit the same to the electorate at the next regular city election occurring subsequent to sixty days after the filing of said petition or petitions. But if such petition or petitions are signed by qualified electors in number equal to 20 per cent of said registration, then such measure, if not so enacted by the city council must be submitted to the electorate at a special election to be called within sixty days from the filing of such petition or petitions.

If such proposed measure is a measure that the city council might adopt, except for the fact that it involves the repeal or amendment of a measure adopted by the electorate, as herein provided, and if in such case said petition or petitions are signed by qualified electors in number equal to 25 per cent of said registration, then such proposed measure must be submitted to the electors of the city at the next regular city election occurring subsequent to sixty days after the filing of said petition or petitions.

The method of signing and presenting petitions provided for herein shall be as follows: The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number.

Each such paper shall have attached thereto the affidavit of a registered voter of the city, stating that all the signatures to the paper were made in his presence, and that to the best of his knowledge and belief each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Within twenty days from the date of filing such petition in his office the city clerk shall examine and from the great register ascertain whether or not said petition is signed by the requisite number of qualified electors, and if necessary, the city council shall allow him extra help for the purpose, and he shall attach to said petition his certificate, showing the result of said examination. Each signature whose genuineness is not called in question by the sworn affidavit of the owner thereof shall be assumed to be genuine. If by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within twenty days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same, without prejudice however, to the filing of a new petition to the same effect. If the petition shall be found sufficient, the clerk shall submit the same to the city council without delay.

Any number of proposed measures may be voted upon at the same election in accordance with the provisions of this section; *provided*, that there shall not be held under this section more than one special election in any period of six months. Whenever any measure is required or authorized by this charter to be submitted to the electors of the city, at any election, the city clerk shall cause the measure to be printed, and he shall inclose a printed copy thereof in an envelope and shall mail the same to each voter, at least ten days prior to the election, but the city council may order such measure to be printed in the official newspaper of the city, and published in a like manner as ordinances adopted by the city council are required to be published; and may order that such publication shall take the place of the printing and mailing of the measure, as first above provided.

CHARTER AMENDMENT NO. 2 TO THE CHARTER OF THE CITY OF EUREKA.

Article III. Section 43½, The Referendum.

Any measure that the city council or the electorate of the city, as herein provided, has authority to adopt, the city council may of its own motion submit to a vote of its constituent electors at a general or special election.

Except as herein provided, no penal ordinance or measure, no ordinance or measure granting any franchise or privilege, and no ordinance or measure making or authorizing any contract (except contracts for improvements, the expenses whereof are defrayed by special local assessments, and contracts where the subject matter involved is of less value than \$1000), passed by the city council, shall go into effect in less than thirty days after its final passage.

But ordinances and contracts declared by the city council to be necessary as emergency measures for the immediate preservation of the public peace, health or safety, passed by a three-fourths vote of the city council, and not obligating the city for a longer period of time than one year, may go into effect at the will of the city council or as otherwise provided by law.

If within said thirty days a petition or petitions signed by qualified electors of the city in number equal to 10 per cent of said registration, is filed with the city clerk, asking that any penal ordinance or measure, any ordinance or measure granting any franchise or privilege, or making or authorizing any contract (except contracts for improvements, the expenses whereof are defrayed by special local assessment, and contracts where the subject matter involved is of less value than \$1000), adopted by the city council, is submitted to the electorate, then such ordinance or measure must either be repealed or submitted to the electors for approval or rejection at the next regular city election occurring subsequent to sixty days after the filing of said petition or petitions, or at a special election called prior to such regular city election, and if such ordinance or measure has not gone into effect before the filing of such petition or petitions, and said petition or petitions are signed by qualified electors of the city, in number equal to 15 per cent of said registration, then such ordinance or measure shall not go into effect until and unless adopted at such election, and no ordinance or measure once so submitted shall be again so submitted, except by a vote of the city council, or a petition signed by 25 per cent of said registration.

Said petition or petitions shall be in all respects in accordance with the provisions of Section 43½, except as to the percentage of signers, and be examined and certified by the clerk in all respects as therein provided.

If a majority of votes cast on any ordinance or measure referred as provided in Sections 43½ or 43¾ herein, to the electors of the city, shall be in favor thereof, it shall, if not already in effect, go into effect as a valid and binding ordinance or measure of the city, ten days after the official count shall be determined, otherwise such ordinance or measure shall be repealed or rejected, such repeal shall take effect ten days after the official count shall be determined. No ordinance or measure approved by the electorate under the provisions of these sections shall be subject to veto, or be amended or repealed except by vote of the electorate or by legislative authority superior to that of the city council.

If the provisions of two or more measures approved and adopted at the same election, under the provisions of this charter, conflict, then the measure receiving the highest affirmative vote shall control.

Now therefore be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, a majority of all the members elected voting for and concurring herein, that said amendments to the charter of the City of Eureka, as proposed to and adopted and ratified by the qualified electors of said city, be and the same are hereby approved as a whole without amendment or alteration for and as amendments to, and as part of the charter of the said City of Eureka, aforesaid.

SPECIAL ORDER SET.

On motion of Mr. Transue, the further consideration of Assembly Bill No. 478 was made a special order for two o'clock P. M. of Monday, February 11, 1907.

On motion of Mr. Transue, an itemized statement of the account of Frank Higgins was ordered printed in the Journal.

STATEMENT OF SERVICES PERFORMED BY FRANK HIGGINS

In the Matter of the Extradition of
GEORGE D. COLLINS.

Statement of services performed by Frank Higgins, barrister at law and solicitor of British Columbia and the Dominion of Canada, who acted as counselor and attorney for the State of California in British Columbia on the extradition from British Columbia of George D. Collins, a fugitive from justice, from the State of California.

JULY 10, 1905.—*Item*—To consultation and advice given to J. M. Langley, Chief of Police of Victoria.

Remarks—Chief Langley received a telegram from the Chief of Police of San Francisco instructing him to arrest George D. Collins for bigamy, and to have him extradited to California. He consulted me and requested advice as to steps necessary to be taken to extradite Collins. I thoroughly looked into the extradition treaty between the United States and Great Britain, and authorities of the United States Federal Courts and International Law.

JULY 11.—*Item*—To preparing and rendering opinion to Chief Langley in the premises.

Remarks—This opinion was to the effect that Collins could not be extradited for bigamy under the treaty, but I advised the said Chief Langley to advise the authorities in California of my opinion to this effect. I also advised Chief Langley that probably Collins had committed perjury in the proceedings which were then pending in California, having read about the case in the newspapers; and I advised said Langley to notify the California authorities to proceed to extradite Collins for perjury. In the preparation of this opinion I was compelled, as much haste was required, to call to my assistance attorneys of Victoria to aid me in my research of authorities and we were engaged in this work the greater part of the night of the 11th of July. I also advised Chief Langley to interview the attorney-general of British Columbia on the matter.

JULY 12.—*Item*—To consultations and advice given to Chief Langley throughout this day.

Remarks—Advised Chief Langley to notify the district attorney of San Francisco that I had been retained on his behalf. Was shown telegrams by Chief Langley from the chief of police of San Francisco that my advice had been acted upon and that Collins had been indicted for perjury. Was also shown telegrams from the district attorney of San Francisco and Judge Lawlor of the superior court instructing Chief Langley to arrest and hold Collins for extradition, and that Collins had committed perjury under Section 118 of the Penal Code of California. I thereupon looked up the law of California as to perjury, and at night, with my office staff, prepared information and warrant under the treaty, and attended with Chief Langley at Judge Lampman's residence at 10 30 p. m. on account of the contemplated flight of Collins from Victoria, when the judge took the complaint and issued a warrant for Collins' arrest. After obtaining the warrant I was some time engaged in instructing Chief Langley how to proceed to arrest Collins, as, under the treaty, the arrest of a fugitive from justice on a warrant issued in a foreign jurisdiction is a very technical proceeding.

JULY 13.—*Item*—To attending court as counsel for the State of California, before Judge Lampman.

Remarks—Immediately upon opening the case I applied for an adjournment to permit depositions to arrive from California. Collins opposed the adjournment on the ground that he was not George D. Collins and strenuously denied his identity.

and moved for a dismissal of the proceedings. I vigorously opposed Collins' motion, and the argument lasted all day. After court adjourned, it was necessary for me to subpoena as witnesses a detective and two newspaper reporters to whom Collins had admitted his identity, and hearing that a newspaperman from San Francisco, who knew Collins, was in Victoria, I instituted thorough inquiries throughout the city as to his whereabouts, but was unable to find him.

JULY 14.—Item—To attendance in court and arguing the case all day on the motion made by Collins to dismiss the proceedings.

Remarks—The 14th and 15th were taken up by Collins' arguments on technical grounds, and it required much care and strenuous effort upon my part to defeat his motion.

JULY 15.—Item—To attendance in court and further argument on motion to dismiss proceedings.

JULY 14 and 15.—Item—Night—To consultations and advice with Chief Langley. To preparing telegrams to Judge Lawlor at San Francisco, calling on him for further details of Collins' crime.

Remarks—It was necessary to obtain further information, as the information given by the officials of San Francisco as to the commission of the crime was not full enough.

JULY 16.—Item—Sunday—To consultation and advice given to Chief Langley.

Remarks—This consultation and advice was necessary owing to the receipt of a telegram from Judge Lawlor giving fuller particulars of the crime. It became necessary for me to look extensively into numerous authorities and the law bearing on the subject, as it was apparent that the perjury charge, being based on the falsity of a verified answer, made the case a most technical one. It was thereupon determined to amend the information and warrant.

JULY 17.—Item—To consultation with T. B. Gibson, state agent of California.

Remarks—On this day State Agent Gibson arrived in Victoria with the warrant from Governor Pardee, and depositions taken in San Francisco. I conferred with Gibson day and night and carefully perused the depositions and looked up authorities and thoroughly advised State Agent Gibson as to what must be done in the premises.

JULY 18.—Item—To consultation with State Agent Gibson. **Night**—To planning conduct of case. To consultation with Father La Terme.

Remarks—On this day I consulted with State Agent Gibson all day and at night outlined the plan of conducting the case and went fully into the evidence and validity of the warrant and indictment, etc., etc. It was necessary to have the marriage record in Latin translated into English.

JULY 19.—Item—To attendance in court. To consultation with State Agent Gibson.

Remarks—On this day I amended information and warrant. Was engaged all day in court, and in preparing case at night to meet Collins' argument. Conferred with State Agent Gibson.

JULY 20.—Item—To attendance in court. **Night**—To preparing brief.

Remarks—I was all day in court and at night was in consultation with State Agent Gibson preparing brief.

JULY 21.—Item—To attendance in court. **Night**—To looking up authorities.

Remarks—I was engaged all day in court combating Collins and his attorney and working on case at night.

JULY 22.—To attendance in court. To working on case at night.

Remarks—I was engaged all day in court combating Collins and his attorney, and in working on case at night.

JULY 23.—Sunday—Item—To consultation with Mr. Gibson. To preparing brief.

Remarks—On this day I went fully into the case with Mr. Gibson and prepared briefs and looked into further authorities. I was engaged on this day and night.

JULY 24.—Item—To attendance in court all day. **Night**—To consultation with Assistant District Attorney Whiting of San Francisco and witnesses brought from California.

Remarks—On the afternoon of this day Assistant District Attorney Whiting arrived in Victoria with witnesses Groom, Newman, Curran and Henry from California. At night I conferred with Mr. Whiting as to the law of California regarding perjury, and with the witnesses, and took extensive minutes of their evidence for use in the proceedings. I was engaged in this work the greater part of the night.

JULY 25.—Item—To attendance in court. **Night**—To consultation with Whiting and witnesses.

Remarks—On this date I attended court all day and the greater part of the night conferred with Mr. Whiting and the California witnesses and reviewed their evidence. At this period Collins was making a very stubborn, insistent and technical fight, and it required great care, and much work and energy on my part.

JULY 26.—Item—To attendance in court. **Night**—To consultation and advising with the witnesses.

Remarks—On this date Collins concluded his preliminary objections to the sufficiency of the charge and the judge took his motion under advisement until the following morning. I was engaged all day in court and at night consulted and conferred with the California witnesses.

JULY 27—Item—To attendance in court. *Night*—To conferring with witnesses.

Remarks—On this day the judge upheld my contention that the case should be proceeded with and I proceeded to put in the evidence of the witnesses, and Collins took the greater part of the day in objecting to any evidence being adduced, and on behalf of the State of California I successfully resisted all his motions. It was necessary for me to confer with the witnesses at night, and also to look further into the law.

JULY 28.—Item—To attendance in court. *Night*—To consultation with witnesses.

Remarks—On this date I began to introduce the evidence and every bit of evidence that was given by a witness was strenuously objected to by Collins, requiring great exertion on my part throughout the day, and making it necessary for me to confer with the witnesses at night, and also with the state agent.

JULY 29.—Item—To attendance in court all day. *Night*—To consultation with witnesses and the state agent.

Remarks—It was necessary for me to minutely supervise the evidence of the witnesses and to see that every material and technical point was proved, as, under the treaty, it was necessary to prove that Collins committed perjury against the law of Canada and against the law of California.

JULY 30—Sunday—Item—To consultation with witnesses and Mr. Whiting and the state agent.

Remarks—On this date I went thoroughly into the law bearing on the case, reviewed the case so far as it had proceeded, took further minutes of evidence, instructed the witnesses, and did everything possible to prevent being taken by surprise by Collins. Was engaged all day and at night on this work.

JULY 31—Item—To attendance in court. To consultation with witnesses.

Remarks—Evidence was proceeded with on this date and Collins resisted strenuously the introduction of evidence, raising technical points which retarded the progress of the case to a considerable extent. It was necessary for me after adjournment of court to confer with the witnesses and to thoroughly acquaint myself as to the desirability of introducing certain points of the State's case. To this end it was necessary for me to work both day and night.

AUGUST 1—Item—To attendance in court before Mr. Justice Martin.

Remarks—During the extradition proceeding then pending before Judge Lampman, Collins applied for a writ of habeas corpus before Mr. Justice Martin, on the ground that the extradition commissioner had no jurisdiction to hear the case. The matter came before Mr. Justice Martin and after hearing argument, the judge dismissed Collins' motion.

AUGUST 2.—Item—To attendance in court. *Night*—To consultation with witnesses.

Remarks—On this date, as Mr. Justice Martin refused to interfere with Judge Lampman's trial of the case, Judge Lampman continued to proceed with the hearing, and the case proceeded all day, and I was also engaged in working on the case at night.

AUGUST 3.—Item—To attendance in court. *Night*—To consultation with Whiting and witnesses.

Remarks—I informed Mr. Whiting that the California law had not been proved in so far as it applied to the delivery of the false pleading, and it was therefore necessary to get evidence on that point. We therefore wired to San Francisco for depositions to prove the delivery.

AUGUST 4—Item—To attendance in court. *Night*—To conference with Mr. Whiting and with Mr. Henry.

Remarks—It was necessary to be in court all day and to endeavor to ascertain if Mr. Henry could prove the delivery of the affidavit by Collins.

AUGUST 5.—Item—To attendance in court all morning. To having exhibits prepared.

Remarks—It was necessary, in view of the witnesses Groom and Henry returning to San Francisco with the records of the superior court and other exhibits which were produced at the trial, to have certified copies of all the exhibits made. I therefore was compelled to employ the registrar of the court and his assistant to perform this work and they necessarily worked over time, and their bills were presented by them to the State Board of Examiners. The employment of these persons was with the knowledge and consent of State Agent Gibson and also Mr. Whiting.

AUGUST 6—Sunday—Item—To consultation had day and night with Mr. Whiting and State Agent Gibson.

Remarks—As the evidence of the State witnesses had been concluded, it was necessary for me on this day to go over the evidence and prepare briefs and confer with Mr. Whiting and State Agent Gibson. It was also necessary for me, as I was incessantly engaged in court, to employ a corps of attorneys at great expense to myself, getting the authorities necessary to combat the points raised by Collins and his attorneys.

AUGUST 7.—*Item*—To attendance in court. *Night*—To consultation with Mr. Whiting and State Agent Gibson.

Remarks—During this time Collins began giving evidence, and it was necessary for me to follow his evidence very closely so that I could successfully cross-examine him. It was therefore necessary for me to work at night for the purpose of getting my cross-examination prepared.

AUGUST 8.—*Item*—To attendance in court. *Night*—To consultation with Whiting and State Agent Gibson. To preparation for cross-examination.

Remarks—Was busily engaged in court this day, closely following the evidence of Collins, and at night it was necessary for me to prepare my cross-examination.

AUGUST 9.—*Item*—To attendance in court before Mr. Justice Duff. *Night*—To consultation and work.

Remarks—The proceedings were again interrupted by Collins with an application for a writ of habeas corpus before Mr. Justice Duff, Collins again contending that Judge Lampman had no jurisdiction. After argument Mr. Justice Duff dismissed the application and refused to interfere with Judge Lampman hearing the case. Collins raised the point that the Extradition Act of Canada of 1889, which eliminated perjury as an extradition crime, prevented him from being extradited to California for perjury, and it was necessary for me to closely study this Act. Although Collins produced authorities in support of his contention, I successfully combated his argument on this point, but in order to do so it was necessary for me to work all night with lawyers as well as my whole office staff for the purpose of ascertaining whether or not this Act of 1889 was in force. The persons I have paid and obligated myself to pay. This work was absolutely necessary for, if the Act was in force, Collins would have gone free. The Act itself provided that it should be made law by an order in Council of the Governor-General of Canada, and it was to this end that I worked in order to ascertain whether any such order in Council had ever been made. It being impossible to secure in Western Canada all the orders in council published since 1889, I had to specially engage attorneys in Ottawa for this purpose, and have paid them certain moneys for their work in this connection, and have obligated myself to pay them further sums for the work which they subsequently did on this case. Numerous telegrams passed between us, the expense of which I had to bear. It was solely through my efforts, with the assistance of the attorneys in Ottawa, that we ascertained that the Act of 1889 was not in force. Therefore Collins was held.

About this time Collins' attorneys notified me that they intended to appeal to the Supreme Court of Canada by way of writ of error, and in order to forestall Collins it was necessary for me to engage the best counsel that I knew of in Ottawa to be ready to conduct the case on behalf of the State of California in the event of an appeal.

AUGUST 10.—*Item*—To attendance in court. *Night*—To work in consultation with Mr. Whiting and State Agent Gibson.

Remarks—On this date I began my cross-examination of Collins, and it was absolutely necessary for me to proceed and act in the most careful manner, as he has, as is well known, a reputation for great shrewdness. I was engaged all day in court and at night continued the preparation of the cross-examination for the next day.

AUGUST 11.—*Item*—To attendance in court. *Night*—To work in consultation with Mr. Whiting and State Agent Gibson.

Remarks—On this day I completed my cross-examination of Collins and the case was remanded until the 14th for the purpose of argument. I might say that my cross-examination of Collins conclusively established the fact that he was unworthy of belief, and materially aided in his extradition, as I broke his story down on several material points. On the night of this day I went very thoroughly over the work which had been done in the case, so as to plan my argument.

AUGUST 12.—*Item*—To consultation with State Agent Gibson and Mr. Whiting. To preparing briefs and argument.

Remarks—I worked all day and most of the night preparing the case for argument.

AUGUST 13.—*Item*—To consultation with Mr. Whiting and State Agent Gibson. To preparing briefs and getting the case ready for argument.

Remarks—This was Sunday, and I worked all day and late into the night completing my argument. In preparing my briefs and getting my argument ready, it was necessary for me to employ attorneys and my whole office force was pressed into service in looking up the law which had to be covered. It was necessary that English, Canadian, United States Federal authorities and the authorities of the State of California, and in fact, every state in the Union be examined into and factums submitted thereon. This entailed a great amount of labor as well as expense, some of which I have already paid and the balance I am obligated to pay.

AUGUST 14.—*Item*—To attendance in court. *Night*—To consultations

Remarks—Collins and his attorneys began their argument this day and it lasted the entire day. It was therefore necessary for me to work at night consulting my assistants and Mr. Whiting and Mr. Gibson to keep the case well in hand.

AUGUST 15.—*Item*—To attendance in court. *Night*—To consultations and work.

Remarks—Attended court all day. Collins still proceeding with his argument, and it was incumbent on me to confer with my assistants and Mr. Whiting at night. I might say that I was compelled to work at night preparing my case, as I was in court so much that it was the only opportunity I had to keep up with the case.

AUGUST 16.—*Item*—To attendance in court. To consultations.

Remarks—I was engaged in court all this day on argument by Collins' attorney. As the case had been proceeded with incessantly, I might state that Collins gave out, and he had to engage another attorney, besides the attorney which he had, in order to complete the arguing. In other words, I was compelled for the State of California to stand off and combat Collins and two attorneys, and it made it particularly hard for me when Collins brought new blood into the case.

AUGUST 17.—*Item*—To attendance in court. *Night*—To consultations with Gibson and Whiting.

Remarks—I was engaged in court all day. In the morning Collins' new attorney completed his argument and I followed; and with the interruptions made by the irrepressible Collins, it was most arduous work, and at the conclusion of my argument the judge reserved the decision and gave both sides liberty to submit further authorities.

AUGUST 18.—*Item*—To consultation with Mr. Whiting and State Agent Gibson. To conference with attorneys and assistants

Remarks—On this day I deemed it advisable, so that there would be no loophole created which would inure to Collins' benefit, for me to review the case and go further into the authorities, so the judge might have all the possible law beforehand to strengthen my contention. Was engaged in preparing list of case and submitted same to the judge. I worked the greater part of the night laying out the case in the event of Collins taking habeas corpus proceedings if the commissioner decided to hold him. Also consulted with the criminal authorities and State Agent Gibson, that in the event of Collins being released, we might proceed against him in the British Columbia courts for having committed perjury when he gave his evidence.

AUGUST 19.—*Item*—To attendance in court, before Judge Lammman.

Remarks—On the morning of this day Judge Lammman rendered his lengthy decision, which took the greater part of the morning. This decision was to the effect that Collins would be surrendered. I drew the order and the warrant, and in order to do so was compelled to consult authorities, as the warrant under the extradition act are most technical and the slightest slip or error therein would result in the fugitive being liberated. I made out the warrants, attended the judge, and Collins was remanded to the custody of the state agent and the police of Victoria.

AUGUST 19.—*Item*—To attendance in court before Mr. Justice Duff. To drawing and settling warrant of surrender. To consulting authorities thereon.

Remarks—In the afternoon I was served with a writ of habeas corpus, calling for my immediate attendance before Mr. Justice Duff, on motion made by Collins. I attended Judge Duff's court and he acceded to the motion of Collins' attorneys and ordered the writ to be returnable on the 22nd.

At this time, through the incessant battling in court, work at night, and consequent lack of sleep, I was thoroughly worn out and in a nervous condition, and had contemplated resting Saturday afternoon and Sunday, but in view of these habeas corpus proceedings launched by Collins, it was necessary for me to immediately continue working on the case. We were all Saturday afternoon before Mr. Justice Duff, and as the issuance of this writ of habeas corpus placed the body of Collins in the custody of the court, the court turned Collins over to the sheriff of the county of Victoria for safe keeping. I applied to the court for a reversal of his decision and contended that as the sheriff of the county of Victoria had no sworn staff of officers and had no place where Collins could be kept in safe custody, that he should remain in the custody of the police. After an elaborate and vigorous argument, the court acceded to my motion and Collins was turned over to the police. After the conclusion of the argument, the sheriff of the county served me with a notice that he claimed from the State of California \$125, for his fees for keeping order in the court during the hearing of the case before Judge Lammman. It was then necessary for me to confer with Mr. Whiting and State Agent Gibson and to act in such a way as to protect the State of California from paying these fees, as I did not think that it was a just claim; and in order to protect the State of California in case a claim might be subsequently made, I prepared affidavits of several persons for future use, and reference, and put the State of California on record as refusing to recognize any such claims as these. It was also necessary for me to work the greater part of the night of the 19th to prepare the case on the then pending habeas corpus proceedings. I might say in passing that it has been held by both United States, English, and Canadian authorities that under the extradition act when a prisoner is remanded for extradition he has the right to obtain a writ of habeas corpus and the court cannot refuse to give him a hearing.

AUGUST 20.—*Item*—To consultation with Assistant District Attorney Whiting and State Agent Gibson. To preparing case for argument.

Remarks—It was necessary for me to consult Mr. Whiting and State Agent Gibson and to work all day Sunday and Sunday night, and to further call upon attorneys of Victoria and assistants in order to prepare the case for the habeas corpus proceedings before Mr. Justice Duff.

AUGUST 21.—*Item*—To consultation with Mr. Whiting and State Agent Gibson. To preparing briefs and argument.

Remarks—I worked all this day on this case and at night conferring with Mr. Whiting and State Agent Gibson and went to further expense in engaging attorneys of Victoria and assistants to help me in briefing the case for the habeas corpus proceedings.

AUGUST 22.—*Item*—To attendance in court. To consultations with Mr. Whiting and State Agent Gibson.

Remarks—The habeas corpus proceedings were begun this day before Mr. Justice Duff, and an elaborate argument was commenced by Collins' attorneys. It was necessary for me to work at night for the purpose of being in position to meet the contentions of Collins' attorneys.

AUGUST 23.—*Item*—To attendance in court. To consultation and preparing of briefs and arguments.

Remarks—Argument was continued this day and the case was vigorously fought. I was in attendance in court all day and necessarily worked at night on the preparation of my case.

AUGUST 24.—*Item*—To consultation with Mr. Whiting and State Agent Gibson all day. To preparing brief for argument.

Remarks—It was absolutely necessary for me to work all day and at night and to consult with State Agent Gibson and Mr. Whiting as to the case, and at night to prepare my argument and briefs.

AUGUST 25.—*Item*—To attendance in court. To consultation with State Agent Gibson and Mr. Whiting.

Remarks—I attended court all day and worked the greater part of the night preparing the case and looking up authorities so that Collins' would not by any possible chance get away.

AUGUST 26.—*Item*—To consultation with State Agent Gibson and Mr. Whiting. To consultation with the sheriff of the county. *Night*—To preparing argument.

Remarks—It was necessary for me to confer constantly with the state agent, and also to deal thoroughly in rejecting the claim of the sheriff, who insisted upon having his claim recognized by the State of California, and it was through my efforts that this claim was not allowed. At night I was engaged in looking up authorities and preparing argument.

AUGUST 27.—*Item*—To consultation with Mr. Whiting and with State Agent Gibson. *Night*—To looking up authorities and preparing brief and argument at night.

Remarks—I was engaged all this Sunday in consultation with Mr. Whiting and State Agent Gibson, and in looking up authorities and preparing the brief and argument at night. The range of law to be covered was very great indeed, as it embraced the law of the United States Supreme Court and the law of every state in the Union, besides the English authorities and authorities of Canada and of every province of the Dominion of Canada.

AUGUST 28.—*Item*—To consultation with Mr. Whiting and State Agent Gibson. To consultations with attorneys and assistants. *Night*—To preparing briefs and arguments. To attendance at court.

Remarks—It was necessary for me to prepare this case as fully as possible and to particularly consult the facts of the case, and in doing so I required the assistance of State Agent Gibson, who is intimately acquainted with the details of the case as he had handled it in California. It was also necessary for me to consult Mr. Whiting, assistant district attorney of San Francisco, as he gave evidence on California law, and is an authority on the law of that State. It was necessary for me to confer frequently with attorneys and my assistants in preparing arguments and brief, and in doing so I was compelled to work both day and night. I attended court at night, when court convened and argument was heard.

AUGUST 29.—*Item*—To attendance in court. *Night*—To looking up authorities and preparing argument. To consultation with Mr. Whiting and State Agent Gibson.

Remarks—The argument was begun early in the morning and concluded late in the afternoon. At night I was engaged in looking up authorities and preparing argument, and was in consultation with Mr. Whiting and State Agent Gibson, as well as attorneys of Victoria and my assistants.

AUGUST 30.—*Item*—To attendance in court. *Night*—To consultation with Mr. Whiting and State Agent Gibson.

Remarks—The argument before Mr. Justice Duff was concluded this day and the judge rendered his decision upholding the decision of Judge Lampman, and dismissed

Collins' application on habeas corpus proceedings. The judgment was a very voluminous one, covering a large range of authorities. It has been published in the California decisions, and establishes a precedent in regard to the extradition of fugitives who are accused of perjury. This is the first extradition case on record where the fugitive from justice from a foreign state was extradited under the treaty between Great Britain and the United States on a mere accusation of perjury, as such proceedings involve so many technicalities that it is almost impossible to make up a *prima facie* case to warrant the surrender of the fugitive.

AUGUST 31.—*Item*—To consultation with Mr. Whiting and State Agent Gibson. To attendance in court before Mr. Justice Martin. *Night*—To looking up the law and consultations. To drawing and settling order of court.

Remarks—The work done this day was caused by Collins applying for a new writ of habeas corpus, before Mr. Justice Martin, and it was necessary to hold a consultation and look up the authorities as to the jurisdiction of the court to deal with the question. Mr. Justice Martin took control of the case and, at the request of Collins' attorneys, set the case for hearing before the supreme court in bank on the first of November, and remanded Collins to jail. Collins and his attorneys strongly urged that he be remanded to the custody of the sheriff and permitted to go at large under guard, but I strenuously opposed the application and succeeded, after much argument, in having Collins remanded to jail, believing that if he was incarcerated there would be a strong possibility that he would rather return to California than to remain in close confinement.

AUGUST 31.—*Item*—To attendance in court before Chief Justice Hunter. To looking up the law and authorities and preparing briefs. To further attendance before Chief Justice Hunter. To settling order of Chief Justice Hunter. *Night*—To consultations with Mr. Whiting and State Agent Gibson. To consultation with sheriff re custody of Collins. To writing long letter to sheriff.

Remarks—It will be seen that Mr. Justice Martin took control of the case and set it for hearing before the supreme court in bank. Chief Justice Hunter, unauthorized by law, interfered with Mr. Justice Martin and took the case practically out of his hands, thus acting contrary to the Gavnor-Green extradition case. The chief justice when he took the case out of the hands of Mr. Justice Martin, released Collins from jail and gave him into the custody of the sheriff, to be allowed out under guard. I vigorously fought the granting of such an order, as I was instructed by State Agent Gibson to keep Collins in jail for fear he would escape while in the custody of the sheriff. On the application before Chief Justice Hunter, he set the hearing of the case to the 7th day of November. The date of the hearing before the supreme court in bank had been set to the first of November. Without my knowledge or consent, the date of the hearing before Chief Justice Hunter was changed from the 7th to the 1st of November, and he was therefore in a position to hear and determine Collins' application for habeas corpus before the sitting of the supreme court in bank. It might be explained that under the extradition treaty, a fugitive from justice has the right to apply to every judge for a writ of habeas corpus. On this application I was particular to have it understood that if Collins was let out under guard, he would pay the cost of the guard. I notified the sheriff by letter that his custody of Collins was illegal.

SEPTEMBER 1.—*Item*—To letter to sheriff. To consultations with Mr. Whiting and State Agent Gibson during day and at night. To consultation with the attorney-general of British Columbia. To consultation with the American consul.

Remarks—I deemed it advisable to write a letter to the sheriff of the county in order to put the State of California on record to the effect that it would not be liable for the cost of guarding Collins. It was absolutely necessary for me to consult with Mr. Whiting and State Agent Gibson. It was deemed advisable to confer with the attorney-general of British Columbia in order to see whether Collins could not be kept in jail. We also deemed it advisable to confer with the American consul, as a representative of the United States, in the event of federal action being taken in regard to the matter.

SEPTEMBER 2.—*Item*—To consultation with State Agent Gibson and Mr. Whiting during the day and night. To conferring on telegram to be sent to the district attorney of San Francisco.

Remarks—Mr. Whiting, State Agent Gibson and myself deemed it advisable that the law should be looked up for the purpose of ascertaining whether it would be possible to have the federal authorities act in the matter of the interference by the chief justice.

SEPTEMBER 2.—*Item*—To looking up authorities.

Remarks—We deemed it necessary that a telegram be sent to the district attorney at San Francisco suggesting to him that he communicate with Governor Pardee, and that Governor Pardee should make representations to Washington as to the action of the chief justice, with a view to having the federal government of both countries take action in the matter.

SEPTEMBER 3.—*Item*—To consultation with Mr. Whiting and State Agent Gibson during the day and at night. To looking up authorities. To conference on telegram received from the district attorney of San Francisco.

Remarks—These consultations and the work done looking up authorities was necessary in view of the contemplated action by the federal governments. In the district attorney's telegram he stated that he had communicated with Governor Pardee and that Governor Pardee would refer to matter to Washington, which I believe was done.

SEPTEMBER 3.—*Item*—To preparing statement of case to be submitted to Governor Pardee. To consultations with Mr. Whiting and with State Agent Gibson day and night.

Remarks—Mr. Whiting left Victoria for San Francisco, California, this day, and before leaving we deemed it advisable that I should prepare a statement showing the exact status of the case and of the unwarranted interference of the chief justice therein. I prepared this statement and handed it to Mr. Whiting, who took it with him to California, and subsequently informed me that it had been shown to Governor Pardee and that they had discussed the matter and taken action thereon.

SEPTEMBER 4.—*Item*—To consultation with Gibson day and night. To consultation and conference with attorneys.

Remarks—I consulted with Mr. Gibson as to the advisability of ascertaining the facts leading up to the interference by the chief justice in the proceedings, and State Agent Gibson with other persons engaged by me to act in conjunction with him, started to obtain the necessary information. It was important to look up the federal authorities bearing on the points at issue.

SEPTEMBER 5.—*Item*—To consultations with various persons relative to the interference of Chief Justice Hunter in the proceedings.

SEPTEMBER 6.—*Item*—To consultation with State Agent Gibson. To consultations with various other persons. To consultations with attorneys.

SEPTEMBER 7.—*Item*—To looking up authorities with attorneys and assistants. To preparing briefs. To consultations during the day and at night with State Agent Gibson and others.

Remarks—The state agent instructed me to look up the law as to the advisability of appealing to the appellate court of British Columbia with the object of reversing the order of Chief Justice Hunter. This entailed considerable work on the part of myself and assistants.

SEPTEMBER 8.—*Item*—To sending telegram to Mr. Whiting at Portland. To consultation with State Agent Gibson during the day and again at night.

Remarks—The state agent thought it advisable that we wire Mr. Whiting, who was on his way to San Francisco, to have him forward immediately the statement prepared before he left Victoria to the district attorney of San Francisco, so that the same could be presented without delay to Governor Pardee to permit the governor to take immediate action with the federal authorities at Washington. Mr. Whiting intended to remain in Portland for a few days en route.

SEPTEMBER 9.—*Item*—To consultation with State Agent Gibson. To conference with attorneys and assistants looking up authorities. *Night*—To consultation with State Agent Gibson.

SEPTEMBER 10.—*Item*—To consultation with State Agent Gibson. To numerous conferences with attorneys and assistants looking up authorities, etc. *Night*—To consultation with State Agent Gibson.

SEPTEMBER 11.—*Item*—To conferences with attorneys and assistants looking up authorities. To consultation with State Agent Gibson.

SEPTEMBER 12.—*Item*—To looking up authorities. To conferences with attorneys and assistants.

SEPTEMBER 12.—*Item*—To consultation with State Agent Gibson.

SEPTEMBER 13.—*Item*—To conferences with attorneys and assistants, looking up authorities. To consultation with State Agent Gibson.

SEPTEMBER 14.—*Item*—To further consultation with State Agent Gibson. To conferences with attorneys and assistants looking up authorities.

Remarks—During the period covered from the 9th to 14th, inclusive, these consultations and the brief work were for the purpose of preparing for an appeal to reverse the order of Chief Justice Hunter, and with the further view of bringing the international law bearing on the point to the attention of the federal authorities.

SEPTEMBER 15.—*Item*—To consultation with State Agent Gibson re letter received from Assistant District Attorney Whiting, instructing me on behalf of the district attorney of San Francisco to appeal to Ottawa. *Night*—To consultation with State Agent Gibson.

Remarks—Immediately on receipt of this letter from Mr. Whiting, containing instructions from the district attorney at San Francisco to take this matter up at Ottawa, I put myself in communication with the attorneys at Ottawa and other persons in order that the federal authorities take action in regard to the matter. It was necessary, in order to do this, for me to obligate myself in many ways and to keep in constant touch by wire and mail with the attorneys and other persons in British Columbia.

SEPTEMBER 16.—*Item*—To consultation with State Agent Gibson. To consultations with other persons. To looking up authorities.

SEPTEMBER 17.—*Item*—To preparing telegrams and letters to the attorneys at Ottawa and other persons. To consultation with State Agent Gibson. To looking up authorities.

SEPTEMBER 18.—*Item*—To consultation with State Agent Gibson. To numerous consultations with other persons. To looking up authorities. To writing letters to attorneys at Ottawa. To letters and telegrams to other persons.

SEPTEMBER 20.—*Item*—To consultation with State Agent Gibson. To looking up authorities. To consultations with various persons.

Remarks—The items of charges from the 16th of September to the 14th of October, inclusive, embrace the steps taken by me towards forcing Collins to abandon his appeals to the appellate courts and to return to the State of California, the object being to save the State the expense of costly litigation in the Canadian courts, as well as the great amount of time that would necessarily be consumed in further litigation. It was by dint of hard work and the closest attention to every detail of the case, and numerous and various consultations had with the state agent, Mr. Gibson, and other persons both day and night during that period, that I finally succeeded in my efforts to get Collins to abandon his appeals, thus saving the State of California many thousands of dollars. It was necessary for me to keep in constant communication by wire and letters with my attorneys at Ottawa, and other persons there who acted in conjunction with me. Having been instructed through Governor Pardee of California and the district attorney of San Francisco to take the matter up with the federal authorities, as will be seen by the communications that I have submitted to the State Board of Examiners. During the above period of time it was also necessary for me to thoroughly prepare the case for argument before the appellate court, the appeal having been set for the first of November, in the event of the failure of my efforts directed towards the abandonment of further litigation by Collins. In preparing the appeal it was necessary for me to engage attorneys and assistants in looking into the federal law and extradition treaty, the law of England, the law of Canada and of each province therein, as well as the authorities of every state in the Union.

OCTOBER 14.—*Item*—To conference with Collins To consultation with Collins' attorneys. To consultation with sheriff. To attendance in court before Mr. Justice Martin. To attendance in court before Mr. Justice Duff. To telegrams sent to attorneys in Ottawa.

Remarks—On this day Collins formally notified us that he was willing to give up the fight and return to California. I immediately sent telegrams to my attorneys in Ottawa, instructing them to confer with the minister of justice and have the order of surrender prepared and sent to Victoria. Several long telegrams were sent to my attorneys in Ottawa, and received by me from them. It was necessary for me to attend in court before the different judges in order to have the different proceedings, which were pending, formally abandoned. All proceedings were then formally dismissed. A long conference was had with the sheriff, as he had threatened to hold Collins for the costs of boarding and guarding him during the time he was in the custody of the sheriff. On this day I successfully resisted before the court the application of the sheriff that he be paid over \$700, for his charges for guarding Collins.

OCTOBER 15.—*Item*—To consultation with State Agent Gibson and Collins during the day and at night also regarding the return of Collins to California

Remarks—These consultations were necessary, as we wished to expedite the return of Collins to California.

OCTOBER 16.—*Item*—To telegrams to attorneys at Ottawa To consultation with State Agent Gibson during day and at night.

Remarks—Under the extradition act the order for surrender is made out by the department of justice at Ottawa and directed to the sheriff of the county, the chief of police and the state agent, and it was necessary for me to communicate by telegraph with my attorneys at Ottawa instructing them to have the name of the sheriff omitted from the order of surrender, as the sheriff threatened that, if he received the order of surrender, he would hold the same and refuse to hand Collins over to the state agent unless his fees were paid. In order to prevent the carrying out of his threat, we had the order of surrender sent to the lieutenant-governor of British Columbia.

OCTOBER 17.—*Item*—To consultation with the attorney general of British Columbia To consultation with State Agent Gibson. To consultation with the chief of police. To consultation with the American consul.

Remarks—These consultations and conferences were necessary in view of the threats of the sheriff to secure the order of surrender and hold it until his fees were paid. Also Detective McNaughton, who had guarded Collins, threatened to arrest the said Collins for debt before he left the jurisdiction of British Columbia with the state agent.

OCTOBER 18.—*Item*—To consultation with the provincial secretary of British Columbia. To consultation with State Agent Gibson and the chief of police. To consultation with the American consul.

Remarks—These consultations were had with these parties in view of the contemplated action of the sheriff and Detective McNaughton.

OCTOBER 19.—*Item*—To consultation with State Agent Gibson, and the chief of police. To consultation with the American consul. To consultation with the private secretary of the lieutenant-governor.

Remarks—These consultations were had in order to arrange that the order of surrender when received by the lieutenant-governor, would be handed by the lieutenant-governor's private secretary to the chief of police, and by the said chief of police handed to State Agent Gibson, who would immediately take Collins to California.

OCTOBER 20.—*Item*—To consultation with State Agent Gibson and the chief of police. To consultation with the lieutenant-governor's private secretary

Remarks—At this consultation and conference I arranged that the order of surrender would be taken out of the post office by the lieutenant-governor's private secretary immediately on arrival of the mail the following day, and that we would

be in attendance at the post office, and the order of surrender would be handed directly to the chief of police, so as to forestall any action by the sheriff or Detective McNaughton.

OCTOBER 21.—*Item*—To consultation with State Agent Gibson and the chief of police To consultation with American consul. To consultation with lieutenant-governor's private secretary. To attending at post office and receiving order of surrender. To examining order of surrender. To attending with chief of police and State Agent Gibson on departure of Collins from Victoria.

Remarks—On the evening of this day the order of surrender arrived from Ottawa. I attended at the post office with State Agent Gibson and the chief of police and received from the lieutenant-governor's private secretary the order of surrender. In company with State Agent Gibson and the chief of police, I took the order of surrender to my office, where I carefully examined the same, and finding it correct, I handed it to State Agent Gibson, and instructed the chief of police to formally hand Collins over to State Agent Gibson. I attended at the departure of the boat and saw Collins formally handed by the chief of police over to State Agent Gibson, who departed this day with Collins for California.

The sum charged by me for the above services is \$12,500. I have already actually paid \$200 for telegrams, and on account of attorneys' fees. I will disburse out of the above sum of \$12,500 the sum of \$4,300 for attorneys' fees and to other persons who assisted me on the case, and whose services it was necessary to have, as explained above. The sum of \$1,986.75 mentioned in my statement to the Board of Examiners is made up of amounts which I have actually paid out and am legally bound to pay.

ATTORNEY AND COUNSELOR

SAN FRANCISCO, March 22, 1906.

State Board of Examiners, Sacramento, California.

GENTLEMEN: In November last I wrote to the Governor concerning a claim presented by Mr. Frank Higgins of Victoria, B. C., for \$12,500.00 for legal services rendered in the matter of the extradition of George D. Collins on a charge of perjury. I stated that while I had not engaged Mr. Higgins, I thought his services in behalf of the State were reasonably worth \$1,500.00. Mr. Higgins has lately called upon me and has informed me fully as to the extent of his services and the amount of time consumed therein. I have also spoken to Mr. R. V. Whiting, who went, as a deputy district attorney, to Victoria and acted with Mr. Higgins in the

extradition proceedings. We called upon Attorney-General Webb and laid the case before him. After hearing all the facts I am of the opinion that the sum suggested by me as a fee, in my letter of November last, is too low.

The extradition of Collins was vigorously contested and extended over a period of several weeks, the proceedings being carried before different courts of British Columbia. Mr. Whiting stated that without the untiring labors of Mr. Higgins he believes that Collins would not have been returned to the jurisdiction of our courts, from which he fled. Both Mr. Whiting and Mr. Thomas F. Gibson, the latter the agent of this State, to bring back the fugitive state that it was necessary to have the services of Mr. Higgins in the extradition proceedings, that this government would otherwise have been unrepresented and that he acted with and for them and as the representative of California. I believe that the State should pay him for his services, and that your honorable board, after having heard him fully in the premises, should allow him such fee as is reasonable and just.

Very truly yours,

LEWIS F. BYINGTON.

Re Collins' extradition.

GENTLEMEN: Referring to your letter of the 21st ult., in which you state that you desire to be apprised of my retention to my retention to act here as counsel for the State of California on the extradition of George D. Collins from Canada to California, I am to-day advised through officials of the State that you are now made aware of my having been retained in that behalf and that I acted on the proceedings.

If you have been so advised I would esteem it a favour if my account could be passed by your honourable board at your earliest convenience. If, on the other hand, you have not been so apprised I would like you to advise me on receipt hereof so that I can take immediate steps to satisfy you as to my position in the matter.

I am, gentlemen, yours respectfully,

FRANK HIGGINS.

OFFICE CHIEF OF POLICE,

VICTORIA, B. C., December 27th, 1906.

J. F. Dinan, Esq., Chief of Police, San Francisco, Cal.:

DEAR SIR: In accordance with the instructions received from you, the District Attorney and Judge Lawlor, in July last, I engaged Mr. Frank Higgins, of this place, on your behalf, to act as counsel in the Collins extradition proceedings. Mr. Higgins has shown me a letter which he has received from the Secretary of the State Board of Examiners, to the effect that the bills for the extradition of Collins have been filed with the Board of Examiners, but have not, as yet, received their official audit, and, that before the board can take up the accounts, it is necessary for them to be apprised of Mr. Higgins' appointment as counsel for the State of California on these proceedings. When Sergeant Detective Gibson arrived here under proper warrant from the State, I informed him that I had retained Mr. Higgins, and as State agent, he also retained Mr. Higgins, who acted throughout the proceedings here. I might say, that during the time Gibson was here, he showed me a telegram that he had received from you, in which you stated that the State would pay the costs of extradition. I wish that you would see Gibson, and have him file the certificate with the State Board of Examiners, to the effect that Mr. Frank Higgins was appointed counsel and acted as counsel throughout the whole of the extradition proceedings. Kindly have this done at once, and write me when the certificate is filed. I am being constantly annoyed by persons here who have claims which were incurred in these proceedings, and I am very anxious to have the matter closed at the earliest possible date.

Hoping that you will give this matter your prompt attention, and wishing you a very happy New Year, I am,

Yours very sincerely,

J. M. LANGLEY,
Chief of Police.

J. C. B. HEBBARD,

Judge of Superior Court, City Hall.

SAN FRANCISCO, CAL., March 30, 1906.

Hon. Chas. F. Curry, Sacramento, Cal.

MY DEAR CURRY: Please do as much as you can, conscientiously, for Frank Higgins, the attorney who, in Victoria, did so much work in the case of Geo. D. Collins. It is a shame that the State of California should fail to pay his fees and expenses in this matter. Hope you are well and happy. Yours,

J. C. B. HEBBARD.

J. C. B. HEBBARD,

Judge of Superior Court, City Hall.

SAN FRANCISCO, CAL., March 30, 1906.

Hon. Charles F. Curry, Secretary of State, Sacramento, Cal.

MY DEAR CURRY: Mr. Frank Higgins, an attorney from Victoria, B. C., has presented to the State Board of Examiners, a claim for \$12,500.00 for services to the State of California in the extradition of one Geo. D. Collins. I was sent to Victoria to represent the county clerk and know all that transpired. I can assure you that in all my court experience, covering about 20 years, I never knew of a

more earnest, conscientious and untiring worker than Mr. Higgins. Were it not for the valuable services rendered by him, Collins would be a free man today. I have no hesitation in saying that many of our local attorneys would have charged Victoria double the amount of Higgins' claim, for like services performed at this end. Trusting that as one of the board of examiners, you will give Mr. Higgins full consideration, I remain very sincerely yours,

J. J. GROOM

OFFICE CHIEF OF POLICE.

SAN FRANCISCO, CAL., January 15, 1906.

Any further correspondence on this subject refer to No. 7259.

To the Honorable, the State Board of Examiners, Sacramento, California.

GENTLEMEN: Permit me to hand you herewith copy of a letter received from Chief of Police J. M. Langley, of Victoria, British Columbia, relative to the expense account of Mr. Frank Higgins, an attorney of that city, who represented the State of California in the case of the extradition of George D. Collins. On receipt of the letter above quoted, a copy was made and transmitted to Mr. Lewis F. Byington, our District Attorney, as well as his Honor, William P. Lawlor, presiding Judge of our Superior Court. Today I am in receipt of a communication from Mr. Byington, setting forth the facts fully in the matter in question, a copy of which I have taken the liberty of enclosing you herewith.

Hoping that the matter may be adjusted to the satisfaction of all, I remain,

Very respectfully,

J. F. DINAN,

Chief of Police.

From Sir H. M. Durand to Lord Grey.

LENEX, MASS., July 28th, 1906.

MY LORD With reference to Your Lordship's dispatch No. 28 of April 30th, relating to the claim of Mr. Higgins for the payment of the extradition expenses in the Collins case, I have the honor to transmit to you herewith a copy of note which I have received from the state department, in which, while admitting the ultimate responsibility of the federal government for the payment of extradition expenses, they point out that the practice observed for many years has been to refer these accounts to the state governments for liquidation. In the present instance, in view of the previous arrangement arrived at, with which, they again assert, Mr. Higgins had expressed his satisfaction, and in view of the calamity which has temporarily embarrassed the State of California, they urge that the state department should not be put in the position of pressing an afflicted State for the payment of a claim which it has every intention of discharging in the ordinary course of business.

I have, etc.

(sd) H. M. DURAND.

DEPARTMENT OF STATE.

WASHINGTON, July 21, 1906.

EXCELLENCY—I have the honour to acknowledge the receipt of your note of the 16th ultimo, in which, referring to the claim of Mr. Frank Higgins against the State of California for his services as attorney in securing the extradition of George D. Collins from Canada to California, you submit for the favourable consideration of this department Mr. Higgins' suggestion that his claim should be met by the Government of the United States.

The Department freely recognizes the international responsibility of the United States in fulfilling all treaty obligations. When the Ashburton Treaty provides that the expenses of "apprehension and delivery shall be borne by the party who makes the requisition and receives the fugitive," of course the "parties" referred to are the United States and Great Britain. It admits of no question that, internationally speaking, the United States is primarily *liable for all extradition expenses incurred at its request*. It is equally clear, for reasons which need not be stated here, that according to American constitutional and municipal law the expenses of extraditing an offender against the laws of a State should, as between the State and the United States, be borne by the State. On this account, as a matter of convenience, it has been customary for the authorities representing the State ultimately liable, according to American municipal law, to pay the expenses in the first instance, and, in accordance with this custom, in the present case the State of California made arrangements for the payment of the expenses of extraditing Collins, an offender against California law. Mr. Higgins acted on this custom and effected a settlement on account with the State of California. It is true he says he charged the United States, as well as the State of California, but his bill was audited and after being materially reduced, allowed by the proper officers of the State of California.

The settlement appears to have been satisfactory to Mr. Higgins, and he seems to have made no objection at the time to the fact that he would have to await the next meeting of the California Legislature before the State could make an appropriation in settlement of this bill. The California authorities were evidently under

the impression that he was willing to wait until that time, and nothing has happened until comparatively recently to show that Mr. Higgins was not still satisfied with the arrangement.

In view of these circumstances, and in the light of the practice of the department which has been in force for fifty years, to refer these bills to the States for payment and not liquidate them itself in the first instance, I have the honor to suggest for your consideration whether the usual course may not be adopted in the present case; and whether, out of consideration for the State of California, which has not yet recovered from its recent great calamity, it would not be an act of courtesy on the part of Mr. Higgins to refrain from demanding payment of his bill at the present time, or of putting this department in the position of pressing an afflicted State in regard to a matter which it has always intended to adjust in regular course of business, but which, for reasons heretofore explained, remains temporarily unadjusted.

I have, etc.

(Sd) ROBERT BACON,
Acting Secretary.

WHEREAS, We know that thousands of dollars are wasted each year because teachers must wait for pupils to supply themselves with necessary books,

WHEREAS, We believe that furnishing free text-books for all is not demoralizing or socialistic, but on the contrary is conducive to the general good the same as furnishing free school-houses and free instruction;

WHEREAS, We believe that our present law by which free text-books are furnished to the indigent only is demoralizing and undemocratic, for it singles out children of the poor and disgraces them in the eyes of their companions, thus making a class distinction evil in its effect,

WHEREAS, It has been found that in states and cities furnishing free text-books the number of pupils in attendance has increased and that the average duration of pupils' attendance in school has lengthened, and that from a pedagogical standpoint the whole efficiency of school work has improved;

Therefore, we, the undersigned citizens of California, do most earnestly petition the Legislature of the State of California to so amend the State Constitution that all children of the primary and grammar schools of the State of California shall be supplied with necessary text-books, free of charge; such text-books to remain the property of the city or district furnishing them.

Respectfully submitted.

ON REVISION AND REFORM OF LAWS.

The following supplemental report of Committee on Revision and Reform of Laws was submitted and ordered printed in the Journal:

Supplemental Report on Code Revision Bills.

SACRAMENTO, February 12, 1907.

To the Assembly.

GENTLEMEN: Your Committee on Revision and Reform of Laws, to which was referred for consideration the code revision bills, begs leave to file a supplemental report with reference to those already reported, and states the changes and reasons for the changes of the respective bills, as follows:

Assembly Bill No. 291. Section 2104, C. C. P.

This section is repealed because there have heretofore been two sections covering the same subject which were somewhat conflicting, and the two sections have been amalgamated into Section 573, which is the subject of Senate Bill No. 321.

Assembly Bill No. 178. Section 1349, C. C. P.

The words "who must appear and qualify" toward the end of the section, are omitted, and in their place are inserted "unless they or either of them have renounced their rights to letters, and if no." At the end of the section has been added the following: "In the order, the court must ascertain and determine whether said estate is worth more or less than ten thousand dollars, which determination is conclusive for the purpose of giving notice to creditors, but for no other purpose." The object of this last amendment is to require the court to find the value of the estate for the sole purpose of fixing the time for which notice to creditors must be given.

Section 1350, C. C. P.

The final clause respecting the renouncement by executors was omitted and the matter provided for in new Section 1350a.

Section 1350a, C. C. P.

See note to Section 1350.

Section 1351, C. C. P.

The words "estate or" in line 3 of section on page 2 of the printed bill, are inserted before "will," the reason being self evident.

Assembly Bill No. 384. Section 384, C. C.

There are two sections in the Civil Code containing identical language, one being 384, and the other 404; 384 is not in the proper place, and 404 is. Section 384 is therefore repealed, leaving Section 404 intact, and a proviso is added in the repealing Act so that any rights acquired under 384 shall not be lost, but shall be continued in force under the provisions of Section 404.

Assembly Bill No. 180. Section 1371, C. C. P.

The amendment consists in omitting after the word "petition" on line 11, page 1 of the printed bill, the words: "and are afterwards proved in the course of administration," because no means are provided for ascertaining what subsequent proofs are made, and the words omitted add nothing but doubt to the section.

Section 1379, C. C. P.

The amendment consists in adding after the word "entitled" on line 5 of the section, page 2 of the printed bill, the following: "or to a person who would be entitled if a resident of the State." This amendment avoids the narrow construction put upon the section by the Supreme Court and, it is believed, expresses the real intent of the Legislature.

Section 1383, C. C. P.

The amendment to this section is made by inserting after the word "them" on line 7 of the section, page 2 of the printed bill, the following: "whether the person so requesting is a resident or non-resident of the State."

Assembly Bill No. 181. Section 1328, C. C. P.

The words "of a regular term" are omitted because there are no terms of court.

Section 1329, C. C. P.

The amendment strikes out the words "personal service of the citation having been made upon any" and inserts in lieu thereof "proof having been made of service of the citation upon all of the," lines 4 and 5, page 2 of the printed bill.

Assembly Bill No. 182. Section 1323, C. C. P.

The words "clerk of the court" are substituted for "court or judge," in line 7, page 1 of the printed bill, making the section correspond to the practice set forth in Section 1303 of the Code of Civil Procedure.

Assembly Bill No. 183. Section 1300, C. C. P.

The word "legatees" is inserted in line 7, page 1 of the printed bill. Inasmuch as the devisees are already named in the statute, there is no question but that the word "legatees" was omitted through oversight.

Assembly Bill No. 184. Section 1269, C. C. P.

The word "possessed" has been substituted for the word "seized," line 16, page 2 of the printed bill.

The words "claimant and possessor" have been substituted for the word "person" at the beginning of line 22, page 2, of the printed bill.

The words "prior to the expiration of such time" are inserted in lines 28 and 29, page 2 of the printed bill.

The desirability of these changes are manifest. They require the summons, when an estate is claimed to have escheated, to be directed to the claimant and to the occupant, and make the publication sufficient if for one month prior to the hearing.

Section 1270, C. C. P.

The words "of such estate or any part thereof," after the word "charge," on line 37, page 2 of the printed bill, are added, it being evident that if a receiver is to take charge the relief should be complete and he should not be confined simply to the right to receive rents.

Section 1271, C. C. P.

The words "is the owner of the property" are substituted for the words "be seized," line 47, page 2 of printed bill. The word "property" is substituted for the words "land and tenements," line 53, page 3, printed bill. The words "is the owner and entitled to the possession thereof" are inserted in place of the words "be seized thereof," lines 55 and 56, page 3 of the printed bill.

The words "who have appeared and answered" are inserted after the word "defendants," on line 57, page 3 of the printed bill, in order to compel the dismissal of such defendants as have not appeared and answered.

The words "property, unless it consists of money" are substituted for the words "real property," in order to include all kinds of property, real, personal, and mixed, except money, on lines 60 and 61, page 3 of printed bill.

The word "or" is substituted for the word "and," on line 68, page 3 of the printed bill, to correct an evident mistake.

The words "of ten per cent," after the word "offer," on line 73 of the printed bill, are stricken out, thus re-opening the bidding and preventing the necessary escheating to the State if any amount in excess is bid.

Section 1272, C. C. P.

Omits the words "married woman" * * * "or persons beyond the limits of the United States," from the saving clause, there being now no disabilities with reference to said persons.

Assembly Bill No. 186. Section 1223, C. C. P.

The amendment is in subdivision one and substitutes the words "vote of two thirds of the members or of the holders of two thirds of the subscribed capital stock," for the ambiguous words in the present statute, the former being what was really intended by the Legislature.

Section 1230, C. C. P.

To provide for the notice to be given and by whom in proceedings for the voluntary dissolution of corporations.

Section 1234, C. C. P.

The word "unknown," in line 13, Section 3, page 2 of the printed bill, substituted for the word "known," to correct a manifest clerical error.

Assembly Bill No. 183. Sections 1204-1207, inclusive, C. C. P.

Have been rewritten, and 1208 added, because the first four sections are ambiguous and carelessly drawn. Nothing new is intended by the chapter.

Assembly Bill No. 190. Section 1115, C. C. P.

Substitutes "twenty" for "forty," and strikes out "the return day of the election," and inserts "declaration of the result of the election by the body canvassing the returns thereof." In *Carlson vs. Burt*, 111 Cal., 129, it was held that the words "return day of the election" meant the day on which by law the canvass of the vote commences. The result of that construction is, that if the canvass is sufficiently prolonged, no contest can be initiated. As the whole title refers to contesting the right of persons "declared elected," the time should run from that declaration. If that be so, forty days is too long, and twenty ample.

Section 1124, C. C. P.

Provides for contest of the result when the canvassing board has declared that a tie exists between candidates

Section 1126, C. C. P.

Insert "within thirty days after notice of the entry thereof," to make practice definite.

Assembly Bill No. 191. Section 1417, C. C. P.

The amendment is contained in the last sentence. As the law now stands, the compensation of a special administrator cannot be fixed until the final settlement of the estate, which may be, and often is, years after his services have been completed.

Assembly Bill No. 193. Section 1431, C. C. P.

Inserts the words "the same" before "jurisdiction," line 23, Section 1, page 2 of the printed bill, to correct a clerical error.

Section 1432, C. C. P.

Substitutes "hereinbefore" in place of "hereinafter," in line 8, Section 2, page 2, to correct a clerical error.

Assembly Bill No. 195. Section 1445, C. C. P.

Besides some trifling changes in verbiage, the amendment is designed to secure greater definiteness as to the inventory of a partnership property interest.

Assembly Bill No. 275. Section 1598, C. C. P.

Inserts after the words "petition by" the words "the executor or administrator, or by," thus authorizing him to present a petition for leave to convey property pursuant to a contract of sale made by the decedent.

Section 1600, C. C. P.

Strikes out at the end of the section the words "entered on the minutes of the court and recorded," this requirement being covered by the general provisions of Sections 1704 and 1604 of the same Code.

Section 1607, C. C. P.

The words "deed or transfer and" are omitted after the word "producing," on line 5, Section 3, page 2, to harmonize the section with Section 1604 of the same Code.

Assembly Bill No. 189. Sections 1166, 1167, and 1175, C. C. P.

"Verified" is substituted for "in writing," lines 3 and 4, Section 1, page 1, and Section 1175 thus made unnecessary, and the provisions respecting summons are omitted from Section 1166, that subject being left to the control of the general law and of Section 1167.

Assembly Bill No. 192. Section 1423, C. C. P.

Omits the provision that upon the admission of a will to probate the powers of the administrator cease. It is misleading, as the power continues until his letters are revoked, under Section 1428 of the same Code.

Assembly Bill No. 194. Section 1436, C. C. P.

Insert the words "direct such executor or administrator to be cited to appear and show cause why his letters should not be revoked, and," to make it clear that an executor or administrator may be cited without being first suspended.

Section 1437, C. C. P.

Amended to correspond to Section 1436.

Assembly Bill No. 198. Section 1458, C. C. P.

The amendment omits the word "alienates." A remedy of this kind should not be given except in cases where the action of the defendant has been fraudulent or criminal. The amendment also makes the section apply to embezzlement committed at any time, whether administration is pending or not. It would seem to be as important in the one case as in the other.

Section 1459, C. C. P.

Strikes out "in the latter case," thus entitling the person found innocent to recover his expenses, whether he is a non-resident of the county or not.

Section 1460, C. C. P.

Strikes out the provision that the order for a disclosure shall be prima facie evidence of the right of the executor or administrator to the property, and that the recovery must be for double its value; also substitutes "or fraudulently" for the words "conveyed away or." The present section is unjust and probably unconstitutional. The provision respecting double damages should be applicable only to the cases specified in Section 1458 of the same Code.

Assembly Bill No. 199. Section 1466, C. C. P.

In place of the word "amount," substitutes the word "property," line 3, Section 1, page 1.

Section 1468, C. C. P.

Inserts the words "other than the homestead selected and recorded during the lifetime of the decedent," lines 3 and 4, Section 2, page 1, and substitutes the word "spouse" for the word "husband" where it occurs in the section, thus avoiding the rule affirmed in *Estate of Walkerly*, 108 Cal. 627, and leaving the homestead subject to administration, without, however, impairing the homestead rights.

Assembly Bill No. 200. Section 1471, C. C. P.

Added to settle the practice with reference to giving notices in the matter of setting apart homesteads, as it already exists under rules of court in many jurisdictions and to make the practice uniform.

Assembly Bill No. 276. Section 1612, C. C. P.

The words "in writing" inserted at end of section, that being the real intent.

Respectfully submitted.

WYATT, Chairman.

My country! 'tis of thee,
Sweet land of liberty,

Land of the pilgrims' pride,
From ev'ry mountain side,
Let freedom ring!

Our father's God! to Thee,
Author of Liberty,
To Thee we sing;
Long may our land be bright
With freedom's holy light;
Protect us by Thy might,
Great God, our King!

THE STAR-SPANGLED BANNER.

Oh, say, can you see by the dawn's early light,
 What so proudly we hail'd at the twilight's last gleaming,
 Whose broad stripes and bright stars, thro' the perilous fight,
 O'er the ramparts we watch'd, were so gallantly streaming?
 And the rockets' red glare, the bombs bursting in air,
 Gave proof thro' the night that our flag was still there.

Chorus.

Oh, say, does that star-spangled banner yet wave
 O'er the land of the free, and the home of the brave?

Oh, thus be it ever when freemen shall stand
 Between their lov'd home and the war's desolation;
 Blest with vict'ry and peace, may the heav'n-rescued land
 Praise the pow'r that hath made and preserved us a nation
 Then conquer we must, when our cause it is just,
 And this be our motto: "In God is our trust."

Chorus.

And the star-spangled banner in triumph shall wave
 O'er the land of the free, and the home of the brave!

ON INVESTIGATION.

ASSEMBLY CHAMBER, SACRAMENTO, February 14, 1907.

MR. SPEAKER: Your special committee appointed to investigate and ascertain who was responsible for an article published in the Willows Journal, over the signature of Hon. F. H. Smyth, severely reflecting upon the alleged conduct of certain members of this body at the funeral of the late Hon. J. J. Burke, which article was copied in the Sacramento Bee and other papers, respectfully report:

That we have carefully considered all of the evidence bearing upon this subject which we have been able to procure and find therefrom:

That the portion of said article referring to the alleged conduct of members of this body at the funeral of Hon. J. J. Burke was not written or authorized by Mr. Smyth but was interpolated, without his knowledge or authority, in an article, otherwise unobjectionable, which he had dictated to one J. T. Merrill, who on the occasion acted as his amanuensis.

That said Mr. Smyth caused said article to be signed by his secretary and mailed to the Willows Journal in ignorance of the interpolation therein made by said Merrill.

That your committee has offered every facility, and used all means in its power, to procure said Merrill to appear before it and explain his share in the transaction, but he has persistently refused to furnish any information.

That Hon. F. H. Smyth is in no wise responsible for the portion of the article charging misconduct by members of this body at the funeral of Hon. J. J. Burke and should be exonerated from all blame therefor.

Your committee respectfully recommend that no further action be taken in the matter. Respectfully submitted.

ON REVISION AND REFORM OF LAWS.

The following supplemental report on Code Revision Bills on Third-reading Special File was submitted and ordered printed in the Journal:

SACRAMENTO, February 15, 1907.

To the Assembly.

GENTLEMEN: Your Committee on Revision and Reform of Laws hereby submits a supplemental report on the code revision bills upon special third reading, giving the nature of, and reasons for the amendments in the respective bills, as follows:

Assembly Bill No. 291. Section 2104, C. C. P.

This section is repealed because there have heretofore been two sections covering the same subject which were somewhat conflicting, and the two sections have been amalgamated into Section 573, which is the subject of Senate Bill No. 321.

Assembly Bill No. 178. Section 1349, C. C. P.

The words "who must appear and qualify" toward the end of the section, are omitted, and in their place are inserted "unless they or either of them have renounced their rights to letters, and if no." At the end of the section has been added the following: "In the order, the court must ascertain and determine whether said estate is worth more or less than ten thousand dollars, which determination is conclusive for the purpose of giving notice to creditors, but for no other purpose." The object of this last amendment is to require the court to find the value of the estate for the sole purpose of fixing the time for which notice to creditors must be given.

Section 1350, C. C. P.

The final clause respecting the renouncement by executors was omitted and the matter provided for in new Section 1350a.

Section 1350a, C. C. P.

See note to Section 1350.

Section 1351, C. C. P.

The words "estate or" in line 3 of section on page 2 of the printed bill, are inserted before "will," the reason being self evident.

Assembly Bill No. 384. Section 384, C. C.

There are two sections in the Civil Code containing identical language, one being 384, and the other 404; 384 is not in the proper place, and 404 is. Section 384 is therefore repealed, leaving Section 404 intact, and a proviso is added in the repealing Act so that any rights acquired under 384 shall not be lost, but shall be continued in force under the provisions of Section 404.

Assembly Bill No. 180. Section 1371, C. C. P.

The amendment consists in omitting after the word "petition" on line 11, page 1 of the printed bill, the words: "and are afterwards proved in the course of administration," because no means are provided for ascertaining what subsequent proofs are made, and the words omitted add nothing but doubt to the section.

Section 1379, C. C. P.

The amendment consists in adding after the word "entitled" on line 5 of the section, page 2 of the printed bill, the following: "or to a person who would be entitled if a resident of the State." This amendment avoids the narrow construction put upon the section by the Supreme Court and, it is believed, expresses the real intent of the Legislature.

Section 1383, C. C. P.

The amendment to this section is made by inserting after the word "them" on line 7 of the section, page 2 of the printed bill, the following: "whether the person so requesting is a resident or non-resident of the State."

Assembly Bill No. 181. Section 1323, C. C. P.

The words "of a regular term" are omitted because there are no terms of court.

Section 1329, C. C. P.

The amendment strikes out the words "personal service of the citation having been made upon any" and inserts in lieu thereof "proof having been made of service of the citation upon all of the," lines 4 and 5, page 2 of the printed bill.

Assembly Bill No. 182. Section 1323, C. C. P.

The words "clerk of the court" are substituted for "court or judge," in line 7, page 1 of the printed bill, making the section correspond to the practice set forth in Section 1303 of the Code of Civil Procedure.

Assembly Bill No. 183. Section 1300, C. C. P.

The word "legatees" is inserted in line 7, page 1 of the printed bill. Inasmuch as the devisees are already named in the statute, there is no question but that the word "legatees" was omitted through oversight.

Assembly Bill No. 184. Section 1269, C. C. P.

The word "possessed" has been substituted for the word "seized," line 16, page 2 of the printed bill.

The words "claimant and possessor" have been substituted for the word "person" at the beginning of line 22, page 2, of the printed bill.

The words "prior to the expiration of such time" are inserted in lines 28 and 29 page 2 of the printed bill.

The desirability of these changes is manifest. They require the summons, when an estate is claimed to have escheated, to be directed to the claimant and to the occupant, and make the publication sufficient if for one month prior to the hearing.

Section 1270, C. C. P.

The words "of such estate or any part thereof," after the word "charge," on line 37, page 2 of the printed bill, are added, it being evident that if a receiver is to take charge the relief should be complete and he should not be confined simply to the right to receive rents.

Section 1271, C. C. P.

The words "is the owner of the property" are substituted for the words "be seized," line 47, page 2 of printed bill. The word "property" is substituted for the words "land and tenements," line 53, page 3, printed bill. The words "is the owner and entitled to the possession thereof" are inserted in place of the words "be seized thereof," lines 55 and 56, page 3 of the printed bill.

The words "who have appeared and answered" are inserted after the word "defendants," on line 57, page 3 of the printed bill, in order to compel the dismissal of such defendants as have not appeared and answered.

The words "property, unless it consists of money" are substituted for the words "real property," in order to include all kinds of property, real, personal, and mixed, except money, on lines 60 and 61, page 3 of printed bill.

The word "or" is substituted for the word "and," on line 68, page 3 of the printed bill, to correct an evident mistake.

The words "of ten per cent," after the word "offer," on line 73 of the printed bill, are stricken out, thus re-opening the bidding and preventing the necessary escheating to the State if any amount in excess is bid.

Section 1272, C. C. P.

Omits the words "married woman" * * * "or persons beyond the limits of the United States," from the saving clause, there being now no disabilities with reference to said persons.

Assembly Bill No. 186. Section 1223, C. C. P.

The amendment is in subdivision one and substitutes the words "vote of two thirds of the members or of the holders of two thirds of the subscribed capital stock," for the ambiguous words in the present statute, the former being what was really intended by the Legislature.

Section 1230, C. C. P.

To provide for the notice to be given and by whom in proceedings for the voluntary dissolution of corporations.

Section 1234, C. C. P.

The word "unknown," in line 13, Section 3, page 2 of the printed bill, substituted for the word "known," to correct a manifest clerical error.

Assembly Bill No. 188. Sections 1204-1207, inclusive, C. C. P.

Have been rewritten, and 1208 added, because the first four sections are ambiguous and carelessly drawn. Nothing new is intended by the chapter.

Assembly Bill No. 190. Section 1115, C. C. P.

Substitutes "twenty" for "forty," and strikes out "the return day of the election," and inserts "declaration of the result of the election by the body canvassing the returns thereof." In *Carlson vs. Burt* 111 Cal. 129, it was held that the words "return day of the election" meant the day on which by law the canvass of the vote commences. The result of that construction is, that if the canvass is sufficiently prolonged, no contest can be initiated. As the whole title refers to contesting the right of persons "declared elected," the time should run from that declaration. If that be so, forty days is too long, and twenty ample.

Section 1124, C. C. P.

Provides for contest of the result when the canvassing board has declared that a tie exists between candidates.

Section 1126, C. C. P.

Insert "within thirty days after notice of the entry thereof," to make practice definite.

Assembly Bill No. 191. Section 1417, C. C. P.

The amendment is contained in the last sentence. As the law now stands, the compensation of a special administrator cannot be fixed until the final settlement of the estate, which may be, and often is, years after his services have been completed.

Assembly Bill No. 198. Section 1431, C. C. P.

Inserts the words "the same" before "jurisdiction," line 23, Section 1, page 2 of the printed bill, to correct a clerical error.

Section 1432, C. C. P.

Substitutes "hereinbefore" in place of "hereinafter," in line 8, Section 2, page 2, to correct a clerical error.

Assembly Bill No. 195. Section 1445, C. C. P.

Besides some trifling changes in verbiage, the amendment is designed to secure greater definiteness as to the inventory of a partnership property interest.

Assembly Bill No. 275. Section 1598, C. C. P.

Inserts after the words "petition by" the words "the executor or administrator, or by," thus authorizing him to present a petition for leave to convey property pursuant to a contract of sale made by the decedent.

Section 1600, C. C. P.

Strikes out at the end of the section the words "entered on the minutes of the court and recorded," this requirement being covered by the general provisions of Sections 1704 and 1604 of the same Code.

Section 1607, C. C. P.

The words "deed or transfer and" are omitted after the word "producing," on line 5, Section 3, page 2; to harmonize the section with Section 1604 of the same Code.

Assembly Bill No. 189. Sections 1166, 1167, and 1175, C. C. P.

"Verified" is substituted for "in writing," lines 3 and 4, Section 1, page 1, and Section 1175 thus made unnecessary, and the provisions respecting summons are omitted from Section 1166, that subject being left to the control of the general law and of Section 1167.

Assembly Bill No. 192. Section 1423, C. C. P.

Omits the provision that upon the admission of a will to probate the powers of the administrator cease. It is misleading, as the power continues until his letters are revoked, under Section 1428 of the same Code.

Assembly Bill No. 194. Section 1436, C. C. P.

Insert the words "direct such executor or administrator to be cited to appear and show cause why his letters should not be revoked, and," to make it clear that an executor or administrator may be cited without being first suspended.

Section 1437, C. C. P.

Amended to correspond to Section 1436.

Assembly Bill No. 198. Section 1458, C. C. P.

The amendment omits the word "alienates." A remedy of this kind should not be given except in cases where the action of the defendant has been fraudulent or criminal. The amendment also makes the section apply to embezzlement committed at any time, whether administration is pending or not. It would seem to be as important in the one case as in the other.

Section 1459, C. C. P.

Strikes out "in the latter case," thus entitling the person found innocent to recover his expenses, whether he is a non-resident of the county or not.

Section 1460, C. C. P.

Strikes out the provision that the order for a disclosure shall be prima facie evidence of the right of the executor or administrator to the property, and that the recovery must be for double its value; also substitutes "or fraudulently" for the words "conveyed away or." The present section is unjust and probably unconstitutional. The provision respecting double damages should be applicable only to the cases specified in Section 1458 of the same Code.

Assembly Bill No. 199. Section 1466, C. C. P.

In place of the word "amount," substitutes the word "property," line 3, Section 1, page 1.

Section 1468, C. C. P.

Inserts the words "other than the homestead selected and recorded during the lifetime of the decedent," lines 3 and 4, Section 2, page 1, and substitutes the word "spouse" for the word "husband" where it occurs in the section, thus avoiding the rule affirmed in *Estate of Walkerly*, 108 Cal. 627, and leaving the homestead subject to administration, without, however, impairing the homestead rights.

Assembly Bill No. 200. Section 1471, C. C. P.

Added to settle the practice with reference to giving notices in the matter of setting apart homesteads, as it already exists under rules of court in many jurisdictions and to make the practice uniform.

Assembly Bill No. 276. Section 1612, C. C. P.

The words "in writing" inserted at end of section, that being the real intent.

Assembly Bill No. 427. Section 954, C. C. P.

Amend the section so as to extend the power with respect to the acceptance of bonds to District Courts of Appeal.

Assembly Bill No. 604. Section 11, Pol. C.

Repealed, because its provisions are already contained, word for word, in Section 10 of the same Code.

Assembly Bill No. 605. Section 35, Pol. C.

Codifies the statute of 1873-4, page 621

Assembly Bill No. 606. Sections 543-554, incl., Pol. C.

Intended to be terminated by statute of 1873-4, page 694, and hence should be taken out of the Code.

Assembly Bill No. 607. Section 444, Pol. C.

Codifies statute of 1899, page 156

Section 461, Pol. C.

Codifies statute of 1873-4, page 593.

Assembly Bill No. 608. Section 465a, Pol. C.

Codifies statute of 1880, page 20.

Assembly Bill No. 609. Section 364, Pol. C.

Amended by adding "or during his absence from the capital, the assistant attorney-general," to harmonize section with provisions of present Section 412 of the same Code.

Assembly Bill No. 610. Section 367, Pol. C.

Superseded by present Constitution.

Assembly Bill No. 611. Section 501, Pol. C.

The word "superior" substituted for "district."

Assembly Bill No. 612. Section 349, Pol. C.

Repealed, because repealed by statute of 1871-2, page 554, which was itself superseded by Section 526 of the Political Code.

Assembly Bill No. 474. Sections 2787, 2789, Pol. C.

These two sections are revised, so that a right of way may be acquired as well as land, and the language made broad enough to meet possible conditions that necessarily arise from time to time.

Section 2802, Pol. C.

Extend the provisions of the article to toll roads for automobiles and other horseless vehicles.

Assembly Bill No. 197. Section 1454, C. C. P.

Codifies statute of February 18, 1874, as amended in statute of 1895, page 32.

Assembly Bill No. 272. Section 1518, C. C. P.

Omits "if the defects be supplied by the proofs at the hearing," the order stating the general facts ought to be sufficient, and there is no other practical method of preserving what is proved at the hearing.

Section 1522, C. C. P.

Inserts "or any person interested in the estate," after the words "special administrator."

Section 1524, C. C. P.

The amendment consists of the last clause, requiring the testimony of the surviving partner to be taken, though he is out of the county.

Section 1537, C. C. P.

Same change as in Section 1518, *supra*.

Section 1543, C. C. P.

The amendment is contained in this last sentence: Under this provision, a separate suit for foreclosure will never be necessary, unless there are other parties to be sued.

Section 1544, C. C. P.

Inserts "in whole or in part" after "credit."

Section 1569, C. C. P.

The third sentence of the present section is transferred to Section 1491, and the last sentence of the present section is supplanted by the last two sentences of the amendment. It is intended to guard the rights of the mortgagee by requiring the amounts realized from a sale of the mortgaged property to be paid into the county treasury, instead of the clerk of the court.

Section 1573, C. C. P.

Requires the time for the commencement of an action to recover real property to be computed from the taking of adverse possession thereof, instead of from the time of the settling of the final account of the administrator.

Section 1575, C. C. P.

"One" is changed to "not less than five."

Section 1576, C. C. P.

Permits an executor or administrator to purchase the property of the estate upon the consent in writing of all the persons interested therein. This assimilates the case of an executor or administrator to that of any other trustee. There seems to be no reason why such should not be the rule.

Assembly Bill No. 196. Section 1452, C. C. P.

The word "profits" has been substituted for "forfeits," to correct an error. The last sentence has been added to cover cases of a class which has been before the Supreme Court, where an administrator dies when nothing further remains to be done with the estate beyond distribution, and where the estate is already in the hands of the persons entitled to distribution. In such case, public administrators and others, for the sole purpose of making fees, have sued to recover the property, which has caused great and unnecessary trouble and expense.

Assembly Bill No. 288. Section 2012, C. C. P.

The present section undertakes to specify the officers before whom affidavits may be taken, and manifestly omits to name many of them.

Assembly Bill No. 613. Sections 1573-1596, incl., Pen. C.

Codification of Act of March 19, 1889 (Statutes 1889, page 404, as amended 1905, pages 520 and 724).

Assembly Bill No. 187. Section 1209, C. C. P.

In subdivision 1 "deceit" is omitted, and in place thereof are substituted the words "falsely pretending to act under authority of an order or process of court." From subdivision 12 has been omitted the sentence "Disobedience of the lawful orders or process of a judicial officer is also a contempt of the authority of such officer." This matter is already covered by Sections 177 and 178.

Section 1210, C. C. P.

Substitutes "or to his lessee, grantee, or successor in interest" for "or to his lessor or grantor."

Assembly Bill No. 202. Section 1497, C. C. P.

The word "land" changed to "property," so as to include both real and personal property liens.

Section 1498, C. C. P.

The amendment consists in adding the last sentence

Section 1502, C. C. P.

Omits the words "unless proof be made of the presentation required," and substitutes therefor the words "without such presentation," to meet the decision in *Derby vs. Jackman*, 89 Cal. 1.

Section 1503, C. C. P.

The amendment is intended to make the section mean what it probably was intended to mean, but what it was declared not to mean, in *Walkerley vs. Bacon*, 85 Cal., 137.

Section 1504, C. C. P.

Inserts after "claim," "whether due or to become due, absolute or contingent," and thereby makes it possible to sue for the purpose of establishing a rejected claim, though it is contingent or not yet due.

Section 1505, C. C. P.

Inserts the word "or" between "testate" and "intestate," to correct an error

Section 1509, C. C. P.

Repealed to avoid conflict with Section 1031.

Assembly Bill No. 274. Section 1591, C. C. P.

The amendment is contained in the last sentence. Since the decedent himself could not have recovered the property, his heirs should have no better right. In an action brought against a living person, to set aside a transfer void as to creditors, it can only be set aside so far as the claim of the creditor extends. The rule in case of deceased persons should be the same.

Section 1592, C. C. P.

A new section, consisting of Section 1640 amended by inserting after "petition" in the last sentence the words "for not less than ten days."

Assembly Bill No. 277. Section 1622, C. C. P.

Omits the requirement for filing an exhibit six months after the appointment of an executor or administrator, and leaves such exhibit to be filed whenever the court may direct. The time should differ according to the circumstances of the estate. Thus, if the estate is worth more than ten thousand dollars, no exhibit of any value can be filed until after the ten months allowed for the presentation of claims have expired.

Section 1636, C. C. P.

Entitles the party to a jury trial when an allowed claim is contested.

Sections 1623, 1624, 1635, C. C. P.

Repealed, as unnecessary and inconsistent with Section 1622, as amended.

Section 1640, C. C. P.

Repealed, because its contents are embraced in Section 1592, as amended.

Assembly Bill No. 279. Section 1658, C. C. P.

Inserts the words "or any portion thereof," to make the section agree with Subdivision 2 of Section 1661.

Section 1660, C. C. P.

The words "or any other heir, devisee, or legatee may make a similar application for himself." This prevents the abuse of an heir, devisee, or legatee making application at such a hearing, and having it disposed of without notice to the world.

Section 1661, C. C. P.

The section as amended consolidates present Sections 1661 and 1663, both of which seem to have been designed to accomplish the same purpose.

Section 1663, C. C. P.

Repealed, because Section 1661 covers the whole subject-matter.

Section 1665, C. C. P.

Strikes out "and the issue of other children" and inserts "or the issue of a deceased child," and also strikes out "to the other heir at law," and inserts "as provided in the Civil Code." The clause proposed to be amended is clearly in conflict with Subdivision 7 of Section 1386 of the Civil Code. The rule of the Civil Code is one which has existed in this State from its inception, and clearly ought to be retained. The proposed amendments make these sections harmonious.

Section 1668, C. C. P.

The amendment provides that any person interested may appear and contest a petition for distribution by filing written objections thereto.

Assembly Bill No. 663. Section 2349, Pol. C.

Adds all after the words "First Napa Creek." Consolidates with Section 2351, and codifies 1873-4, page 790; 1875-6, page 483; 1877-8, page 830, and 1869-70, page 22.

Section 2351, Pol. C.

Repealed, because contained in Section 2349 as amended.

Assembly Bill No. 273. Section 1582, C. C. P.

Strikes out "thereon" after "adverse claim," and inserts "thereto, or for partition of real property," and adds the last sentence of Section 1452. It was held in *Ryer vs. Fletcher Ryer Co.*, 126 Cal. 482, that an administrator could not maintain an action for partition. This is a very inconvenient rule and should be changed.

Section 1583, C. C. P.

Consolidating present Sections 1583 and 1584, which cover the same subject.

Section 1584, C. C. P.

The proposed new section is intended to do away with the rule declared in *James vs. Throckmorton*, 57 Cal. 368, under which executors and administrators are prevented from obtaining the relief granted by this section. This rule never had any good foundation in law, and should be altered. The last portion of the section, which provides for distribution to the executor or administrator of a deceased heir, legatee, or devisee, is followed by an amendment to Section 1678, concerning distribution.

Section 1587, C. C. P.

Striking out "to whom letters were issued" and inserting "who have been appointed executors." As letters are not allowed to issue before qualification, the sentence as it stands in the present section is absurd.

Section 1589, C. C. P.

"For" is inserted after "sue," to correct a mistake.

Assembly Bill No. 278. Section 1643, C. C. P.

The amendment provides for liens other than those arising from mortgage, and adds the provision of the last sentence of Section 1494 and the last sentence of 1496.

Section 1644, C. C. P.

Adds "or lien" after the word "mortgage."

Section 1647, C. C. P.

The section as amended applies only to the settlement of an account rendered after the expiration of the time for the presentation of claims.

Assembly Bill No. 280. Section 1717, C. C. P.

Inserts "and sign and file its decision in writing, as provided in Sections 632 and 633." The practice with reference to the filing of written findings in the trial of issues of fact in probate, where there is no jury, should be the same as in civil actions, and the amendment codifies the decision of the Supreme Court with regard to that practice.

Assembly Bill No. 282. Sections 1733, 1734, C. C. P.

Repealing Sections 1733 and 1734, because their subject-matter is included in Sections 1459 and 1461.

Assembly Bill No. 283. Section 1750, C. C. P.

"Nominate" is substituted for "appoint."

Section 1753, C. C. P.

The amendment is intended to express the distinction between the guardian of the person and the guardian of the estate. As the section now stands, it purports to give like power to each.

Section 1763, C. C. P.

Requires the appointment of a guardian of an insane person to be by the court, instead of by a judge, and that such person shall be a resident of the county.

Section 1766, C. C. P.

The word "guardian" changed to "guardianship," in the last sentence, to correct a clerical error.

Section 1768, C. C. P.

The words "in this title for the sale of real estate of decedents," are stricken out and "article four of this chapter" inserted. Article IV makes full provision for the sale of property by guardians, and contains many provisions entirely inconsistent with those provided for the sale of property of decedents. The reference in this section is, therefore, erroneous, and might be productive of serious results.

Section 1773, C. C. P.

The requirement that a guardian return an annual inventory of real estate is omitted, and instead he is required to render accounts annually and at such times as the court may direct.

Section 1776, C. C. P.

The amendment consists of the last sentence, and is intended to establish the rule set out in the dissenting opinion in *Estate of Kincaid*, 120 Cal. 203. The authorities cited in that opinion show that such has always been the rule of courts of equity, and that it is a just and practicable rule, which ought to be adopted.

Section 1793, C. C. P.

To harmonize the section with Section 1747.

Section 1800, C. C. P.

See note to Section 1453 (Assembly Bill No. 198).

Section 1807, C. C. P.

Strikes out "who must give a bond" and inserts "each of whom must give a separate bond," to make provisions of section uniform with those of Section 1391 of the same Code.

Section 1809, C. C. P.

Inserts "and ten hundred and fifty-six."

Section 1752, C. C. P.

Repealed, because inconsistent with 1753, which declares the proper rule. If a minor has a father or mother who is competent to act as guardian, the father or mother has the first right to appointment as guardian. If the father and mother are not competent to act as guardians, they are equally incompetent to have the custody of the minor or the care of his property.

Section 1774, C. C. P.

Repealed as superfluous, its substance being now in Section 1773.

Section 1760, C. C. P.

Transfers the provisions of Section 255 of the Civil Code to this section, where they properly belong.

Assembly Bill No. 284. Sections 1822, 1822a, 1822b, C. C. P.

Codifying the statute of 1893, page 218.

Assembly Bill No. 289. Section 2043, C. C. P.

To the section have been added the words "but a party to the action or proceeding cannot be so excluded, and if a corporation is a party thereto, it is entitled to the presence of one of its officers, to be designated by its attorney."

Section 2054, C. C. P.

The last clause of the present section declares an impracticable rule. It frequently happens that the testimony of several witnesses is necessary to prove the execution of a particular writing, and, under our practice, more than one witness can not be on the stand at the same time. The last clause of the amendment states the rule at common law, which, by some oversight, has up to this time been omitted from the Code.

Assembly Bill No. 290. Section 2064, C. C. P.

"Lawfully" inserted after "controlled." See *Ex parte Clark*, 126 Cal. 235.

Section 2070, C. C. P.

Omitting, at the beginning of the section, the words "The court or officer issuing the subpoena, and."

Respectfully submitted.

WYATT, Chairman.

ASSEMBLY JOINT RESOLUTION NO. 4.

WHEREAS, Since the recent conflagration in San Francisco the price of all kinds of building material has been advanced to an extent which renders it impossible for thousands of property holders to construct new buildings, thereby seriously retarding the rebuilding of this city; and

WHEREAS, Relief from the present conditions resulting from the exorbitant and prohibitive prices of building material can be had only by the removal or material reduction for a definite period of time of the duties imposed by Congress upon building materials imported from foreign countries; and

WHEREAS, The masses of the people and all political parties within the State demand speedy relief from Congress in the premises; and

WHEREAS, Congress has the undoubted power under the Constitution of the United States, to remove such duties, as was done for the relief of Portland, Maine, after the fire which destroyed a large section of that city, in the year 1866, or to grant relief in the nature of rebates or drawbacks as was done for the relief of Chicago, after the great fire of 1871; and

WHEREAS, The losses sustained and territory burned in the Portland fire were insignificant compared with the losses sustained and territory burned in the San Francisco fire; and

WHEREAS, The losses sustained in the Chicago fire were about one third of those sustained in the San Francisco fire, and the territory devastated equaled about one sixth of the territory burned in this city; now, therefore, be it

Resolved, That the members of Congress from the State of California be requested to support the enactment by Congress of an Act, similar to that passed by Congress for the relief of Chicago, including, however, lumber, which was excepted from the statute relating to Chicago; and be it further

All such appointments shall be so made that not more than two members of the board shall at any one time belong to the same political party. The members of this commission shall serve without compensation.

The commissioners shall organize by electing one of their number president and one secretary and they shall hold office for one year and until their successors have been elected and have qualified, unless the membership of either on the board sooner expires.

SEC. 2. The mayor, with the consent of the council, may remove any commissioner for incompetency, neglect of duty or malfeasance in office.

SEC. 3. Said commission shall classify all the offices and places of employment mentioned in section 11 of this subdivision with reference to examination herein provided for. The offices and places so classified by the commission shall constitute the classified civil service of the city; and no appointment to any such offices or places shall be made except under and according to the rules hereinafter mentioned.

SEC. 4. Said commission shall make rules to carry out the purposes of this article and for the examinations and appointments in accordance with its provisions, and the commission may, from time to time, make changes in such rules.

SEC. 5. All rules made as hereinbefore provided, and all changes therein, shall be printed for distribution by said commission. All applicants for office, places, or employments in said classified civil service, shall be subject to examination, which shall be public, competitive and free to all citizens of the United States, with specified limitations as to residence, age, sex, health, habits and moral character. Such examinations shall be practical in their character, and shall relate to those matters which will fairly test the relative capacity of the persons examined to discharge the duties of the position to which they seek to be appointed, and when appropriate, shall include, or exclusively consist of, tests of physical qualifications, health, and manual skill. No question in any examination shall relate to political or religious opinions or affiliations. The commission shall control all examinations, and may, whenever an examination is to take place, obtain the assistance of a suitable person or number of persons to aid it in preparing for and conducting such examinations.

SEC. 7. Notice of time, place, and general scope of every examination shall be given by the commission by publication for two weeks preceding such examination in the official paper, and such notice shall also be posted in a conspicuous place at the city hall and in its office two weeks before such examination. Such further notice of examination shall be given as it may prescribe, *provided*, that, for registration in the class of unskilled laborers, medical or physical examinations may be made or held from day to day as applicants present themselves, and without previous notice.

SEC. 8. From the examinations made by the commission it shall prepare a register, in each grade or class of positions, in the classified civil service, other than

The commission shall also keep a register upon which shall be entered, in the order of their application, the names of all who apply for employment in the class of unskilled laborers, and who, after such medical or physical examination as the board may prescribe are found to be capable of performing in a satisfactory manner the duties of the occupation sought. In case any registered applicant in said class of unskilled laborers shall be employed and subsequently laid off or dismissed through lack of work, or through no fault of his own, that fact shall be forthwith certified to the board of civil service commissioners by the head of the department in which such laborer was employed, and he shall be restored to the original place upon the register.

The head of a department in which a position, classified under this article, except a position in the class of unskilled laborers, is to be filled, shall notify said commission of that fact, and said commission shall certify to such officer the name and address of one or more candidates, not exceeding three, standing highest on the register, for the class or grade to which said position belongs. In making such certification, sex shall be disregarded, except when some statute, the rules of said commission, or the appointing power specify sex. Said appointing officer or department shall notify said commission of each position to be filled separately, and shall fill such place from the names certified to him or it by said commission therefor. The candidate thus appointed shall be employed on probation for a period to be fixed by said rules, not exceeding six months. Each candidate, unless he shall be sooner appointed, or otherwise lawfully cease to be a candidate, shall be certified for appointment in the grade or class for which he is eligible not less than three times, and no candidate shall lose his place on the register by certification or rejection, except that said commission may strike off names of candidates from the register after they have remained thereon more than two years. At or before the expiration of the period of probation, the head of the department or office in which the candidate is employed, may discharge him upon assigning in writing the reasons therefor to said commission. If he is not thus discharged during the period of probation, his appointment shall be deemed complete. To prevent the stoppage of public business, or to meet extraordinary exigencies, the head of any department or any officer or board may, under such regulations as the commission may by its rules prescribe, make temporary appointments in the classified civil service, to remain in force not exceeding sixty days, and only until regular appointment, under the provisions of this article, can be made.

SEC. 11. The provisions of this article shall apply to the following departments of the city, to wit:

Police, fire, and such other departments or employees of the city as may hereinafter be enacted by ordinance.

SEC. 12. Such charges shall be publicly investigated by the board of police commissioners in the case of an officer or an employee in the police department; by the board of fire commissioners in the case of an officer or employee in the fire department; and by the board of civil service commissioners in all other cases. If the board conducting such investigation shall find that sufficient cause is shown therefor, it shall order that such officer or employee be removed or discharged, such finding and decision shall be final, and except in the case of an officer

or employee in the police or fire departments, shall be certified to and be forthwith enforced by the appointing board or officer.

Nothing in this article shall limit the power of any appointing board or officer to suspend a subordinate for a reasonable period, not exceeding thirty days.

Sec. 13. Immediate notice in writing shall be given by the appointing powers, to said commission, of all appointments, permanent or temporary, made in such classified civil service, and of all transfers, promotions, resignations, or vacancies from any cause in such service, and of the date thereof, and a record of the same shall be kept by said commission. When any office or place of employment is created or abolished, or the compensation attached thereto altered, the officer or board making such change, shall immediately report in writing to said commission.

Sec. 14. The commission shall investigate the enforcement of this article and its rules, and the conduct and action of the appointees in the classified civil service in this city.

Sec. 15. Said commission shall make an annual report to the mayor for transmission to the council. The mayor may require a special report from said commission at any time.

Sec. 19. No applicant for appointment in said classified civil service, either directly or indirectly, shall pay or promise to pay any money or other valuable thing to any person whatever for or on account of his appointment, and no other officer or employee shall pay, or promise to pay, either directly or indirectly, any money or valuable thing whatever, for or on account of his promotion.

Sec. 20. The commission shall certify to the auditor all appointments to offices or places in the classified civil service, or vacancies occurring therein whether by dismissal, resignation or death, and all findings that a person shall be discharged from the classified civil service.

Sec. 21. The term "audited," as used in this charter, with reference to demands upon the treasury, is to be understood to mean that said demands have been presented to, passed upon and approved by every officer and board of officers as required by the charter, or the objections of the auditor have been overruled as herein provided, and this must appear upon the face of the paper representing the demand, or else it is not audited.

SEC. 11. No demand shall be approved by the auditor in favor of any person or officer, or the assignee of any person or officer, who is indebted to the city, without first deducting the amount of such indebtedness, nor in favor of any officer having the collection, custody or disbursement of public funds who shall have failed to account to the city as required by law or this charter; nor in favor of any officer who shall have neglected to make his official returns or report in writing in the manner or at the time required by law or this charter, or by the ordinances or regulations made in pursuance thereof, nor in favor of any officer who may have neglected or refused to comply with any of the provisions of this charter or ordinances of the city, or any act of the legislature regulating the duties of such officer on being required in writing to comply therewith by the mayor or the president of the council; nor in favor of any officer for the time he shall have absented himself, without lawful cause, from the duties of his office during the office hours prescribed by this charter or by ordinance, and the auditor may examine any officer receiving a salary from the treasury on oath touching such absence.

SEC. 12. The auditor must number and keep a record of all demands on the treasury approved by him, or his objection to which have been overruled, showing the number, date, amount and name of the original and present holder, on what account allowed, out of what fund payable and by what officer or board it has been previously approved; and it shall be a misdemeanor in office for the auditor to deliver any demand with his approval thereon, or otherwise, until this requisite has been complied with.

SEC. 13. Every lawful demand upon the treasury, audited and allowed as in this charter required, shall in all cases be paid upon presentation if there be sufficient money in the treasury applicable to the payment of such demand, and the demand canceled with a punch cutting the word "canceled," therein and the proper entry thereof made. If, however, there be not sufficient money so applicable, then it shall be registered in a book kept for that purpose by the treasurer; such register shall show the special number given by the council or other authority and also by the auditor to each demand presented; also when presented the date, amount, name of original holder and on what account allowed, and against what appropriation drawn, and out of what specific fund payable. All demands shall be paid in the order of their registration. Each demand upon being so registered shall be returned to the party presenting it, with the indorsement of the word, "registered," dated and signed by the treasurer; but the registration of any demand shall not operate to recognize or make valid such demand if incurred contrary to law or any of the provisions of this charter.

SEC. 14. Nothing in this article contained shall be construed as interfering with or preventing the payment by the city treasurer of the bonded indebtedness of the city, and the interest coupons thereof, in accordance with the constitution, laws and ordinances authorizing the issuance of said bonds.

SEC. 15. Before any demand which originates in the fire, police, or park departments of the city government can be approved by the council it must first be approved by the board of commissioners having charge of such approval, must be indorsed on such demand and must be evidenced by the signature of the presiding officer of such boards and by the clerk of each.

SEC. 16. All public moneys collected by any officer or employe of the city shall be paid into the city treasury upon written order by the auditor designating the fund to which it belongs, without deduction on account of fees, commissions, or any other cause or pretense; and the compensation of any officer, employee, or other person so collecting money shall be paid by demands on the treasury, duly audited as other demands are audited and paid.

SEC. 17. No suit shall be brought upon any claim for money or damages against the City of Long Beach, its board of education, or the board of library trustees, until a demand for the same has been presented, as herein provided, and rejected in whole or in part.

ARTICLE XI.

REVENUES AND TAXATION.

SECTION 1. On or before the first Mouday in July in each year the several heads of departments, offices, boards and commissions shall send to the city council an estimate in writing of the amount of expenditure, specifying in detail the object thereof, required in their respective departments, offices, boards and commissions during the year. Duplicates of these estimates shall be sent to the auditor.

SEC. 2. On or before the first Monday of July of each year, the assessor shall complete his list or assessment roll and shall attach his certificate thereto and deliver it and the books, and maps he may have accompanying the same and all the original lists of property given to him to the city auditor, and the auditor shall thereupon notify the city council and the city clerk shall thereupon notify the taxpayers of

the fact and of the time the city council will meet to equalize assessments, by publication of such notice in a daily newspaper published in the city, and in the meantime the assessment roll, books, maps and other papers accompanying the same must remain in the office of the city auditor for the inspection of all persons interested.

SEC. 3 The mode of making out assessment lists, of ascertaining the value of property and of equalizing the same shall be such as is now or may hereafter be prescribed by the ordinances of the city.

SEC. 4. The council shall, on the second Monday of July, sit and act as a board of equalization and be in continuous session during a period of two weeks, and shall have as regards the equalization of said lists powers similar to those conferred by law upon the board of supervisors of Los Angeles county as a board of equalization of state and county taxes.

SEC. 5. The meetings of said board of equalization shall be public. The said board shall have power to increase or diminish the amount of any assessment on said lists, both as to real and personal property; *provided*, that before any such assessment shall be increased, due notice shall be given to the owner or owners of the property the assessed value of which shall be increased, and such owner or owners shall have the right to be heard before the board, under oath. When such assessment list or roll has been equalized it shall be returned by the council to the auditor.

SEC. 6. On or before the first Monday in August in each year, the auditor shall prepare and transmit to the council an estimate of the probable expenditures of the city for the current fiscal year, giving the amount required to meet the interest and sinking funds for any outstanding funded debts, together with the amounts needed for salaries and the wants of all the departments of the municipal government in detail, and showing specifically the amount necessary to be apportioned to each fund in the treasury. The estimate shall also show what amount of income and revenue is likely to be collected from fines, licenses, and all other sources of revenue exclusive of taxes upon property; and shall set forth the probable amount that will be required to be levied and raised by tax upon all property in the city to meet the requirements of such fiscal year.

SEC. 7 The council shall, annually between the first and second Mondays of August, and by a vote of a majority of all the members thereof, make a budget of the amounts estimated to be required to pay the expenses of conducting the public business of the city for the fiscal year. The budget shall be prepared in such detail as to the aggregate sum and the items thereof allowed to each department, office, board or commission as the council may determine.

SEC. 8 The budget shall, when completed by the council, be delivered to the mayor, who may within five days after such delivery to him veto any item in said budget in whole or in part, and it shall require the vote of at least five members of the council to overcome such veto. After the final estimate is made in accordance herewith, it shall be signed by the mayor and city clerk and the several sums shall then be appropriated for the fiscal year to the several purposes and departments therein named. The estimate shall thereupon be filed in the office of the auditor.

SEC. 9 The council must cause to be raised annually according to law and collected by tax the amounts so appropriated, less the amounts received from fines, licenses and other sources of revenue.

SEC. 10. The council may appropriate in the aggregate during each year not to exceed one thousand dollars for necessities not otherwise provided for by law, but no money shall be paid out of this appropriation unless authorized by a vote of at least four members of the council and approved by the mayor.

SEC. 11. The council shall, before fixing the rate of the annual city tax, establish by ordinance separate funds representing the several funded obligations of the city, if any, and the several departments requiring municipal expenditures, including a general fund, and the percentage of the tax levy shall be named for each fund, and the whole amount of the taxes and revenue of the city apportioned accordingly, and no transfers shall be made, except of balances in excess of requirements or from the general fund to meet deficiencies in any fund, unless otherwise provided in this charter.

SEC. 12. The council shall, on or before the first Monday of September, in each year, by ordinance, fix the rate of taxes to be levied, and levy the tax upon all property, both real and personal, in the city necessary to raise sufficient revenue to carry on the various departments of the municipal government for the current fiscal year: *provided*, that the rate of taxes so levied shall not exceed, in any one year, one dollar for each one hundred dollars upon the assessment roll, exclusive of what may be necessary for the payment of the principal and interest on the bonded indebtedness of the city for school and library purposes.

SEC. 13 As soon as the city council has fixed the rate of taxes for the year, the auditor must complete, and enter into a separate column in the assessment book, the respective sums in dollars and cents, rejecting the fractions of a cent, to be paid on the property therein enumerated, and foot up the columns, showing the total amount of taxes, and on or before the fourth Monday in September he must deliver said corrected and completed assessment book to the city tax collector, and charge the collector with the full amount of the taxes levied.

Sec. 14. Every tax so levied shall have the force and effect of a judgment against the person and property taxed, and shall be and constitute a lien upon the real property situated in said city so assessed or owned by the party against whom such assessment is made. Every such assessment and the lien thereof shall have the force and effect of an execution duly levied upon all property owned by the party assessed, or by the unknown owner of such property when assessed to an unknown owner. The judgment shall not be satisfied nor discharged until the tax assessed against the property is paid, or the property sold for the payment thereof.

Sec. 15. The city shall have such other rights, claims and liens for the amount of such municipal taxes as may now or hereafter be given to or exercised by the people of the State of California for and on account of the assessment of state and county taxes levied in Los Angeles county. The mode and manner of collecting such municipal taxes, and enforcing such tax lien, and the proceedings thereat, shall substantially be the same as the mode and manner at the time prescribed by law for the collection of state and county taxes in said county; *provided, however*, that the council may, by ordinance, regulate the time or times and the method of the collection of said taxes within each fiscal year, and prescribe by what officer the respective duties appertaining to such collection and enforcement shall be performed. All such proceedings, sales, certificates and conveyances had, made, and executed by them in pursuance thereof, shall be of like force, effect and validity as is or may hereafter be given by law to like proceedings and acts in the matter of the collections of state and county taxes in said county.

Sec. 16. All sales for delinquent taxes shall be made to the City of Long Beach unless otherwise regulated by ordinance.

Sec. 17. The council may, by an order entered upon its journal, extend for not exceeding thirty days the time fixed in this article for the performance of any act.

Sec. 18. All fines and forfeitures arising under the revenue and taxation laws as applied to the city, may, in civil cases, be recovered in the name of the city, and, together with all other moneys collected or received by any officer of the city, under said laws, shall be for the use of the city. When real estate is offered for sale for city taxes due thereon, the same shall be struck off and sold to the city in like case and in like manner, and with like effect as it may be struck off or sold to the state when offered for sale for state and county taxes, and the council shall have the same powers and duties in relation to such property as are given by law to the state board of equalization in case of a sale to the state, but no certificate or receipt need be delivered to the state controller.

Sec. 19. No officer shall be required to send or transmit any statement or report to any state, officer or board.

Sec. 20. All papers and instruments required to be filed or recorded with or by the county recorder by the revenue or taxation laws of this state, shall, under said laws as applied to the city, be, in like manner and with like effect, filed with and recorded by the county recorder of Los Angeles county.

Sec. 21. Whenever the council shall determine that the public interest requires the construction, or acquisition, or completion of any permanent municipal building, school building, high school building, sewer, property, water right, bridge, or other public improvement, or utility, the cost of which, in addition to the other expenditures of the city, will exceed the income and revenue provided for in any one year, they may, by ordinance, submit a proposition to incur a debt for such purpose, and proceed therein as provided in section eighteen of article eleven of the constitution of this state and general law or laws thereof, *provided*, that such indebtedness shall not bear more than five per cent interest per annum, and that no bond issue therefor shall be sold for less than par value and to the highest bidder, after advertising for sealed proposals therefor.

Sec. 22. It shall be the duty of the assessor to collect the taxes on all personal property, when the owner of said property is not seized of real estate in said city sufficient to afford ample security for the collection of said taxes. In all such cases he shall be governed in fixing the amount of the tax by the rate of the tax levy for the preceding year.

Sec. 23. Immediately after fixing the assessment of such property he shall serve on its owner or owners a notice in writing, which shall certify the assessed valuation of the property, the rate of taxation, and the amount of tax payable, and contain a demand for the payment of said tax within three days after the service of said notice. Said notice shall be served personally, or by leaving a copy of the same at the last known place of residence of the person whose property is so assessed. Upon the expiration of said three days after such service, if the tax demanded still remains unpaid, or payment thereof be not secured to the satisfaction of the city attorney and city assessor, the assessor shall forthwith proceed to collect the same by seizure of any personal property owned by the delinquent.

Sec. 24. The said sale shall be made by him in the manner provided in sections thirty-seven hundred and ninety-one, thirty-seven hundred and ninety-two,

thirty-seven hundred and ninety-three, thirty-seven hundred and ninety-four, thirty-seven hundred and ninety-five, and thirty-seven hundred and ninety-six of the Political Code of the State of California; *provided*, that the newspaper referred to in section thirty-seven hundred and ninety-two shall be published in the City of Long Beach.

SEC. 25. As soon as the rate is fixed for the year in which such collection is made, if it be found that a sum in excess of said rate has been collected, the excess must be repaid in the same manner as other demands against the city are paid, to the person from whom the collection was made, or his assigns. And if a sum less than the rate fixed has been collected, the deficiency must be collected as other taxes on personal property are collected.

SEC. 26. Should the board of equalization reduce the valuation for the same year of the property so assessed, the sum collected in excess of said reduced valuation must be repaid in like manner to the person from whom the collection was made, or to his assigns. And if the valuation of said property should be increased by said board, then the deficiency must be collected as other taxes on personal property are collected.

SEC. 27. The assessor shall carefully note upon his assessment list, and also in a book to be kept by him for the purpose, all collections made by him under this section, and shall turn over to the city treasurer all money received immediately upon its receipt.

SEC. 28. In case the assessor shall fail to demand, and through his fault to collect, any and all taxes which by this section he is directed to collect, he shall be and become personally liable to the city for the amount of said delinquent taxes, with interest from the date of their assessment; and the council is authorized and directed to cause proper action or actions at law to be brought against said assessor and the sureties on his official bond to recover the same.

ARTICLE XII.

SEC. 6. ARTICLE XV.

ELECTIONS.

SECTION 1. Elections to be held in said city for the purpose of electing the officers of said city, and for all other purposes, are of two kinds;

(1) General municipal elections.

(2) Special elections.

SEC. 2. General municipal elections shall be held in said city on the first Tuesday in December, 1907, on the first Tuesday in December, 1909, and on the first Tuesday in December every two years thereafter, at which shall be elected:

A Mayor.

Seven members of the City Council.

A Clerk, who shall be ex-officio Assessor.

Attorney.

Treasurer.

Police Judge.

Auditor.

Tax and License Collector.

SEC. 3. All officers provided to be elected by this charter shall take office on the first Monday after the first day of January next after their election.

For the sole purpose of election of the officers directed by this charter to be elected by the people, this charter shall take effect immediately after its approval by the legislature; and such election shall be managed and conducted in accordance with the general election laws of the state. For all other purposes this charter shall take effect on the first Monday after the first day of January, 1908.

In the case of a special election to fill a vacancy, the person elected shall, after qualifying, as herein provided, enter at once upon the discharge of the duties of the office to which he has been elected, and shall serve for the remainder of the term and until his successor shall have been elected and qualified.

SEC. 4. In the event of a vacancy in the city council, a special election for the purpose of filling the same shall be ordered and held without delay. In the event of a vacancy in any other elective office the council shall fill such vacancy for the unexpired term.

SEC. 5. The council shall have power to submit to the electors of said city at any election any question required to be so submitted by the constitution, the law, this charter, or by ordinance; *provided*, that in case such questions is required by said constitution, law, charter or ordinance to be submitted at special or other particular kind of election, it shall be so submitted, and not otherwise.

THE INITIATIVE.

SEC. 6a. Any proposed ordinance may be submitted to the council by a petition signed by the registered voters of the city equal in number to the percentages hereinafter required. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature, his place of residence, giving the street and number. One of the signers of such paper shall make oath before an officer competent to administer oaths, that the statements therein made are

true, and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Within ten days from the date of filing such petition the city clerk shall examine and from the great register ascertain whether or not said petition is signed by the requisite number of qualified electors, and if necessary, the council shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient, the clerk shall submit the same to the council without delay.

If the petition accompanying the proposed ordinance be signed by electors equal in number to thirty per cent. of the entire vote cast for all candidates for mayor at the last preceding general election at which a mayor was elected, and contains a request that said ordinance be submitted forthwith to a vote of the people at a special election, then the council shall either:

(a) Pass said ordinance without alteration within twenty days after the attachment of the clerk's certificate of sufficiency to the accompanying petition (subject to a referendary vote under the provisions of section 6b of this charter) and if the ordinance shall be passed by the council, but shall be vetoed by the mayor, and on reconsideration shall fail of passage by the council, then, within five days after determination that said ordinance shall have so failed of final adoption, the council shall proceed to call a special election at which said ordinance, without alteration, shall be submitted to a vote of the people; or,

(b) Forthwith after the clerk shall attach to the petition accompanying such ordinance his certificate of sufficiency, the council shall proceed to call a special election at which said ordinance, without alteration, shall be submitted to a vote of the people.

If the petition be signed by electors equal in number to at least ten per cent. but less than fifteen per cent. of the entire vote cast for all candidates for mayor at the last preceding general election at which a mayor was elected, then such ordinance, without alteration, shall be submitted by the council to a vote of the people at the next general municipal election that shall occur at any time after thirty days from the date of the clerk's certificate of sufficiency attached to the petition accompanying such ordinance.

The ballots used when voting upon said proposed ordinance shall contain the words "For the ordinance" (stating the nature of the proposed ordinance) and "Against the ordinance" (stating general nature of the proposed ordinance). If a majority of the qualified electors voting on said proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a binding and valid ordinance of the city; and any ordinance proposed by petition, or which shall be adopted by a vote of the people cannot be repealed or amended except by a vote of the people.

Any number of proposed ordinances may be voted upon at the same election, in accordance with the provisions of this section: *provided* that there shall not be held under this section of the charter, more than one special election within a period of 12 months.

The council may submit a proposition for the repeal of any such ordinance, or for amendments thereto, to be voted upon at any succeeding general city election; and should such proposition, so submitted, receive a majority of the votes cast thereon at such election, such ordinance shall be repealed or amended accordingly. Whenever any ordinance or proposition is required by this charter to be submitted to the voters of the city at any election, the city clerk shall cause the ordinance or proposition to be printed, and he shall enclose a printed copy thereof in an envelope with a sample ballot, and mail the same to each voter, at least ten days prior to the election, but the city council may order such ordinance or proposition to be printed in the official newspaper of the city and published in like manner as ordinances adopted by the council are required to be published, and may order that such publication shall take the place of the printing and mailing of the ordinance or proposition, and of the sample ballot as first above provided.

THE REFERENDUM.

SEC. 6b. No ordinance passed by the city council (except when otherwise required by the general laws of the state or by the provisions of this charter, respecting street improvements, and except an ordinance for the immediate preservation of the public peace, health, or safety, which contains a statement of its urgency, and is passed by a two-thirds vote of the council, but no grant of any franchise shall be construed to be an urgency measure, but all franchises shall be subject to the referendary vote herein provided), shall go into effect before thirty days from the time of its final passage and its approval by the mayor; and if during said thirty days a petition signed by electors of the city equal in number to at least twenty-five per cent of the entire vote cast for all candidates for mayor at

the last preceding general election at which a mayor was elected, protesting against the passage of such ordinance, be presented to the council, the same shall thereupon be suspended from going into operation, and it shall be the duty of the council to reconsider such ordinance, and if the same is not entirely repealed, the council shall submit the ordinance as is provided in section 6a of this charter, to the vote of the electors of the city, either at the next general election or at a special municipal election to be called for that purpose, and such ordinance shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. Said petition shall be in all respects in accordance with the provisions of said section 6a, except as to the percentage of signers, and be examined and certified by the clerk in all respects as is therein provided.

THE RECALL.

SEC 6c. The holder of any elective office may be removed at any time by the electors qualified to vote for a successor of such incumbent. The procedure to effect the removal of an incumbent of an elective office shall be as follows: A petition signed by electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least 40 per centum of the entire vote for all candidates for the office, the incumbent of which is sought to be removed, cast at the last preceding general municipal election, demanding the election of a successor of the person sought to be removed, shall be filed with the city clerk; *provided* that the petition sent to the council shall contain a general statement of the grounds for which the removal is sought. The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths, that the statements therein made are true, and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Within ten days from the date of filing such petition the city clerk shall examine and from the great register ascertain whether or not said petition is signed by the requisite number of qualified electors and, if necessary, the council shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient the clerk shall submit the same to the council without delay. If the petition shall be found to be sufficient the city council shall order, and fix a date for holding the said election, not less than thirty days nor more than forty days from the date of the clerk's certificate to the council that a sufficient petition is filed.

The city council shall make or cause to be made publication of notice, and all arrangements for holding of such election; and the same shall be conducted, returned, and the result thereof declared, in all respects as are other city elections.

The successor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself and, unless he requests otherwise in writing, the clerk shall place his name on the official ballot without nomination. In any such removal election the candidate receiving the highest number of votes shall be declared elected. At such election if some other person than the incumbent receives the highest number of votes, the incumbent shall thereupon be deemed removed from the office upon qualification of his successor. In case the party who receives the highest number of votes should fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant. If the incumbent receives the highest number of votes he shall continue in office.

SEC. 7. If any special election be ordered held and conducted, it shall be ordered, held and conducted (except as to the date thereof) and the result thereof made known and declared, in the same manner as herein provided for other elections.

SEC. 8. The council of said city shall by ordinance order the holding of all elections. Such ordinances shall specify the object and time of, and place and places within the limits of each ward, for the holding of such election, and the names of the inspector and judges for each ward or precinct of each ward as the case may be, who must be residents thereof, to conduct the holding of and make returns of such election; *provided* that the council may by said ordinance divide any of the wards into two or more precincts, specifying the boundary of each precinct, and provide for the holding of an election in each of said precincts. Said ordinance shall be published in some daily newspaper, printed and published in said city, for at least ten days prior to the time appointed for the holding of the elections.

SEC. 9. Returns of all elections shall be made to the council, who shall, within ten days thereafter, either at a regular or special meeting, canvass the returns and declare the result thereof, and order certificates of election to be issued by

the city clerk to the persons elected. The council shall be the judge of the qualifications of all the elective officers.

SEC. 10. All elections shall, in all other respects, be conducted and held in accordance with the provisions of the laws of the state for the holding of general elections in effect at the time.

SEC. 11. No person shall be eligible to any municipal office under this charter who at the time of his election or appointment is not a qualified elector of this city and to be eligible to the office of member of the council, the person elected must also have been a resident of the ward from which he is elected for at least two years next preceding his election; and in case any member of the council shall remove from the ward which he represents, his office shall immediately become vacant and shall be filled as directed in this charter; *provided, however*, that in case the boundaries of any ward are changed, no member of the council whose residence is thereby included within a different ward from that from which he was elected shall lose his office by reason of such change.

SEC. 12. The qualifications of an elector at any election held in pursuance of this charter shall be the same as those prescribed by the laws of this state for an elector at a general state election, in force at the time of such election; *provided* that when any such municipal election is held after the completion of the register for any general state election, all persons who are on the last such register completed and also all persons who have registered since the completion thereof, and before the closing of registration for such municipal election, shall be entitled to vote at such municipal election. Registration and transfers of registration for any such municipal election shall cease for the same period before the holding thereof as it or may be provided in the case of general state elections.

ASSEMBLY CHAMBER, SACRAMENTO, February 19, 1907.

MR. SPEAKER: Your Committee on State Hospitals and Asylums, which was heretofore granted leave of absence to visit certain of the State institutions under their jurisdiction, beg leave to report that on the 30th day of January, 1907, your committee, consisting of Held (chairman), Jury, O'Brien, Percival, Bush, Strobridge, Lemon, Spaulding, Weske, Kelly, and Beban, visited the State Hospital for the Insane at Stockton, that thereafter, and on the 31st day of January and on the 1st day of February, 1907, your committee did visit the Southern California State Hospital at Patton, in the County of San Bernardino, State of California; that on the 2d and 3d days of February, 1907, your committee visited the Agnews State Hospital and the Industrial Home of Mechanical Trades for the Adult Blind of California, and that at all of said places your committee did carefully inquire into the necessity for the appropriations asked of your body. That during the absence of your committee they held in all six meetings for the purpose of considering the bills calling for said appropriations, and now beg to report as follows:

We find that appropriations aggregating \$101,500 are asked for the said Stockton State Hospital, included in Assembly Bills Nos. 234, 235, 236, 294, and 295. Your committee has recommended that appropriations aggregating \$23,500 be made to said Stockton State Hospital. We find that the heating plant called for by Assembly Bill No. 235 is an absolute necessity in said institution, and without such heating plant there is great danger of fire at said asylum, as the only means now available for that purpose are stoves, which, in an institution of this character, are dangerous. It is difficult to make said stoves inaccessible to the inmates, and for that reason there is serious danger of fire. We believe also that as a matter of economy it would be better to have a heating plant installed, as the cost of maintaining the same would be less than is the cost of keeping up the heating stoves.

The plumbing and lavatory facilities throughout the institution under discussion are in a deplorable condition, and require much repairing. In this connection we recommend that a sufficient appropriation be made to cover the cost of repairing the plumbing and installing new bathtubs and toilets, and of laying cement flooring and repairing the walls in the bathrooms and lavatories of said institution. To cover this recommendation, we have recommended that Assembly Bill No. 295 do pass.

We note also the fact that it is necessary to erect upon the farm belonging to the said hospital a dairy barn, there being at this time an utter lack of facilities in this regard. The sum of \$2,500 has been asked for for this purpose, and we recommend that the sum of \$2,500 be appropriated as asked for by Assembly Bill No. 294.

We commend very highly the intelligent work performed by the officers of this institution and the neatness apparent in every department thereof.

We believe that judicious use has been made of the appropriations granted to this institution at the last session of the Legislature.

We find that the Stockton State Hospital is situated in the midst of a rapidly growing community, and that it has become necessary that there be something done toward laying walks around the said institution, for which purpose an appropriation of \$5,000 has been asked by said institution by Assembly Bill No. 296. In view of the present condition of affairs in said city, we believe that this appropriation should be made, and therefore recommend that said bill do pass. We find that the bill, however, should be amended, because not only are cement walks necessary on California Street, but also on Park Street, in said city, and likewise at certain places on the asylum premises. We

believe that all these walks can be laid for the original amount asked for. On Park Street 16,000 feet of walks are necessary, on California Street 21,000 feet, and about 5,000 feet inside the grounds, which at the rate of twelve cents per foot, will be about covered by the appropriation asked for.

Bills asking for appropriations aggregating \$91,000 have been introduced for the Southern California State Hospital, and of this amount we have recommended that Assembly Bill No. 62 asking for \$16,000 be passed, which amount is required for replacing the present wood and tin roofs on the older main buildings at said hospital with modern slate roofing material. We find the needs of this institution in this regard to be urgent, not only to prevent leaking and damage to ceilings caused thereby, but also to permit of certain alterations to be made in the roofs which have caused serious damage to the structure itself, by reason of timbers resting upon the fire walls, when it is necessary that they rest upon the floor of the garret. Serious damage has been caused by this defect in the construction of the building and it is only by temporary methods that more damage is prevented. We find that some of the walls have been cracked by the forcing outward of the walls caused by the timbers resting upon the fire walls.

It is evident that the superintendent of this institution is desirous of making the same a model plant, and to that end has been instrumental in having introduced certain measures calling for appropriations which we feel, under the present condition of our State treasury, cannot be justified at this time. Assembly Bill No. 65 calls for an appropriation of \$12,000 for the purpose of erecting a dairy barn fully equipped with modern appliances. Upon the ground of this institution there is at this time a dairy barn which, while not fully up to modern standards, we believe is still sufficient to answer the needs of the asylum for some time to come, and we have therefore recommended that Assembly Bill No. 65 do not pass.

The soil surrounding this institution is of a peculiar character, and is peculiarly affected by heavy rains which frequently occur in that vicinity. Not only is the soil washed away and great ditches and ravines created, but there is danger that unless something is done, the foundation of the buildings will be seriously affected. We believe that a great deal of work along these lines is necessary, and that the sum called for by Assembly Bill No. 64 will not sufficiently cover the cost of all the storm ditches that will be required, but we do believe that that sum will be sufficient to meet the present needs along the lines suggested, and, for that reason, we have recommended that Assembly Bill No. 64 do pass.

It is also sought at this institution to have an appropriation of \$5,000 for the erection of a horse barn, carriage house, and implement shed. This is covered by Assembly Bill No. 63, which we have recommended do not pass, for the reason that we see no need at this time of constructing the buildings called for by that bill, except for an implement shed. We find that the farming implements need housing, but in our opinion this can be provided for out of the contingent fund of the institution.

In connection with this institution we find that five buildings need re-roofing.

With reference to Agnews institution, we can say little except that which is already within the knowledge of every member of your body, viz., that practically the entire institution is demolished, and that a large appropriation is necessary to repair or replace the buildings destroyed. We have held several meetings, having for their object the consideration of Assembly Bill No. 336 which authorizes the Board of Managers to replace said institution and makes an appropriation of eight hundred thousand dollars therefor. Much testimony was adduced and the subject gone into at great length, and after full hearing we have come to the conclusion that the sum called for by Assembly Bill No. 336, viz., the sum of eight hundred thousand dollars, is necessary to replace said institution. We are also satisfied that the entire sum cannot be used in the present fiscal year, and we have, therefore, recommended that only the sum of one hundred thousand dollars be made payable during the present fiscal year, and the remainder at intervals thereafter.

With reference to the Industrial Home of Mechanical Trades for the Adult Blind of California, we find that at this institution there are about one hundred inmates and that there is demand for accommodations for about one hundred more, and for this purpose an appropriation of \$50,000 is asked by Assembly Bill No. 160. We believe that this appropriation should be granted in order to accommodate the large number of applicants for admission as stated above, and for that reason we have reported back Assembly Bill No. 160, with the recommendation that it do pass.

In pursuance of leave of absence subsequently granted to this committee, said committee, consisting of all the members thereof, with Dr. P. C. Campbell as substitute for C. C. Spaulding, visited the Napa State Hospital on Friday, February 15, 1907; on Saturday, February 16, 1907, they visited the California Home for the Care and Training of Feeble-Minded Children, and on the 17th day of February, 1907, they visited the Mendocino State Hospital, and with reference to the said institutions, which were visited under a second leave of absence, your committee beg leave to report as follows:

With regard to the Napa State Hospital, we find that three bills calling for appropriations were before this committee, viz., Assembly Bills Nos. 380, 381 and 382. Assembly Bill No. 380 calls for an appropriation of \$4,000 for purchasing and installing a practical Home telephone system at said hospital. In our judgment, this is necessary, for the reason that without it the various buildings and departments of the institution are without means of communication with each other, except by messengers. The necessity is apparent when it is understood that there are no means of sending in to the main office an alarm of fire, should it occur at a point distant from the main office. Neither

are there any means whereby attendants on the wards, should they require assistance of any kind, can communicate with the officials. Neither is there any check that can be placed upon the night watchmen to compel them to perform their duty. In the latter connection we would say that it is necessary that the night watchmen make at least hourly reports to the main office indicating that they have made the round of their wards. All of the above named deficiencies can be cured by the installation of the telephone system called for by Assembly Bill No. 380. We have likewise made some inquiry into the probable cost of installing the same, and believe that the amount called for by the bill is reasonably certain to be necessary for that purpose. For the foregoing reasons, we recommend that Assembly Bill No. 380 do pass.

Assembly Bill No. 381 calls for an appropriation of \$63,000, \$40,000 of which is to be expended in the completion of a dam and storage reservoir which is in course of construction at the said institution, and \$23,000 is to be employed for the construction of a concrete receiving tank or house supply reservoir at said institution. The Legislature two years ago granted an appropriation to this institution to purchase certain lands and water rights, and in addition to purchasing the same, there has been begun the construction of the dam out of the said moneys appropriated. We find that the work is well under way, and that the appropriation heretofore made has been carefully and judiciously expended. It is contemplated to build a dam, which, when completed, will be two hundred and thirty-five feet wide at the bottom and four hundred feet wide at the top. A foundation for the reservoir has been constructed, which reaches to bed rock, in some instances fifty feet beneath the surface of the ground. There is no question but that the completion of this dam is necessary in order that the work already performed may not be lost to the State, and aside from this, it is likewise necessary that this appropriation be made to carry out the intention of the Legislature two years ago when the purchase of the water supply was authorized. The question whether the water supply is necessary is one that has been settled at a prior session. We can, however, add, that in our judgment, it is absolutely necessary that the present water supply be augmented from the course contemplated, as without it the institution is woefully lacking in such supply. In order to carry out the scheme suggested, it will be necessary to erect a receiving tank at a point above the institution. A place was designated to your committee where it is contemplated to erect such receiving tank, which, if it is chosen as a site for a receiving tank, will furnish the institution with an unlimited water supply and with excellent pressure for all purposes. The bottom of the receiving tank will be at a point fifty-three feet higher than the highest point of any of the buildings at said institution. For the reasons heretofore stated, we have recommended that Assembly Bill No. 381 do pass. We might add further, that we conferred with the party having the construction of this work in charge, and we are assured that the amount called for in the bill is necessary for the purpose stated therein.

Assembly Bill No. 382 calls for an appropriation of \$10,000 for the purpose of remodeling and refurnishing the main kitchen of this institution, and said bill provides that two thirds of the appropriation called for shall be expended for the remodeling of the kitchen and the remainder for refurnishing the same. We are of the opinion that the amount called for by said appropriation for the purpose of refurnishing said kitchen should be allowed and a nominal sum for the probable cost of putting into the kitchen the floor which is necessary. At present the floor consists of bricks which have become worn and sunken to a great extent, thereby causing much discomfort to the persons working on said floor and also preventing it from being cleansed as properly as conditions require. For the purposes stated, we believe \$5,000 will be a sufficient appropriation, and we have therefore recommended that Assembly Bill No. 382 do pass as amended.

On behalf of the California Home for the Care and Training of Feeble-Minded Children, near Eldridge, California, four bills have been introduced and referred to this committee, three of which bills call for appropriations in addition to those made at the previous sessions of the Legislature.

Assembly Bill No. 213 calls for an appropriation of seventy-five thousand dollars for the erection and construction of an addition to the present main buildings of the said home. The building that is sought to be constructed, if this appropriation is made, will be similar to the administration buildings at other states.

Your committee, in passing upon the probable amount necessary to meet the requirements of the various improvements sought for at the institutions calling for appropriations, have been met with the difficulty that there was an entire absence of authentic information as to the probable amounts required to make the necessary improvements, and to assist future sessions of this body in determining the amount necessary to make the necessary improvements, your committee recommends that some measure be adopted providing that all bills calling for an appropriation to make improvements or repairs on any public institution should be accompanied by plans and specifications of the proposed improvements, and an estimate by competent authority as to the probable cost thereof. For this purpose your committee has appointed a subcommittee, consisting of Messrs. O'Brien, Percival, and Weske, who will draft and present to this committee, a bill to be considered by the committee, and if found proper, the same will be introduced by this body as a committee measure.

Another matter that has been brought to our attention is the unsatisfactory manner to all concerned in which the State Lunacy Commission is provided for financially. It appears that all the expense of this commission is paid for out of the appropriation for the support of the various institutions. We also find that there is a serious conflict as

to the powers of the State Lunacy Commission and boards of managers of the various State hospitals, respectively. This matter seems to us to work to the detriment and injury of the various State hospitals, and to propose such measures as may remedy the present objections, your committee has appointed a sub-committee, consisting of Messrs. Bush, Percival, and Strobridge, to draft a bill which, if satisfactory to your committee, will be presented to this body as a committee measure.

Appropriations have been called for by the various bills submitted to the committee as stated above, aggregating \$1,303,500. Of this amount we have recommended that bills aggregating in appropriations \$1,137,500 be passed.

Respectfully submitted.

HELD, Chairman.

DREW ALTERS HOLY WRIT.

THE ASSEMBLYMAN DECLARES ALL NEWSPAPER MEN ARE LIARS—LIKEWISE ALL NEWSPAPERS CAN BE BRIBED.

To the Editor of the Bee—

SIR: The courtesy of your columns having been extended to me, I have concluded that it is an opportunity to strike a partial balance in the outstanding account between the Legislature and the newspapers. However, I feel that I have not a fair opportunity as I have but one chance while the papers will come back every day.

In the first place I shall not deny but that the press has had some grounds for criticising the Legislature, but I desire to protest against the harsh, unjust and indiscriminate manner in which it has been done.

The patronage question called forth a wholesale denunciation of the legislative body, yet no newspaper had the honesty or temerity to say what you all know to be true, and that is that our political system produced the conditions that placed the Legislature in the position where it was virtually compelled to do what it did in making a large patronage appropriation. Also that the newspapers are largely responsible for the conditions. If there were no patrons demanding patronage there would be no excessive allowance; if there were no newspapers continually blackmailing every candidate from the time he receives the nomination until his election, the candidate would be under no political obligations and would have no demands made upon him for political jobs. In the good old days before there were any villainous, libelous, blackmailing daily papers, the candidates of opposing parties started out and made the campaign together. They ate and drank and slept together, and at the close of the campaign they were as good friends as ever. The people made their choice and everybody was satisfied. The successful candidate was under no political obligation and no one demanded payment at the expense of the candidate or the people.

Now when a man receives the nomination for the Legislature all the papers of the opposing party open fire on him, calling him a horsethief, a liar and other equally opprobrious names common to an ordinary reporter. There are just two ways to head this off; he must either bribe the newspapers to shut up (and they can all be bribed) or he must start out and attempt to prove that the papers are lying. His friends likewise must turn out to help him, and by the time the campaign is over he has a bundle of political liabilities that are enough to bankrupt any man with aspirations. The result is the patronage appropriation (you call it a steal).

Now, who is responsible for the conditions, the newspapers or the legislators?

Then again, the newspapers steal (or appropriate) the People's money for their own aggrandizement and financial benefit, while the poor, persecuted legislator appropriates The People's money for charitable purposes only; he gives it to benefit others—the newspapers take it for themselves.

Then again, the newspapers are such inveterate liars that no one believes them; that which is a well-known fact is taken with a degree of allowance if it appears in newspaper garb, and if it makes a second appearance in that dress, everybody doubts its virtue.

I think a law making newspaper lying a penal offense, punishable by death or life imprisonment, would be of human benefaction. How easy it would be to convict. "Guilty in the first degree" would be the verdict of every jury, and no motion for a new trial would be allowed. With the newspapers all in the penitentiary or dead, what a blessed world this would be to live in; no murder, no robbery, no crime of any sort, no calamities by fire or flood; no Thaw scandals, no heartaches or headaches or backaches, or Peruna or Lydia Pinkham's pink pills for pale people, "no nothing."

"Peace o'er the earth her olive wand would extend,
And white robed innocence from Heaven descend."

What an infernal place the penitentiary would be if the newspapers were all shut up there at once. Just think of it, all together and "none good, no not one."

I wonder if they would ever tire calling each other names as they do on the outside; there would be no one else to apply those terms to and they would just exhaust themselves on one another: "Petit larcenists, plunderers, grafters, looters," etc., etc. There would be no occasion for their distinguishing between the good and the bad—they don't do it now and why should they after they were shut up.

"Oh, would some power the giftie gie us,
To see oursels as ithers see us"

Yours affectionately,

A. M. DREW.

MR SPEAKER: Your Committee on Revenue and Taxation to whom was referred Assembly Constitutional Amendment No. 9—A resolution to propose to the people of the State of California an amendment to the Constitution of the State of California providing for the separation of State from local taxation, providing for the taxation of public service and other corporations for the benefit of the State, and to that end amending Article XIII and repealing Section 10 of Article XI thereof, all relating to revenue and taxation—have had the same under consideration, and respectfully report the same back, with amendments, and recommend that the same be adopted as amended.

DEVLIN, Chairman.

ASSEMBLY CONSTITUTIONAL AMENDMENT No. 9.

A resolution to propose to the people of the State of California an amendment to the Constitution of the State of California providing for the separation of State from local taxation, providing for the taxation of public service and other corporations for the benefit of the State, and to that end amending Article XIII and repealing Section 10 of Article XI thereof, all relating to revenue and taxation.

WHEREAS, It is deemed desirable to ultimately separate the sources of revenue for State purposes from the sources of revenue for county and municipal purposes; now, therefore,

The Legislature of the State of California, at its regular session, commencing the seventh day of January, nineteen hundred and seven, two thirds of all the members elected to each of the two houses of said Legislature voting in favor thereof, hereby proposes to the qualified electors of the State of California the following amendment to the Constitution of the State of California:

First. Article XIII is hereby amended so as to read as follows:

SECTION 1. All property in the State except as otherwise in this Constitution provided, not exempt under the laws of the United States, shall be taxed in proportion to its value, to be ascertained as provided by law, or as hereinafter provided. The word "property," as used in this article and section, is hereby declared to include moneys,

credits, bonds, stocks, dues, franchises, and all other matters and things, real, personal, and mixed, capable of private ownership. The Legislature may provide, except in the case of credits secured by mortgage or trust deed, for a deduction from credits of debts due to bona fide residents of this State.

The following classes of property shall be exempt from taxation:

(a) Property used for free public libraries and free museums, growing crops, property used exclusively for public schools, and such as may belong to the United States, this State, or to any county or municipal corporation within this State.

(b) All buildings, and so much of the real property on which they are situated, as may be required for the convenient use and occupation of such buildings, when the same are used solely and exclusively for religious worship; but no building so used which may be rented for religious purposes and rent received by the owner therefor, shall be exempt from taxation.

(c) All bonds hereafter issued by the State of California, or by any county, city and county, municipal corporation, or district (including school, reclamation, and irrigation districts) within said State.

(d) Fruit and nut-bearing trees under the age of four years from the time of planting in orchard form, and grapevines under the age of three years from the time of planting in vineyard form.

Nothing herein shall be construed as amending or in any way altering Sections 9, 10, 11, 12, and 13 of Article IX.

SEC. 2. Lands, and the improvements thereon, shall be separately assessed. Cultivated and uncultivated land, of the same quality, and similarly situated, shall be assessed at the same value.

SEC. 3. Every tract of land containing more than six hundred and forty acres, and which has been sectionized by the United States Government, shall be assessed, for the purposes of taxation, by sections or fractions of sections. The Legislature shall provide by law for the assessment, in small tracts, of all lands not sectionized by the United States Government.

SEC. 4. A mortgage, deed of trust, contract or other obligation by which a debt is secured, shall, for the purpose of assessment and taxation, be deemed and treated as an interest in the property affected thereby. Except as to railroad and other quasi-public corporations, in case of debt so secured, the value of the property affected by such mortgage, deed of trust, contract, or obligation, less the value of such security, shall be assessed and taxed to the owner of the property, and the value of such security shall be assessed and taxed to the owner thereof, in the county, city, or district in which the property affected thereby is situated. The taxes so levied shall be a lien upon the property and security, and may be paid by either party to such security; if paid by the owner of the security, the tax so levied upon the property affected thereby shall become a part of the debt so secured, if the owner of the property shall pay the tax so levied on such security, it shall constitute a payment thereon, and to the extent of such payment, a full discharge thereof; *provided*, that if any such security or indebtedness shall be paid by any such debtor or debtors, after assessment and before the tax levy, the amount of such levy may likewise be retained by such debtor or debtors, and shall be computed according to the tax levy for the preceding year.

SEC. 5. (Repealed in 1906)

SEC. 6. The power of taxation shall never be surrendered or suspended by any grant or contract to which the State shall be a party.

SEC. 7. The Legislature shall have the power to provide by law for the payment of all taxes on real property by installments.

SEC. 8. The Legislature shall by law require each taxpayer in this State to make and deliver to the county assessor, annually, a statement, under oath, setting forth specifically all the real and personal property owned by such taxpayer, or in his possession, or under his control, at twelve o'clock meridian on the first Monday of March.

SEC. 9. A State Board of Equalization, consisting of four members, shall be elected by the qualified electors of the State at large at the general election to be held in the year one thousand nine hundred and ten, and at each gubernatorial election thereafter, whose term of office shall be for four years; whose duty it shall be to equalize the valuation of the taxable property in the several counties of the State for the purposes of taxation, and it shall perform such other duties in relation to taxation as this Constitution or the Legislature may prescribe. The Controller of State shall be ex officio a member of the board. The boards of supervisors of the several counties of the State shall constitute boards of equalization for their respective counties, whose duty it shall be to equalize the valuation of the taxable property in the county for the purposes of taxation; *provided*, such State and county boards of equalization are hereby authorized and empowered, under such rules of notice as the county boards may prescribe as to county assessments, and under such rules of notice as the State board may prescribe as to the action of the State board, to increase or lower the entire assessment roll, or any assessment contained therein, so as to equalize the assessment of the property contained in said assessment roll, and make the assessment conform to the true value in money of the property contained in said roll, *provided*, that no board of equalization shall raise any mortgage, deed or trust, contract or other obligation by which a debt is secured, money, or solvent credit, above its face value. The present State Board of Equalization shall continue in office until their successors, as herein provided for, shall be elected and shall qualify.

Sec 10 All property, except as otherwise in this Constitution provided, shall be assessed in the county, city, city and county, town, township, or district in which it is situated, in the manner prescribed by law.

Sec. 11 Income taxes may be assessed to and collected from persons, corporations, joint-stock associations, or companies resident or doing business in this State, or any one or more of them, in such cases and amounts, and in such manner, as shall be prescribed by law.

Sec. 12 The Legislature shall provide for the levy and collection of an annual poll tax, of not less than two dollars, on every male inhabitant of this State over twenty-one years and under sixty years of age, except paupers, idiots, insane persons, and Indians not taxed. Said tax shall be paid into the State school fund.

Sec 13 Taxes levied, assessed and collected as hereinafter provided upon railroads, including street railways, whether operated in one or more counties, sleeping car, dining car, drawing-room car and palace car companies, refrigerator, oil, stock, fruit, and other car-loading or other car companies operating upon railroads in this State, every company doing express business on any railroad, steamboat, vessel or stage line in this State, telegraph companies, telephone companies, companies engaged in the transmission or sale of gas or electricity, insurance companies, banks, banking associations, savings and loan societies, and trust companies and taxes upon all franchises of every kind and nature, shall be entirely and exclusively for State purposes, and shall be levied, assessed, and collected in the manner hereinafter provided. The word "companies" as used in this section shall include persons, partnerships, joint-stock associations, companies, and corporations. All property, not exempt from taxation, except those classes of property enumerated in this section, shall be subject to assessment and taxation, in the manner provided by law, for county, city and county, city, town, township, and district purposes.

(a) All railroad companies, including street railways, whether operated in one or more counties, all sleeping car, dining car, drawing-room car, and palace car companies, all refrigerator, oil, stock, fruit and other car-loading and other car companies operating upon the railroads in this State, all express companies, all telegraph and telephone companies, all companies engaged in the transmission or sale of gas or electricity, shall annually pay to the State a tax upon their franchises, roadways, roadbeds, rails, rolling stock, poles, wires, pipes, canals, conduits, rights of way, and other property used in the operation of their business in this State, computed as follows: Said tax shall be equal to the percentages hereinafter fixed upon the gross receipts from operation of such companies and each thereof within this State. When such companies are operating partly within and partly without this State, the gross receipts within this State shall be deemed to be all receipts on business beginning and ending within this State, and a proportion based upon the proportion of the mileage within this State to the entire mileage over which such business is done, of receipts on all business passing through, into, or out of this State. Such taxes shall be in lieu of all other taxes and licenses, State, county, and municipal, upon the property above enumerated of such companies, *provided*, that nothing herein shall be construed to release any such company from the payment of any amount agreed to be paid or required by law to be paid for any special privilege or franchise granted by the municipal authorities of this State.

The percentages above mentioned shall be as follows: on all railroad companies, including street railways, four per cent; on all sleeping car, dining car, drawing room car, palace car companies, refrigerator, oil, stock, fruit and other car-loading and other car companies, four per cent, on all express companies, three per cent; on all telegraph and telephone companies, three and one half per cent; on all companies engaged in the transmission and sale of gas or electricity, four per cent.

(b) Every insurance company or association doing business in this State shall annually pay to the State a tax of two per cent upon the amount of the gross premiums received upon its business done in this State, less return premiums and reinsurance in companies or associations authorized to do business in this State. This tax shall be in lieu of all other taxes and licenses, State, county, and municipal, upon the property of such companies, except taxes on real estate; *provided*, that when by the laws of any other state or country any taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations, or prohibitions, are imposed on insurance companies of this State, doing business in such other state or country, or upon their agents therein, in excess of such taxes, fines, penalties, licenses, fees, deposits of securities, or other obligations or prohibitions, imposed upon insurance companies of such other state or country, so long as such laws continue in force, the same obligations and prohibitions of whatsoever kind may be imposed by the Legislature upon insurance companies of such other state or country doing business in this State.

(c) The shares of the capital stock of all banks, banking associations, savings and loan societies, and trust companies organized under the laws of this State, or of the United States, or of any other state and located in this State, shall be assessed and taxed to the owners or holders thereof by the State Board of Equalization, in the manner to be prescribed by law, in the city or town where the bank is located and not elsewhere. There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the State, of one per centum upon the full cash value thereof. The value of each share shall never be taken to be less than the amount paid in thereon, together with its pro rata of the accumulated surplus and undivided profits. This tax shall be in lieu of all other taxes and licenses, State, county, and municipal, upon such shares of stock and upon the property of such banks, banking associations, savings and loan societies, or

trust companies, except taxes on real estate. In determining the value of the capital stock of any bank there shall be deducted from the value, as defined above, the value, as assessed for county taxes, of any real estate, other than mortgage interests therein, owned by such bank and taxed for county purposes. The banks, banking associations, savings and loan societies, and trust companies shall be liable to the State for this tax and the same shall be paid to the State by them on behalf of the stockholders in the manner and at the time prescribed by law, and they shall have a lien upon the shares of stock and upon any dividends declared thereon to secure the amount so paid.

All moneyed capital belonging to private banks or bankers of this State, and that employed in this State by any banks or by branches, agencies, or other representatives of any banks, bankers or other trust companies than those provided for in the first paragraph of this subdivision, and any moneyed capital, reserve, surplus, or undivided profits held by any bank, banking association, savings and loan society or trust company located in this State, which has no shares of capital stock, shall be valued and assessed by the State Board of Equalization, in the manner to be prescribed by law, and taxed at the same rate that is levied upon the shares of stock of banks, banking associations, savings and loan societies and trust companies, as provided in the first paragraph of this subdivision.

(d) Every corporation incorporated under the laws of this State, excepting the corporations mentioned in the preceding subdivisions of this section, shall pay an annual tax to the State upon its franchise to be a corporation equal to one twentieth of one per cent of its authorized capital stock, and every corporation incorporated elsewhere and doing business in this State, other than the corporations mentioned in the preceding subdivisions of this section, shall pay an annual tax to the State upon its right to do business in this State equal to one twentieth of one per cent of the capital employed in this State.

(e) All franchises, other than those expressly provided for in this section, shall be assessed by the State Board of Equalization at their actual value, and shall be taxed at the rate of one per centum thereon each year, and the taxes collected thereon shall be exclusively for the benefit of the State.

(f) All taxes provided for in this section shall be assessed and collected in the manner provided by law, and the Legislature may pass all laws necessary to carry this section into effect. The percentages and amounts fixed in this section shall be and remain in force for six years from the adoption of this section, and thereafter may be changed by the Legislature at intervals of not less than six years.

SEC. 14. No suit, action, or proceeding shall ever be maintained in any court against this State, or against any officer thereof, to have any tax levied under the provisions of this article, declared invalid or to prevent or enjoin the collection thereof until such tax has been actually paid, but after such payment, action may be maintained to recover any taxes illegally collected in such manner and within such time as may now or hereafter be provided by law.

SEC. 15. In the event that any of the provisions of this article, providing for the assessment by or payment to the State of taxes upon any class of corporations or property, or providing for new methods of taxation not in force prior to the adoption of this article, shall become inoperative by virtue of having been held by a court of competent jurisdiction to be in conflict with the laws of the United States, or for any other reason to be illegal or impossible of enforcement, then the Legislature shall provide for the taxation of such class of corporations or property either for State purposes only, or for State and local purposes, or for local purposes only, at its discretion, and either in such manner as shall then be constitutional, legal and enforceable, or in such manner as would have been so prior to the adoption of this article. Pending such action by the Legislature all laws and constitutional provisions relative to the assessment and taxation of such property, in force prior to the adoption of this article, which may have been repealed or modified by this article, or in conformity thereto, shall be revived and be deemed to be in full force and effect.

SEC. 16. The Legislature shall pass all laws necessary to carry out the provisions of this article.

Second. Section 10 of Article XI of said Constitution is hereby repealed.

AMENDMENT No. 2.

Strike out the last four lines on page 1, printed bill, and all of pages 2, 3, 4, 5, 6, 7, 8, and 9, and insert in lieu thereof the following:

First Sections 1, 9, 10, and 11 of Article XIII, are hereby amended so as to read

SECTION 1. All property in the State, except as otherwise in this Constitution provided, not exempt under the laws of the United States, shall be taxed in proportion to its value, to be ascertained as provided by law, or as hereinafter provided. The word "property" as used in this article and section, is hereby declared to include moneys, credits, bonds, stocks, dues, franchises, and all other matters and things, real, personal, and mixed, capable of private ownership; *provided*, that property used for free public libraries and free museums, growing crops, property used exclusively for public schools, and such as may belong to the United States, this State, or to any county or municipal corporation within this State, shall be exempt from taxation. The Legislature may provide, except in the case of credits secured by mortgage or trust deed, for a deduction from credits of debts due to bona fide residents of this State.

SEC. 9 A State Board of Equalization, consisting of one member from each congressional district in this State, as the same existed in the year eighteen hundred and seventy-nine, shall be elected by the qualified electors of their respective districts, at the general election to be held in the year one thousand nine hundred and ten, and at each gubernatorial election thereafter, whose term of office shall be for four years. The Controller of the State shall be ex officio a member of the board. Said board shall be the successor of the present State Board of Equalization, whose members shall continue in office until their successors, as herein provided for, shall be elected and shall qualify. The Legislature shall have power to redistrict the State into four districts, as nearly equal in population as practical, and to provide for the election of members of said Board of Equalization. It shall be the duty of said board to assess and levy the taxes provided for in Section 14 of this article, and to perform such other duties in relation to taxation as this Constitution or the Legislature may prescribe. The boards of supervisors of the several counties of the State shall constitute boards of equalization for their respective counties, whose duty it shall be to equalize the valuation of the taxable property in the county for the purpose of taxation. Such county boards of equalization are hereby authorized and empowered, under such rules of notice as they may prescribe, to raise or lower any assessment contained in the assessment roll so as to equalize the assessment of the property contained in said assessment roll, and make the assessment conform to the true value in money of the property contained in said roll. But no board of equalization shall raise any mortgage, deed of trust, contract, or other obligation by which a debt is secured, money, or solvent credit, above its face value.

SEC. 10. All property, except as otherwise in this Constitution provided, shall be assessed in the county, city, city and county, town, township, or district in which it is situated, in the manner prescribed by law.

SEC. 11. Income taxes may be assessed to and collected from persons, corporations, joint-stock associations, or companies resident, or doing business in this State, except those provided for in subdivisions (a), (b), and (c), of Section 14 of this article, or any one or more of them, in such cases and amounts, and in such manner, as shall be prescribed by law.

Second. There is hereby added to Article XIII two new sections, to be numbered 14 and 15, and to read as follows:

SEC. 14. Taxes levied, assessed, and collected as hereinafter provided upon railroads, including street railways, whether operated in one or more counties, sleeping car, dining car, drawing-room car and palace car companies, refrigerator, oil, stock, fruit, and other car-loading and other car companies operating upon railroads in this State, every company doing express business on any railroad, steamboat, vessel or stage line in this State, telegraph companies, telephone companies; companies engaged in the transmission or sale of gas or electricity, insurance companies, banks, banking associations, savings and loan societies, and trust companies; and taxes upon all franchises of every kind and nature, shall be entirely and exclusively for State purposes, and shall be levied, assessed, and collected in the manner hereinafter provided. The word "companies," as used in this section shall include persons, partnerships, joint-stock associations, companies, and corporations. All property, not exempt from taxation, except those classes of property enumerated in this section, shall be subject to assessment and taxation, in the manner provided by law, for county, city and county, city, town, township, and district purposes; *provided*, that until the year 1914, the State shall reimburse San Bernardino, Placer, and Yuba counties for the net loss in county revenues occasioned by the withdrawal of railroad property from county taxation.

(a) All railroad companies, including street railways, whether operated in one or more counties; all sleeping car, dining car, drawing-room car, and palace car companies, all refrigerator, oil, stock, fruit, and other car-loading and other car companies, operating upon the railroads in this State; all companies doing express business on any railroad, steamboat, vessel or stage line in this State; all telegraph and telephone companies, and all companies engaged in the transmission or sale of gas or electricity shall annually pay to the State a tax upon their franchises, roadways, roadbeds, rails, rolling stock, poles, wires, pipes, canals, conduits, rights of way, and other property used in the operation of their business in this State, computed as follows: Said tax shall be equal to the percentages hereinafter fixed upon the gross receipts from operation of such companies and each thereof within this State. When such companies are operating partly

within and partly without this State, the gross receipts within this State shall be deemed to be all receipts on business beginning and ending within this State, and a proportion, based upon the proportion of the mileage within this State to the entire mileage over which such business is done, of receipts on all business passing through, into, or out of this State. Such taxes shall be in lieu of all other taxes and licenses, State, county, and municipal, upon the property above enumerated of such companies, *provided*, that nothing herein shall be construed to release any such company from the payment of any amount agreed to be paid or required by law to be paid for any special privilege or franchise granted by the municipal authorities of this State.

The percentages above mentioned shall be as follows: On all railroad companies, including street railways, four per cent; on all sleeping car, dining car, drawing-room car, palace car companies, refrigerator, oil, stock, fruit and other car-leasing and other car companies, three per cent; on all companies doing express business on any railroad, steamboat, vessel or stage line, two per cent, on all telegraph and telephone companies, three and one half per cent; on all companies engaged in the transmission or sale of gas or electricity, four per cent.

(b) Every insurance company or association doing business in this State shall annually pay to the State a tax of one and one half per cent upon the amount of the gross premiums received upon its business done in this State, less return premiums and reinsurance in companies or associations authorized to do business in this State; *provided*, that there shall be deducted from said one and one half per cent upon the gross premiums the amount of any county and municipal taxes paid by such companies on real estate owned by them in this State. This tax shall be in lieu of all other taxes and licenses, State, county, and municipal, upon the property of such companies, except county and municipal taxes on real estate; *provided*, that when by the laws of any other state or country, any taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions, are imposed on insurance companies of this State, doing business in such other state or country, or upon their agents therein, in excess of such taxes, fines, penalties, licenses, fees, deposits of securities, or other obligations or prohibitions, imposed upon insurance companies of such other state or country, so long as such laws continue in force, the same obligations and prohibitions of whatsoever kind may be imposed by the Legislature upon insurance companies of such other state or country doing business in this State.

(c) The shares of the capital stock of all banks, organized under the laws of this State, or of the United States, or of any other state and located in this State, shall be assessed and taxed to the owners or holders thereof by the State Board of Equalization, in the manner to be prescribed by law, in the city or town where the bank is located and not elsewhere. There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the State, of one per centum upon the value thereof. The value of each share of stock in each bank, except such as are in liquidation, shall be taken to be the amount paid in thereon, together with the pro rata of the accumulated surplus and undivided profits. The value of each share of stock in each bank which is in liquidation shall be taken to be its pro rata of the actual assets of such bank. This tax shall be in lieu of all other taxes and licenses, State, county, and municipal, upon such shares of stock and upon the property of such banks, except taxes on real estate. In determining the value of the capital stock of any bank there shall be deducted from the value, as defined above, the value, as assessed for county taxes, of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. The banks shall be liable to the State for this tax and the same shall be paid to the State by them on behalf of the stockholders in the manner and at the time prescribed by law, and they shall have a lien upon the shares of stock and upon any dividends declared thereon to secure the amount so paid.

The moneyed capital, reserve, surplus, undivided profits, and all other property belonging to unincorporated banks or bankers of this State, or held by any bank located in this State which has no shares of capital stock, or employed in this State by any branches, agencies, or other representatives of any banks doing business outside of the State of California, shall be likewise assessed and taxed to such banks or bankers by the said Board of Equalization, in the manner to be provided by law, and taxed at the same rate that is levied upon the shares of stock of incorporated banks, as provided in the first paragraph of this subdivision. The value of said property shall be determined by taking the entire property invested in such business together with all the reserve, surplus, and undivided profits, including the good will of the business, at their full cash value, and deducting therefrom the value as assessed for county taxes of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. Such taxes shall be in lieu of all other taxes and licenses, State, county, and municipal, upon the property of the banks and bankers mentioned in this paragraph, except taxes on real estate. It is the intention of this paragraph that all moneyed capital and property of the banks and bankers mentioned in this paragraph shall be assessed and taxed at the same rate as an incorporated bank, provided for in the first paragraph of this subdivision. In determining the value of the moneyed capital and property of the banks and bankers mentioned in this subdivision, the said State Board of Equalization shall include and assess to such banks all property and everything of value owned or held by them, which would go to make up the value of the capital stock of such banks and bankers, if the same were incorporated and had shares of capital stock.

The word "banks" as used in this subdivision shall include banking associations, savings and loan societies, and trust companies.

(d) Every corporation incorporated under the laws of this State, excepting the corporations mentioned in the preceding subdivisions of this section, and excepting all educational, religious, and charitable corporations, and all corporations which are not organized for pecuniary profit, shall pay an annual tax to the State upon its franchise to be a corporation, and every corporation incorporated elsewhere and doing business in this State, other than the corporations mentioned in the preceding subdivisions of this section, shall pay an annual tax to the State upon its right to do business in this State, as follows: When the authorized capital stock of the corporation does not exceed ten thousand dollars (\$10,000) the tax shall be ten dollars (\$10.00); when the authorized capital stock exceeds ten thousand dollars (\$10,000) but does not exceed twenty thousand dollars (\$20,000) the tax shall be fifteen dollars (\$15.00); when the authorized capital stock exceeds twenty thousand dollars (\$20,000) but does not exceed fifty thousand dollars (\$50,000) the tax shall be twenty dollars (\$20.00); when the authorized capital stock exceeds fifty thousand dollars (\$50,000) but does not exceed one hundred thousand dollars (\$100,000) the tax shall be twenty-five dollars (\$25.00); when the authorized capital stock exceeds one hundred thousand dollars (\$100,000) but does not exceed two hundred and fifty thousand dollars (\$250,000) the tax shall be fifty dollars (\$50.00); when the authorized capital stock exceeds two hundred and fifty thousand dollars (\$250,000) but does not exceed five hundred thousand dollars (\$500,000) the tax shall be seventy-five dollars (\$75.00); when the authorized capital stock exceeds five hundred thousand dollars (\$500,000) but does not exceed two million dollars (\$2,000,000) the tax shall be one hundred dollars (\$100.00); when the authorized capital stock exceeds two million dollars (\$2,000,000) but does not exceed five million dollars (\$5,000,000) the tax shall be two hundred dollars (\$200.00); when the authorized capital stock exceeds five million dollars (\$5,000,000) the tax shall be two hundred and fifty dollars (\$250.00).

(e) All franchises, other than those expressly provided for in this section, shall be assessed by the State Board of Equalization at their actual value, and shall be taxed at the rate of one per centum thereon each year, and the taxes collected thereon shall be exclusively for the benefit of the State.

(f) All the provisions of this section shall be self-executing, but the Legislature may pass all laws necessary to carry this section into effect. The taxes herein provided for shall be levied and assessed on the first Monday in March of each year, after the adoption of this amendment, and shall become due and payable on the first Monday in June thereafter. The gross earnings and gross premiums herein mentioned shall be computed for the year ending the thirty-first day of December prior to the levy of such taxes, and the value of any property mentioned herein shall be fixed as of the date of said levy. Nothing herein contained shall affect any tax levied or assessed prior to the adoption of this section, and all laws in relation to such taxes in force at the time of the adoption of this section shall remain in force until changed by the Legislature.

Sec 15. No suit, action, or proceeding shall ever be maintained in any court against this State, or against any officer thereof, to have any tax, levied under the provisions of this article, declared invalid or to prevent or enjoin the collection thereof until such tax has been actually paid; but after such payment, action may be maintained to recover any tax illegally collected in such manner and within such time as may now or hereafter be provided by law.

Section 21 The necessity of encouraging and fostering the observance of one day in seven as a day of rest is hereby recognized as essential to the welfare of the State, and to that end it is hereby provided:

(1) That the keeping open of bars, saloons, race-courses, and coursing-grounds on the first day of the week is prohibited; and the Legislature shall provide penalties for the violation of this provision, and for the proper enforcement of the same.

The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient the board of city trustees shall order, and fix a date for holding, the said election, not less than thirty days nor more than forty days from the date of the clerk's certificate to the board of city trustees that a sufficient petition is filed.

The board of city trustees shall make or cause to be made publication of notice, and all arrangements for holding of such election and the same shall be conducted, returned and the result thereof declared, in all respects, as are other city elections. The successor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself, and, unless he requests otherwise, in writing, the clerk shall place his name upon the official ballot without nomination. In any such removal election, the candidate receiving the highest number of votes shall be declared elected. At such election if some other person than the incumbent receive the highest number of votes the incumbent shall thereupon be deemed removed from the office upon qualification of his successor. In case the party who receives the highest number of votes should fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant. If the incumbent receives the highest number of votes he shall continue in office.

AMENDMENT No. 21.

That said charter of said City of Vallejo be amended by adding a new article thereto to be known as Article No. XXII, to read as follows:

Section 220—All streets, lanes, alleys, places or courts, in the city, now open or dedicated or which may hereafter be opened or dedicated to public use, shall be deemed and held to be open public streets, lanes, alleys, places or courts for the purposes of this article; and the trustees are hereby empowered to fix the width and grade thereof, and to order to be done therein and thereon any and all street work and street improvement under the proceedings hereinafter described.

Section 221.—Application for the doing of any such work or improvement must in the first instance, except where otherwise provided in this article, be made in writing to the board of public works; and if the expense thereof is to be assessed upon private property, the board shall investigate the same, and if it determine that such improvement is expedient, it shall so report to the trustees; and the trustees shall not order any such improvement until the same has been recommended by said board. When the construction of any sewer or drain shall involve a cost of more than five dollars per lineal foot for any block, it shall not be authorized except by an ordinance passed by the affirmative vote of not less than four-fifths of the members of the board of trustees. If an application is made for any work or improvement of which the expense is to be paid by the city, and the board of public works shall not approve of such application, it shall report to the trustees its reasons for such disapproval, and the trustees may then, after having obtained from the board of public works an estimate of the expense of said work or improvement, by ordinance passed by the affirmative vote of not less than four-fifths of the members of the board of trustees, order the doing of said work, or the making of said improvement.

The board of public works may also, except as herein prohibited, recommend any improvement, the expense of which is to be paid by the city, though no application may have been made therefor, and must make, with said recommendation to the trustees, an estimate of the expense, and in such case the trustees may order the same done.

No street work or street improvements of any kind shall be ordered to be done by the trustees unless a written recommendation to do the same has been made to them by the board of public works, and all such recommendations shall be made matters of record in the office of said board.

When the board shall recommend any work to be done on a street intersection or crossing, where the streets do not intersect each other at right angles, it shall in each such case determine what lots in the blocks adjacent to such intersection or crossing will be benefited by said work, and shall cause a map to be made on which shall be delineated the lots so to be benefited. Such map shall be transmitted to the trustees with said recommendation.

Section 222.—Before recommending to the trustees the ordering of any work or improvement, the expense of which, or any part thereof, is to be assessed upon private property, the board of public works shall pass a resolution of its intention to recommend the same, specifying the work to be recommended, and shall fix a day when it shall take final action upon said resolution.

Upon the passage thereof the secretary of the board shall forthwith, without any further authority, cause a copy of said resolution to be posted conspicuously for five days in the office of said secretary, and to be published for a period of ten days (legal holidays excepted) and cause a copy to be deposited in the postoffice at the city, with postage prepaid, addressed to each person represented on the assessment book of the city for the next preceding fiscal year as being owner of land liable to be assessed for said improvement, but if said lot stand on said book in the name of unknown owners, such notice need not be sent.

The board shall also cause to be conspicuously posted along the line of said contemplated improvement, at points not more than one hundred feet in distance apart, notices not less than three in all, of the passage of said resolution. Each of said notices shall be headed "Notice of Street Work," in letters of not less than two inches in length, and shall in legible characters state the fact of the passage of said resolution, its date, and, briefly, the work or improvement proposed, and refer to the resolution of intention for further particulars.

Section 223.—The owners of a majority of the frontage of the property fronting on said proposed work or improvement, and in the case of a district, those owning more than one-half of the superficial area of the district, may make written objections to the same within ten days after the expiration of the time of the publication of said resolution of intention, which objections shall be delivered to the secretary of the board of public works, who shall endorse thereon the date of its reception by him. Such objections shall be a bar for six months to any further proceedings in relation to the doing of said work or making said improvement, unless the owners or the one-half or more of the frontage or of the district, as aforesaid, shall meanwhile petition for the same to be done, and the same shall, after the expiration of said six months, be continued under the resolution of intention first passed, if said board shall deem proper.

If however, the owners of at least two-thirds of the property fronting on said proposed work or improvement, and, in the case of a district, those owning at least

two-thirds of the superficial area of the district, shall make written objections to the same within said six months, no further proceedings shall be taken under the aforesaid resolution of intention.

When the work or improvement proposed to be done is the construction of sewers, manholes, culverts or cesspools, and the objections thereto are signed by the owners of a majority of the frontage or of the district as aforesaid, the board shall at its next meeting, fix a time for hearing said objections, not less than one week thereafter. The secretary shall thereupon notify the persons making such objections, by depositing a notice thereof in the post office at the city, postage prepaid, and addressed to each objector or his agent when he appears for such objector. At the time specified the board shall hear the objections urged, and pass upon the same, and its decision shall be final and conclusive; and if said objections are overruled the proceedings shall be continued as though no objections had been made.

At any time before the making of the assessment as hereinafter provided, all owners of lots of land liable to assessment therein, who, after the first publication of the aforesaid resolution of intention, may feel aggrieved, or who may have objections to any proceedings in relation to the performance of the work described in said resolution, may file with the secretary a petition of remonstrance, wherein they shall state in what respect they feel aggrieved or the proceedings to which they object. Such petition or remonstrance shall be passed upon by the board, and its decision thereon shall be final and conclusive.

Section 224.—When the contemplated work or improvement in the opinion of the board of public works is of more than local or ordinary public benefit, it may recommend to the trustees that the expense of such work or improvement be made chargeable upon a district, and said board shall in its resolution of intention set out the district benefited by said work or improvement and to be assessed to pay the expense thereof. Objections to the extent and boundaries of the district of lands to be benefited by said work or improvement may be made by any interested party, in writing, within ten days after the expiration of the time of publication of the resolution of intention.

The secretary of the board shall lay said objections before it, and the board shall, at its next meeting, fix a time for hearing said objections not less than one week thereafter. The secretary shall thereupon notify the persons making such objections by depositing a notice thereof in the post office at the city, postage prepaid, addressed to each objector. At the time specified the board shall hear the objections urged and pass upon the same, and if said objections are overruled, its decision shall be final and conclusive as to the extent and boundaries of the district.

If the objections are sustained, the board shall proceed to set out another district to the extent and boundaries of which objections may be made and a hearing had thereon as above provided; and so on in like manner until a district has been set out to the extent and boundaries of which all objections shall be overruled by the board—its decision in that behalf to be final and conclusive; and thereupon the proceedings shall continue the same as if no objections had been made. In its report to the trustees the board shall accompany its report with a diagram on which shall be delineated each separate lot, piece or parcel of land, the area in square feet of each of such lots, pieces or parcels of land, and the relative location of the same to the work or improvement proposed to be done within the limits of the district. Such diagram shall be certified to be correct by the secretary of the board.

Section 225.—When the work under any contract shall have been completed, the contractor shall make and file in the office of the board of public works an affidavit to the effect that he has not entered into any private agreement, verbal or written, with any person liable to be assessed for said work, or with anyone on his behalf, to accept a price from him less than the price named in said contract, or to make any rebate or deduction to him from such price. Any such agreement shall be deemed a fraud upon all persons liable to be assessed for such work other than the property owners who were parties to the agreement, and shall make void, as to such persons so defrauded, any assessment made for the work done under such contract; and where there is more than one contractor each contractor shall make such affidavit.

Section 226.—When any work in or upon any public street shall have been completed according to contract, and the affidavit mentioned in the next preceding section shall have been made, the board shall make an assessment to cover the sum due for the work performed and specified in said contract (including all incidental expenses), in conformity with the provisions of this article, according to the nature and character of the work. The assessment shall briefly refer to the contract, the work contracted for and performed, and shall show the amount to be paid therefor, together with any incidental expenses, the rate per front foot assessed, the amount of each assessment, the name of the owner of each lot (if known to the board, and if not known, the word "unknown" shall be written opposite the number of the lot and the amount assessed thereon), the number of each lot assessed, and shall have attached thereto a diagram exhibiting the street or street crossing on which the work has been done, and showing the relative location of each distinct lot to the work done, numbered to correspond with the numbers in the assessment, and showing the number of front feet assessed for said work. A mistake in the name of the owner shall not invalidate any assessment.

When the expense for such work falls in part upon any person, company or corporation having railroad tracks upon the street where such work has been done, said assessment shall include an assessment against said person, company or corporation, for its legal proportion of said expense, and the same shall constitute a lien upon the road-bed, rolling-stock, franchises and other property of such person, company or corporation, for a period of two years from the date of recording the warrant, assessment and diagram hereinafter provided for.

Section 227.—The expense of all work or improvement done upon any part of said streets, lanes, alleys, places or courts under the order of the trustees, shall be borne and paid for as follows:

First—The city shall pay out of the general fund the expense: (a) Of all work done on streets, crossings and intersections of streets that have been or may be accepted by the city, after the acceptance of the same, and all repairs and improvements deemed of urgent necessity that may be made upon the public streets and highways. (b) Of all work done in front of, or that may be assessed to property owned by the city, or by any department thereof. (c) Of all work done in front of, or that may be assessed to property owned by the United States.

Second—The expense of all sewers, cesspools, manholes, culverts and drains, and of all grading, planing, macadamizing, paving, piling and capping any street, or portion thereof and of all curbs thereon, and of all work done on sidewalks, shall be assessed upon the lands within the block or blocks adjacent thereto as herein provided, except where by an assessment district it may be provided otherwise.

Third—The expense of all work on such portion of any street required by law to be kept in order by any person, company or corporation, having railroad tracks thereon, shall be borne and paid for by such person, company or corporation, and shall be included in the assessment hereinbefore provided for.

No assessment shall be levied upon any property, which, together with all assessments for street improvements that may have been levied upon the same property during the year next preceding, will amount to a sum greater than fifty per centum of the value at which said property was assessed upon the last preceding assessment book of the city.

Section 228. Subdivision One—Except where the expense incurred for the street work and improvement authorized herein is to be assessed upon a district as herein-after provided, such expense, other than that to be paid by a person, company or corporation having tracks on the street where such work and improvement has been done, shall be assessed upon the lots and lands fronting thereon, except as herein-after specifically provided: each lot or portion of a lot being separately assessed in proportion to the frontage at a rate per front foot sufficient to cover the total expense of the work.

Subdivision Two—The expense of all improvement except such as is done by contractors under the provisions of section sixteen of this article, until the streets, avenues, street crossings, lanes, alleys, places or courts are finally accepted, as provided in section twenty-three of this article, shall be assessed upon the lots and lands as provided in this section according to the nature and character of the work.

Subdivision Three—The expense of the work done on main street crossings shall be assessed at a uniform rate per front foot on the quarter blocks and irregular blocks adjoining and cornering upon the crossings, and separately upon the whole of each lot or portion of a lot having any frontage in the said blocks fronting on said main streets, half way to the next main street crossing, and all the way on said blocks to a boundary line of the city where no such crossing intervenes, but only according to its frontage in said quarter blocks and irregular blocks.

Subdivision Four—Where a main street terminates in another main street, the expense of the work done on one-half of the width of the street, opposite the termination shall be assessed upon the lots in each of the two quarter blocks adjoining and cornering on the same, according to the frontage of such lots on said main street, and the expense of the other half of the width of said street upon the lot or lots fronting on the latter half of the street at such termination.

Subdivision Five—Where any alley or subdivision street crosses a main street, the expense of all work done on said crossing shall be assessed on all lots or portions of lots half way on said alley or subdivision street to the next crossing or intersection, or to the end of such alley or subdivision street if it does not meet another.

Subdivision Six—The expense of work done on alley or subdivision street crossings shall be assessed upon the lots fronting upon such alley or subdivision streets on each side thereof, in all directions, half way to the next street, place, or court, on either side respectively, or to the end of such alley or subdivision street, if it does not meet another.

Subdivision Seven—Where a subdivision street, avenue, lane, alley, place, or court, terminates in another street, avenue, lane, alley, place or court, the expense of the work done on one half the width of the subdivision street, avenue, alley, place, or court opposite the termination shall be assessed upon the lot or lots fronting on such subdivision street or avenue, lane, alley, place or court so terminating, according to its frontage thereon, half way on each side, respectively, to the next street, avenue, lane, alley court or place, or the end of such street, avenue, lane, alley, place or court, if it does not meet another, and the other one half of the width upon the lots fronting such termination.

Subdivision Eight—Where any work mentioned in this article, manholes, cess-pools, culverts, crosswalks, piling, and capping excepted, is done on either or both sides of the center line of any street for one block or less, and further work opposite to the work of the same class already done is ordered to be done to complete the unimproved portion of said street the assessment to cover the total expense of said work so ordered shall be made upon the lots or portions of the lots only fronting the portions of the work so ordered. When sewerage or re-sewering is ordered to be done under this sidewalk or only on one side of a street for any length thereof, the assessment for its expense shall be made only upon the lots and lands fronting nearest upon that side, and for intervening intersections only upon the two quarter-blocks adjoining and cornering upon that side.

Subdivision Nine—Any owner or owners of lots or lands fronting upon any street, the width and grade of which have been established by the trustees, may perform at his or their own expense (after obtaining permission from the board of public works so to do, but before said board has passed its resolution of intention to recommend grading inclusive of this) any grading upon said street, to its full width, or to the center line thereof, and to its grade as then established, and thereupon may procure at his or their own expense, a certificate from the city engineer setting forth the number of cubic yards of cutting and filling made by him or them in said grading, and the proportions performed by each owner, and that the same is done to the established width and grade of said street, or to the center line thereof, and thereafter may file said certificate in the office of the board. Said certificate shall be recorded in a properly indexed book kept for that purpose in the office of the board. Whenever thereafter the trustees order the grading of said street, or any portion thereof, on which any grading certified as aforesaid has been done, the bids and contract must express the price of the cubic yard for cutting and filling in grading, and such owner or owners, and his or their successors in interest, shall be entitled to credit on the assessment upon his or their lots and lands fronting on said street for grading thereof, to the amount of the cubic yards of cutting and filling set forth in his or their said certificate, at the prices named in the contract for said cutting and filling; or, if the grade meanwhile has been legally changed, only for so much of said certified work as would be required for grading to the grade as changed. Such owner or owners shall not be entitled to any credit that may be in excess of the assessment for grading upon the lots and land owned by him or them, and proportionately assessed for the whole of said grading. The board shall include in the assessment for the whole of said grading upon the same grade the number of cubic yards of cutting and filling set forth in any and all certificates so recorded in his office, or for the whole of said grading to the changed grade so much of said certified work as would be required for grading thereto, and shall enter corresponding credits, deducting the same as payments upon the amounts assessed against the lots and lands owned respectively by said certified owners and their successors in interest; but he shall not include any grading quantities or credit any sums in excess of the proportionate assessments for the whole of the grading which are made upon any lots and lands fronting upon said street and belonging to any such certified owners, or their successors in interest. When any owner or owners of any lots and lands fronting on any street shall have heretofore done, or shall hereafter do any work, except grading, on such street, in front of any block, at his or their own expense, and the trustees shall subsequently order any work to be done of the same class in front of the same block, the work so done at the expense of such owner or owners shall be excepted from the order ordering work to be done, as provided in subdivision ten of this section; but the work so done at the expense of such owner or owners shall be upon the official grade, and in condition satisfactory to the board of public works at the time said order is passed.

Subdivision Ten—The board of public works may include in the resolution of intention any of the different kinds of work mentioned in this article, and it may except therefrom any of said work already done upon the street to the official grade. The lots and portions of lots fronting upon said accepted work already done shall not be included in the frontage assessment for the class of work from which the exception is made, but this shall not be construed so as to affect the special provisions as to grading contained in subdivision nine of this section.

Subdivision Eleven—When the resolution of intention declares that the expense of the work and improvement is to be assessed upon a district, immediately after the contractor has fulfilled his contract to the satisfaction of the board of public works or to the satisfaction of the trustees on appeal, the board of public works shall proceed to estimate upon the lands, lots, or portions of lots within said assessment district, as shown by the diagram provided for in section five of this article, the benefits arising from such work, and to be received by each such lot, portion of such lot, piece or subdivision of land, and shall thereupon assess upon and against said lands in said assessment district the total amount of the expense of such proposed work, and in so doing shall assess said total sum upon the several pieces, parcels, lots or portions of lots, and subdivisions of land in said district benefited thereby, to wit: Upon each respectively in proportion to the estimated benefits to be received by each of said several lots, portions of lots, or subdivisions of land. In other respects the assessment shall be as provided in this article.

Section 229—If at any time there shall be any street work or improvement done, and none of the methods hereinbefore provided are legally sufficient to authorize the

board of public works to make an assessment to pay for the expense thereof then said board shall, before it passes a resolution of its intention to recommend the ordering of said work or improvement, establish by resolution a method by means of which such assessment shall be made; and on the completion of the work or improvement to the satisfaction of said board, or to the satisfaction of the trustees on appeal, said board shall make an assessment to pay the expense thereof according to the method established by said resolution.

Section 230.—In making all assessments the board of public works shall act as a board, and the assessment shall be authenticated by the signatures of all the members thereof.

Section 231.—To said assessment shall be attached a warrant which shall be signed by the president of the board of public works and countersigned by the secretary thereof. Said warrant shall be substantially in the following form:

By virtue hereof the board of public works of the City of Vallejo, by the authority vested in it, does authorize and empower (name of contractor) his (or their) agents, or assigns, to demand and receive the several assessments upon the assessment and diagram hereto attached, and this shall be his (or their) warrant for the same.

(Date) _____ (Name of President of Board of Public Works)
Countersigned by _____ (Name of Secretary of Board of Public Works).

Said warrant, assessment and diagram, shall be recorded in the office of the board. When so recorded the several amounts assessed shall be a lien upon the lands, lots or portions of lots assessed, respectively for the period of two years from the date of said recording, unless sooner discharged, and from and after the date of said recording of any warrant, assessment and diagram, all persons interested in said assessment shall be deemed to have notice of the contents of the record hereof.

After said warrant, assessment and diagram are recorded, the same shall be delivered to the contractor, or his agent or assigns, on demand, but not until after the payment to the board of the incidental expenses not previously paid by the contractor or his assigns. By virtue of said warrant said contractor, or his agents or assigns, shall be authorized to demand and receive the amount of the several assessments made to cover the sum due for the work specified in such contracts and assessments.

When it shall appear by the final judgment of any court in this state having jurisdiction to render such judgment, that any suit brought to foreclose the lien of any assessment for street work made under this article, or in the recording thereof, has been defeated by reason of any defect, error, informality, omission, irregularity, or illegality, thereof or therein, or in the return on the warrant issued pursuant to any such assessment, or in the recording of any such warrant any person interested therein may, at any time within seven months after the entry of said final judgment, apply to the board for another assessment to be issued in conformity to law; and the board shall, within sixty days after the time of said application, make and deliver to said applicant a new assessment, diagram and warrant in accordance with law, and sign, record and authenticate the same as above provided. Such assessment shall be a lien upon the lots of land set out herein for the period of two years from the date of its recording, and suit may be brought to enforce said lien as provided in this article. Should such final judgment be that of the Superior Court of the County of Solano and an appeal therefrom to the Supreme Court of the State has been taken, no such other assessment shall be made until said appeal has been determined.

Section 232.—The contractor, or his assigns, or some person on his or their behalf, shall call upon the person assessed, or their agents, if they can conveniently be found, and demand payment of the amount assessed to each. If any payment be made, the contractor, his assigns, or some person on his or their behalf, shall receipt the same upon the assessment in the presence of the person making such payment, and shall also give a receipt if demanded. When the person so assessed, or their agents, can not conveniently be found, or when the owner of the lot is stated as "unknown" upon the assessment, then said contractor or his assigns, or some person on his or their behalf, shall publicly demand payment on the premises assessed.

The warrant shall be returned to the board of public works within thirty days after its date with a return indorsed thereon, signed by the contractor or his assigns, or some person on his or their behalf, verified upon oath, stating the nature and character of the demand, and whether any of the assessments remain unpaid in whole or in part, and the amount thereof. Thereupon the secretary of the board shall record the return so made in the margin of the record of the warrant and assessment.

The board can at any time receive the amount due upon any assessment and warrant issued by it and give a good and sufficient discharge therefor; but no such payment so made after suit has been commenced shall operate, without the consent of the plaintiff in the action, as a complete discharge of the lien until the costs in the action shall be refunded to the plaintiff.

The board may release any assessment upon the books of its office on the payment to it of the amount of the assessment with interest, against any lot or on the production to it of the receipt of the party or his assigns to whom the assessment and warrant were issued. If any contractor shall fail to return his warrant within the time and in the form provided in this section he shall thenceforth have no lien upon

the property assessed; but if any warrant is lost, upon proof of such loss, a duplicate may be issued, upon which a return may be made with the same effect as if the original had been so returned. After the return of the assessment and warrant as aforesaid, all amounts remaining due thereon shall draw interest at the rate of seven per centum per annum until paid.

Section 233—The owners, whether named in the assessment or not, the contractor or his assigns, and all other persons directly interested in any work provided for in this article, or in the assessment, feeling aggrieved by any act or determination of the board of public works in relation thereto, or who claim that the work has not been performed, according to the contract, in a good and substantial manner, or having or making any objection to the correctness or legality of the assessment or other act, determination, or proceedings of the board, shall, within thirty days after the date of the warrant appeal to the trustees, by briefly stating their objections in writing, and filing the same with the clerk of the trustees. Notice of the time and place of hearing, briefly referring to the work contracted to be done, or other subject of appeal, and to the acts, determinations or proceedings objected to or complained of, shall be published for five days. Upon such appeal the trustees may remedy and correct any error or informality in the proceedings, and revise and correct any of the acts or determinations of the board relative to said work, may confirm, amend, set aside, alter, modify, or correct the assessment in such manner as to them shall seem just, and require the work to be completed according to the directions of the trustees, and may at their option direct the board of public works to correct the warrant, assessment or diagram, in any particular or to make and issue a new warrant, assessment and diagram to conform to the decisions of the trustees in relation thereto.

All the decisions and determinations of the trustees upon notice and hearing as aforesaid, shall be final and conclusive upon all persons entitled to appeal under the provisions of this section, as to all errors, informalities and irregularities, which the trustees might have remedied and avoided; and no assessment shall be held invalid, except upon appeal to the trustees, as provided in this section, for any error, informality or other defect in the proceedings prior to the assessment, or in the assessment itself, where the board of public works has acquired jurisdiction to make the same.

Section 234—At any time after the period of thirty-five days from the day of the date of the warrant, or if an appeal has been taken to the trustees, then, at any time after five days from the decision of the trustees on such appeal, or after the return on the warrant, after the same may have been corrected, altered, or modified, as herein provided, but not less than within thirty-five days from the date of the warrant, the contractor or his assignee may sue in his own name the owner or the mortgagee of the land, lots, or portions of lots assessed on the day of the date of the recording of the warrant, assessment and diagram, or any day thereafter during the continuance of the lien of said assessment, and recover the amount of any assessment remaining unpaid, with interest thereon at the rate of seven per centum per annum until paid.

In all cases of recovery under the provisions of this article the plaintiff shall recover the sum of fifteen dollars in addition to the taxable costs, as attorney's fees, but not any percentage upon said recovery. When suit has been brought, after a personal demand has been made and a refusal to pay such assessment so demanded, the plaintiff shall also be entitled to have and recover said sum of fifteen dollars as attorney's fees in addition to all taxable costs, notwithstanding that the suit may be settled or a tender be made before a recovery in said action, and he may have judgment therefor.

Said warrant, assessment and diagram, with the affidavit of demand and non-payment, shall be held prima facie evidence of the regularity and correctness of the assessment and of the prior proceedings and acts of the board of public works and of the trustees upon which said warrant, assessment and diagram are based, and like evidence of the right of the plaintiff to recover in the action. The court in which said suit shall be commenced shall have power to adjudge and decree a lien against the lots of land assessed, and to order such premises to be sold on execution as is in other case of the sale of real estate by the process of said courts. In all actions brought to enforce the lien of assessments made pursuant to the provisions of this article the proceedings therein shall be governed and regulated by the provisions of this article, and, when not in conflict herewith, by the codes of this state.

Section 235—When any portion of the roadway of any street, avenue, lane, alley, court, or place, or any portion of any sidewalk in the city, none of which has been accepted by the trustees as in this article provided, shall be so out of repair as to endanger persons or property passing thereon, or so as to interfere with the public convenience in the use thereof, the board of public works shall require the owners or occupants of lots or portions of lots fronting on said portion of said street, avenue, alley, lane, court, or place, by a notice in writing, to be delivered to them or their agents personally, to repair forthwith said portion of said street, avenue, lane, alley, court or place, to the center line thereof, in front of the property of which he is the owner or tenant, or occupant. The board shall particularly specify in said notice what work is required to be done and what material shall be used in said repairs. If said repairs be not begun within five days after notice given as aforesaid and diligently and without interruption prosecuted to completion, the board may make such repairs, or enter into contract with any suitable person, at the expense

of the owner, tenant, or occupant, after the specifications for the doing of said work shall have been conspicuously posted by it in its office for three days, inviting bids for the doing of said work. Said bids shall be delivered to it at its office on or before the second day after the completion of said posting, and opened by it on the next day following, whereupon the contract shall be awarded to the lowest responsible bidder.

All of said bids shall be preserved in the office of the board, and shall be open at all times after the letting of the contract, to the inspection of all persons; and such owner, tenant, or occupant, shall be liable to pay said contract price. Such work shall be commenced within twenty-four hours after the contract shall have been signed, and completed without delay to the satisfaction of the board. Upon the completion of such repairs by the contractor as aforesaid to the satisfaction of the board, it shall make and deliver to the contractor a certificate to the effect that such repairs have been properly made by said contractor to the grade, and that the charges for the same are reasonable and just, and that the board of public works has accepted the same.

Section 236.—If the expense of the work and material for the repairs provided for in the last preceding section be not paid on demand to the contractor so employed, or his agent or assignee, said contractor, or his assignee, shall have the right to sue such owner, tenant or occupant for the amount contracted to be paid; and the certificate provided for in said section shall be prima facie evidence of the amount claimed for said work and materials, and of the right of the contractor to recover for the same in such action. Said certificate shall be recorded by the board of public works in a book kept by it in the office for that purpose, properly indexed, and the sum contracted to be paid shall be a lien as in case of other assessments provided for in this article.

Section 237.—In addition to the remedies above given the trustees may prescribe the penalties that shall be incurred by any owner or person neglecting or refusing to make repairs when required, as heretofore provided. Such penalties shall be enforced for the use of the city by prosecution in the name of the people of the State of California in the court having jurisdiction thereof and may be applied in the case of fines, to the payment of expense of any such repairs not otherwise provided for.

Section 238.—The person owning the fee, or the mortgage of such fee, or the person who, on the day the action is commenced, appears by deed duly recorded in the county recorder's office of the County of Solano, to have the legal title to the land, or the person in possession of lands, lots, portions of lots or buildings under claim, or exercising acts of ownership over the same for himself, or as executor, administrator or guardian of the owner, shall be regarded, treated, and deemed to be the "owner" for all the purposes of this article. And in case of property leased, the possession of the tenant or lessee holding and occupying under such person shall be deemed to be the possession of such owner.

Section 239.—Any tenant or lessee of any lot of land on which has been imposed an assessment under the provisions of this article may pay said assessment, or he may discharge any liability imposed thereon by virtue of the provisions of this article, or he may redeem the property within the time prescribed by law, if legally sold on execution, and may deduct the amount so paid from the rents due and to become due from him, and he shall have a lien upon, and may retain possession of, said lots until the amount so paid and advanced with legal interest thereon, be satisfied from accruing rents or by payment by the owner.

Section 240.—The records kept by the board of public works shall have the same force and effect as other public records, and duly certified copies therefrom may be used in evidence with the same effect as the originals. Said records shall, during all office hours, be open, free of charge, to the inspection of any citizen wishing to examine them.

Section 241.—Notices in writing required to be given by the board may be served by any person over the age of twenty-one years, and the fact of such service may be verified by the oath of the person making it. Such oath may be taken before the secretary of said board or before any member thereof.

Section 242.—When any street or portion of a street has been or shall hereafter be fully constructed to the satisfaction of the board of public works and of the trustees, and is in good condition throughout and a sewer, gas pipes, and water pipes are properly laid therein the same shall be accepted by the trustees by ordinance; and thereafter such street or portion of a street shall be kept in repair and improved by the city. The trustees shall not accept any portion of a street less than the entire width of the roadway, including the curbing, and one block in length, or one entire crossing, but they may partly or conditionally accept any street, without sewer, or gas pipes, or water pipes therein, if the ordinance of acceptance expressly states that they deem such sewer, or gas pipes, or water pipes to be then unnecessary. In such case the lots of land previously or at any time assessable for the cost of constructing a sewer shall remain and be assessable for such cost and for the cost of repairs and restoration of the street damaged in said construction, whenever the trustees shall deem a sewer to be necessary and shall order it to be constructed. The board of public works shall keep in its office a register of all streets accepted by the trustees under this section, which register shall be indexed for easy reference thereto.

Section 243.—The board of public works may at any time, without any application therefor, recommend to the trustees to order the paving or macadamizing of the portion of any street required by law to be paved or macadamized by the person, company or corporation having railroad tracks thereon. Upon such recommendation the trustees shall by ordinance order said work to be done and direct said board to notify said person, company, or corporation of the fact of the passage of such ordinance.

The secretary of said board shall thereupon forthwith in writing notify said parties of the passage of said ordinance; and if said person, company or corporation shall not within ten days after receiving said notice commence in good faith to do said work and prosecute the same diligently to completion, the board shall invite sealed proposals for doing said work in the manner provided in this article, and all the provisions of this article in regard to such proposals, to the awarding of contracts, to the execution of contracts, and to the doing of public work, shall apply to all similar proceedings taken under this section. On the completion of the work to the satisfaction of the board the contractor shall be entitled to recover from such person, company or corporation, the contract price for the expense of said work, together with incidental expenses, in an action instituted in a court of competent jurisdiction. On the trial of such action, the certificate of the board on completion of said work to its satisfaction shall be prima facie evidence of the regularity of all the proceedings prior thereto and of plaintiff's right to recover in said action.

Section 244.—Except as otherwise in this article specifically provided, no ordinance for the improvement of any street other than for sewers, sidewalks or curbs, except for the improvement of the streets constituting or lying along the water front of the city, and except for such work as is provided for in the next preceding section shall be passed by the trustees without extending said improvement throughout the whole width of such street.

Section 245.—Wherever in this article the word "street" occurs, it shall be held to include all streets, lanes, alleys, places and courts which have been, or may be hereafter, dedicated and open to public use, and whose grade and width have been legally established; and the grade of all intermediate or intersecting streets in any one block shall be deemed to conform to the grades as established at the crossings of the main streets.

The word "improvement" shall be held to include grading, paving, planking, macadamizing, piling, and capping, and the construction and repairs of sewers, cess-pools, manholes, culverts, drains, sidewalks, and curbs.

The term "main street" shall mean such street or streets as bound a block, and the term "street" shall include crossing.

The word "block" shall mean the blocks known or designated as such upon the maps and books of the Assessor.

The term "quarter block" as used in this article as to irregular blocks, shall be deemed to include all lots or portions of lots, having any frontage on either intersecting street half way from such intersection to the next main street, or, when no main street intervenes, all the way to a boundary line of the city.

The word "paved" shall include any pavement of stone, iron, wood, or other material which the trustees may by ordinance order to be used, but no patented pavement shall be ordered during the existence of the patent therefor, until the owner of such patent shall have transferred to the city all right to the use of the same therein, with the privilege to any person to manufacture and lay the same upon its streets under any contract that may be awarded to him, or entered into by him with the city.

The term "expense" shall include the price at which the contract was awarded, and the term "incidental expenses" shall include all expenses incurred in printing and advertising the work contracted for, and all expenses for surveying, measuring and inspecting the work.

All notices and resolutions required in this article to be published shall be published daily, legal holidays excepted, in a newspaper published in said city.

All notices herein required to be served, whether by delivery, mailing or posting, may be so served by any male citizen of the age of twenty-one years, and his affidavit thereof shall be prima facie evidence of such service. The affidavit by the publisher of the newspaper, or his clerk, of the publication of any notice required in this article to be published, shall be prima facie evidence of such publication.

Section 246.—When the owners of all the lands fronting upon any street which is less than sixty feet in width, for the entire distance of said street, or for the distance of one or more entire blocks, shall petition the board of public works that the said street or that portion thereof upon which said lands front, be closed, the board may pass a resolution recommending that the same be closed. Before passing such resolution the board shall cause a notice of the application to be published in a newspaper, in said city, and shall fix a time and place at which it will consider the same and hear objections thereto. Upon such hearing it shall determine whether it will recommend that the street be closed, and if it shall so determine, it shall transmit such recommendation to the trustees. Thereupon the trustees may pass an ordinance that the street be closed, and the same shall not thereafter be, or be deemed to be, a public street, or subject to any public expense or improvement; and the land theretofore included within the roadway and sidewalks of said street shall thereafter be the property of the city. No such ordinance shall be passed until the petitioners shall have paid all the expenses of said proceedings.

Section 247.—The board shall annually invite proposals for cleaning and sprinkling such of the streets of the city as the board shall determine should be cleaned and sprinkled at the public expense. Before causing notice for such proposals to be published, the board shall divide the city into such number of districts as in its judgment will best induce competition for bids, and secure the cleaning and sprinkling of the streets at the lowest cost. The secretary of the board shall, under its direction, on the first Monday in May of each year, cause to be published for a period of ten days a notice inviting proposals for cleaning and sprinkling each of said districts specifying in said notice the streets of each district which are to be cleaned and sprinkled, the number of times a week that they are to be cleaned and sprinkled, and the amount of security to be given with each contract. Bids shall be made for each district separately. All the provisions of this charter, in relation to the making and opening of bids, awarding of contracts, and entering into and performance of contracts, shall be applicable to said contracts.

The board may, at the time it invites proposals for said cleaning and for said sprinkling, also invite proposals for said cleaning separately and for said sprinkling separately, and may award such contracts accordingly as may be for the best interest of the city.

The board may also, with the consent of the trustees expressed by ordinance, purchase one or more machines for sweeping the streets and may enter into contracts for sweeping the streets with said machines, but the board must give the preference to hand-sweeping so far as it can do so with reference to the proper sweeping of the streets and to the funds at its disposal.
